Actual results could differ from those estimates.

MORGAN WILSHIRE SECURITIES, INC.  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2006

NOTE 3 COMMITMENT AND RELATED PARTY TRANSACTIONS

The Company is obligated under an administrative services agreement with Equity Management Systems, Inc. (EMSI), a New York Corporation owned by the Company's officers. The agreement expires in 2008 and calls for EMSI to provide administrative services to the Company for a fee equal to EMSI's actual costs plus 10%, not to exceed 20% of the expenses of the Company. Administrative fees were approximately \$226,946 for 2006 and the accounts payable and accrued expenses were approximately \$92,142 at December 31, 2006.

NOTE 4 NET CAPITAL REQUIREMENTS

The Company, as a member of the NASD, is subject to the SEC Uniform Net Capital Rule 15c3-1 ("Rule"). This Rule requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1, and that equity capital may not be withdrawn, or cash dividends paid, if the resulting net capital ratio would exceed 10 to 1. At December 31, 2006, the Company's net capital was approximately \$851,709, which was approximately \$751,709 in excess of its minimum required net capital of \$100,000.

NOTE 5 EXEMPTION FROM RULE 15c3-3

NOTE 6 OFF-BALANCE-SHEET RISK AND CONCENTRATION OF CREDIT RISK

Pursuant to a clearance agreement, the Company introduces all of its securities transactions to its sole clearing broker on a fully-disclosed basis. All of the customers' money balances and long and short security positions are carried on the books of the clearing broker. In accordance with the clearance agreement, the Company has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying securities transactions introduced by the Company. In accordance with industry practice and regulatory requirements, the Company and the clearing broker monitor collateral on the customers' accounts.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2006**

**NOTE 6            OFF-BALANCE-SHEET RISK AND CONCENTRATION OF  
CREDIT RISK - Continued**

In addition, all of the Company's securities transactions and the receivable from the clearing broker at December 31, 2006 are pursuant to this clearance agreement.

In the normal course of business, the Company's customers' activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Company to off-balance-sheet risk in the event the customer or broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

**NOTE 7            CONTINGENCIES**

The Company, in the ordinary course of business, has been named in various arbitrations before the NASD. The claimants are seeking compensatory damages based upon a variety of allegations. The company's management and legal counsel believe the Company has meritorious defenses against these claimants. The ultimate outcome of these matters cannot be predicted and an unfavorable outcome could have a material adverse effect on the Company's financial position, results of operations and cash flows.

Schedule II

The provision of Rule 15c3-3 are not applicable to the Company as of December 31, 2006 in accordance with Rule 15c3-3(k)(2)(ii).

*Board of Directors*  
*Morgan Wilshire Securities, Inc.*

In planning and performing our audit of the financial statements and supplemental schedules of Morgan Wilshire Securities Inc. (the "Company") as of and for the year ended December 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3:

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that the transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

*Thomas J. Mahoney, CPA*

*718-720-1133 voice and fax*  
*917-312-4746 cellular*  
Thortom@msn.com

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006 to meet the SEC's objectives.

This report recognizes that it is not practicable in an organization the size of Morgan Wilshire Securities, Inc. to achieve all the divisions of duties and cross-checks generally included in a system of internal control, and that, alternatively, greater reliance must be placed on surveillance by management.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
