To the Stockholder of  
CE Capital Advisors, Inc.  
313 Boston Post Road West, Suite 210  
Marlborough, MA 01752

I have audited the accompanying statement of financial condition of CE Capital Advisors, Inc. as of December 31, 2006 and the accompanying statements of operations, cash flows and stockholder's equity for the year then ended that you are filing pursuant to Rule 17a-5 of the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on the financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion the financial statements referred to above present fairly, in all material respects, the financial position, results of operations and cash flows of CE Capital Advisors, Inc. as of December 31, 2006 and for the year then ended in conformity with accounting principles generally accepted in the United States.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financials statements, and in my opinion, is fairly stated in all material respects in relation to the basic financial statement taken as a whole.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL  
REQUIRED BY RULE 17a-5**

To the Stockholder of  
CE Capital Advisors, Inc.  
313 Boston Post Road West, Suite 210  
Marlborough, MA 01752

In planning and performing my audit of the financial statements of CE Capital Advisors, Inc. for the year ended December 31, 2006 I considered its internal control structure, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practices and procedures (including test of compliance with such practices and procedures) followed by CE Capital Advisors, Inc. that I considered relevant to the objective stated in Rule 17a-5(g). I also made a study of the practices and procedures followed by the Company in making the periodic computations on aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedure for determining compliance with exemptive provisions of Rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company related to the following: (1) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (2) in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17(a)-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of the inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become

inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the internal control structure, which I consider to be material weaknesses as defined above.

These conditions were considered in determining the nature, timing and extent of procedures performed in my audit of the financial statements for the period ending December 31, 2006 and this report does not effect my report thereon dated February 22, 2007.

In addition, no facts came to my attention indicating that the exemptive provision of Rule 15c3-3 had not been complied with during the year.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2006 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the National Association of Security Dealers and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
