Report of Independent Auditors

To the Partners of Loomis Sayles Distributors, L.P. (a wholly-owned subsidiary of Loomis, Sayles & Company, L.P.)

In our opinion, the accompanying statement of financial condition and the related statements of operations, changes in partners' capital and cash flows present fairly, in all material respects, the financial position of Loomis Sayles Distributors, L.P. (the "Partnership") at December 31, 2006, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934 are the responsibility of the Partnership's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these financial statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the schedule on page 10 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The accompanying notes are an integral
part of these financial statements.

LOOMIS SAYLES DISTRIBUTORS, L.P.

(A wholly-owned subsidiary of
Loomis, Sayles & Company, L.P.)

Notes to the Financial Statements

1. Organization

Loomis Sayles Distributors, L.P. ("LSDLP" or the "Partnership") is the principal distributor for the Loomis Sayles Affiliated Mutual Funds and is registered as a broker-dealer with the United States Securities and Exchange Commission ("SEC"). LSDLP was organized as a Delaware limited partnership on July 23, 1996. Loomis Sayles Distributors, Inc. ("LSDInc"), a wholly-owned subsidiary of Loomis, Sayles & Company, L.P. ("LSCLP"), is the General Partner and has a 1% ownership interest in LSDLP. LSCLP is also the Limited Partner and has a 99% ownership interest in the Partnership.

2. Significant Accounting Policies

Revenue Recognition

Fee income for administrative and distribution services is earned exclusively on the J class of the Loomis Sayles Investment Grade Bond ("12b-1 revenue"). The revenue is based on a percentage of the funds' average daily net assets and is collected on a monthly basis. Fee income from the Loomis Sayles Investment Grade Bond Fund, J class ("load fees") is earned by LSDLP based on a percentage of the offering price of the fund's shares at the time of sale.

Accounts receivables are billed but uncollected revenues recorded at cost, which approximates fair value. There is no reserve recorded as amounts due are based on contractual terms in formal agreements and collection is reasonably assured.

Income Taxes

No provision for federal income taxes is necessary in the financial statements of LSDLP because, as a partnership, it is not subject to federal income tax and the tax effect of its activities accrues to the partners.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reporting amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash

Cash consists of bank depository accounts held at national banks, and is stated at cost plus accrued interest, which approximates fair value. Certain amounts held in bank depository accounts are held in excess of federally insured limits.

LOOMIS SAYLES DISTRIBUTORS, L.P.

(A wholly-owned subsidiary of
Loomis, Sayles & Company, L.P.)

Notes to the Financial Statements (continued)

Investments

Investments classified as available for sale are principally investments in LSCLP's sponsored mutual funds. These investments are stated at fair value with unrealized gains and losses reported in the statement of operations. Realized gains and losses on the sale of these investments are included in income currently and are determined using the specific-identification method.

3. Transactions with Related Parties

LSDLP and LSCLP have an expense sharing agreement whereby LSDLP is responsible for all its direct expenses incurred in pursuit of its business. LSCLP will pay specified LSDLP expenses such as salary and benefits, bonuses, occupancy and equipment, distribution costs, system and telecommunication, professional fees, and other operating expenses. LSDLP has no obligation to reimburse or otherwise compensate LSCLP for payment of these specified expenses, nor will any of these expenses be apportioned back to LSDLP. Due to related party transactions, the financial statements may not be indicative of the financial position that would have existed or the results of operations or cash flows that would have been attained if the Partnership operated as an unaffiliated entity.

4. Net Capital Requirement

LSDLP is subject to Rule 15c3-1 (Uniform Net Capital Rule) under the United States Securities and Exchange Act of 1934 whereby required net capital, as defined, shall not be less than the greater of 6 2/3% of aggregate indebtedness or the minimum standards as defined. At December 31, 2006, LSDLP's net capital, as defined, was \$1,525,208, \$1,497,586 in excess of its minimum required net capital of \$27,622. LSDLP's ratio of aggregate indebtedness to net capital was 0.27 to 1 at December 31, 2006. LSCLP has committed to fund operations in accordance with current funding needs of LSDLP.

LSDLP is exempt from Rule 15c3-3, under paragraph (k)(1). Because of this exemption, LSDLP has not included the schedules "Computation for Determination of Reserve Requirement Under Rule 15c3-3" or "Information for Possession or Control Requirements Under Rule 15c3-3."

LOOMIS SAYLES DISTRIBUTORS, L.P.

(A wholly-owned subsidiary of
Loomis, Sayles & Company, L.P.)

Notes to the Financial Statements (continued)

5. Investment in Loomis Sayles Affiliated Mutual Funds

The Company's investments in the Loomis Sayles affiliated mutual funds are recorded at market value, in accordance with the securities industry practice, and any changes in the market value of these investments are included in the statement of operations. At December 31, 2006, the market value and cost of these investments was \$1,243,420 and \$1,328,726, respectively.

6. Guarantees

In the normal course of business, the Partnership may enter into contracts and agreements that contain a number of representations and warranties, which provide indemnifications. The maximum exposure to the Partnership under these arrangements is unknown, as this would involve future claims that may be against the Partnership that have not yet occurred.

LOOMIS SAYLES DISTRIBUTORS, L.P.

SUPPLEMENTARY INFORMATION

Pursuant of Rule 17a-5 of the
Securities Exchange Act of 1934
as of December 31, 2006

The accompanying Schedule I is prepared in accordance with the requirements and general format of FOCUS Form X-17a-5.

LOOMIS SAYLES DISTRIBUTORS, L.P.

SCHEDULE I

Computation of Net Capital Under Rule 15c3-1
of the Securities and Exchange Commission
As of December 31, 2006

Net Capital

Total partners' capital		\$1,651,230
Deductions		
Nonallowable assets included in Statement of Financial Condition:		
Accounts receivable from affiliates	593	
Haircut on investment	<u>125,429</u>	
		<u>126,022</u>
Net capital		<u>\$1,525,208</u>
Aggregate Indebtedness		<u>\$ 414,328</u>

Computation of Basic Net Capital Requirement

Minimum net capital required (greater of 6 2/3% of aggregate indebtedness or \$25,000)		<u>\$ 27,622</u>
Net capital in excess of requirement		<u>\$1,497,586</u>
Excess net capital at 1,000%		<u>\$1,483,774</u>
Ratio: Aggregate indebtedness to net capital		<u>0.27 to 1</u>

Statement pursuant to paragraph (d)(4) of Rule 17a-5: There are no material differences between the computation (net capital less 10% of total aggregate indebtedness) of aggregate indebtedness on net capital and that which is included in LSDLP's unaudited, Part IIA, December 31, 2006 FOCUS report.

**Report of Independent Auditors on
Internal Control Required by SEC Rule 17a-5**

To the Partners of Loomis Sayles Distributors, L.P.:

In planning and performing our audit of the consolidated financial statements of Loomis Sayles Distributors, L.P. (the "Company") as of and for the year ended December 31, 2006, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures, that we considered relevant to the objectives stated in Rule 17a-5(g), in making the following:

1. The periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11); and
2. Determining compliance with the exemptive provisions of Rule 15c3-3.

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13; and
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's

authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first, second, and third paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006 to meet the SEC's objectives.

This report is intended solely for the information and use of the Partners, management, the SEC, NASD, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
