#### **INDEPENDENT AUDITORS' REPORT**

CP Cogent Securities, LP Dallas, Texas

We have audited the accompanying statement of financial condition of CP Cogent Securities, LP (the "Partnership"), as of December 31, 2006, and the related statements of income, partners' capital, and cash flows for the year then ended that the Partnership is filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CP Cogent Securities, LP as of December 31, 2006, and the results of its operations and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information included in the Computation of Net Capital Pursuant to Rule 15c3-1 of the Securities Exchange Act of 1934 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements
December 31, 2006

#### Note 1 - Organization and Summary of Significant Accounting Policies

#### Organization

CP Cogent Securities, LP (the "Partnership") is a limited partnership organized under the laws of the State of Texas. The Partnership is a registered broker/dealer under the Securities Exchange Act of 1934 and a member of the National Association of Securities Dealers. The 0.1% General Partner is Cogent Partners Investments, LLC, a Texas limited liability company (the "General Partner"), and the 99.9% Limited Partner is Cogent Partners, LP, a Texas limited partnership (the "Limited Partner"). The Partnership was organized in October 2002, but did not begin operations until April 1, 2003. The Partnership assists investors in reselling their private equity investments to institutional buyers and accredited investors in nonpublic transactions in the secondary market.

#### Cash and cash equivalents

The Partnership considers all highly liquid, short-term investments having maturities when purchased of ninety days or fewer to be cash equivalents. The Partnership had no cash equivalents at December 31, 2006.

## Concentrations of credit risk

Financial instruments that potentially subject the Partnership to concentrations of credit risk consist of cash and unsecured accounts receivable. Cash is maintained in bank accounts that at times could exceed federally insured limits. The Partnership has not experienced any losses from such accounts and believes it is not exposed to any significant risk of loss.

Management analyzes the accounts receivable on a periodic basis, and accounts are writtenoff when they are deemed uncollectible. At December 31, 2006, all accounts receivable were considered collectible and an allowance for doubtful accounts unnecessary. The Partnership did not write off any accounts receivable during the year ended December 31, 2006.

For the year ended December 31, 2006, approximately 18%, 16%, 14%, 11%, and 10% of transaction income related to five customers, respectively. Accounts receivable from one of these customers amounted to \$3,126,690, representing approximately 56% of accounts receivable outstanding at December 31, 2006. Approximately 28% and 12% of additional accounts receivable outstanding at December 31, 2006 related to two other customers, respectively.

#### Fair value of financial instruments

Substantially all of the Partnership's financial assets and liabilities are carried at amounts that because of their short-term nature, approximate fair value.

#### Federal income taxes

Income taxes have not been provided for by the Partnership as the partners are individually liable for income taxes based on the Partnership's taxable income.

Notes to Financial Statements December 31, 2006

## Note 1 - Organization and Summary of Significant Accounting Policies - (Continued)

#### Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Transaction income

Transaction income is recognized at the close of the transaction on which the fees are based.

## Note 2 - Net Capital Requirements

The Partnership is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined in 15c3-1, shall not exceed 15 to 1. At December 31, 2006, the Company had net capital of \$2,764,014, which is \$2,612,428 in excess of its minimum net capital requirement of \$151,586 at that date. The Partnership's ratio of aggregate indebtedness to net capital was 0.82 to 1 at December 31, 2006.

## Note 3 - Related Party Transactions

The Partnership operates under an expense sharing agreement to utilize services of the Limited Partner's personnel and office space for purposes of conducting its business. The Partnership reimburses the Limited Partner for its share of costs for salaries, benefits, rent, and various general and administrative expenses. The Partnership also pays commissions, licensing, registration, examination fees, and other expenses related to its business activities.

For the year ended December 31, 2006, the Partnership had reimbursed the Limited Partner \$3,363,940 for these expenses. The Partnership, from time-to-time, borrows funds from the Limited Partner and at December 31, 2006, had payables to the Limited Partner totaling \$2,272,795 for allocated expenses that have not been reimbursed.

Notes to Financial Statements December 31, 2006

#### Note 4 - Partners' Capital

The General Partner and Limited Partner made initial capital contributions during the period ended December 31, 2003 and are not required to make any additional contributions except as required from time to time for the Partnership to comply with the minimum net capital requirements under Rule 15c3-1 of the Securities Act of 1934, as amended. The partners may not withdraw their capital contributions, and the Partnership has no obligation to return these contributions. Partnership income and losses are allocated pro rata in accordance with each partner's respective interest. Losses or credits are not allocated pro rata if they would cause a deficit balance in the partner's capital account.

Partnership net cash receipts are distributed to the Partners pro rata in accordance with their respective partnership interests. Distributions totaled \$5,875,000 for year ended December 31, 2006.

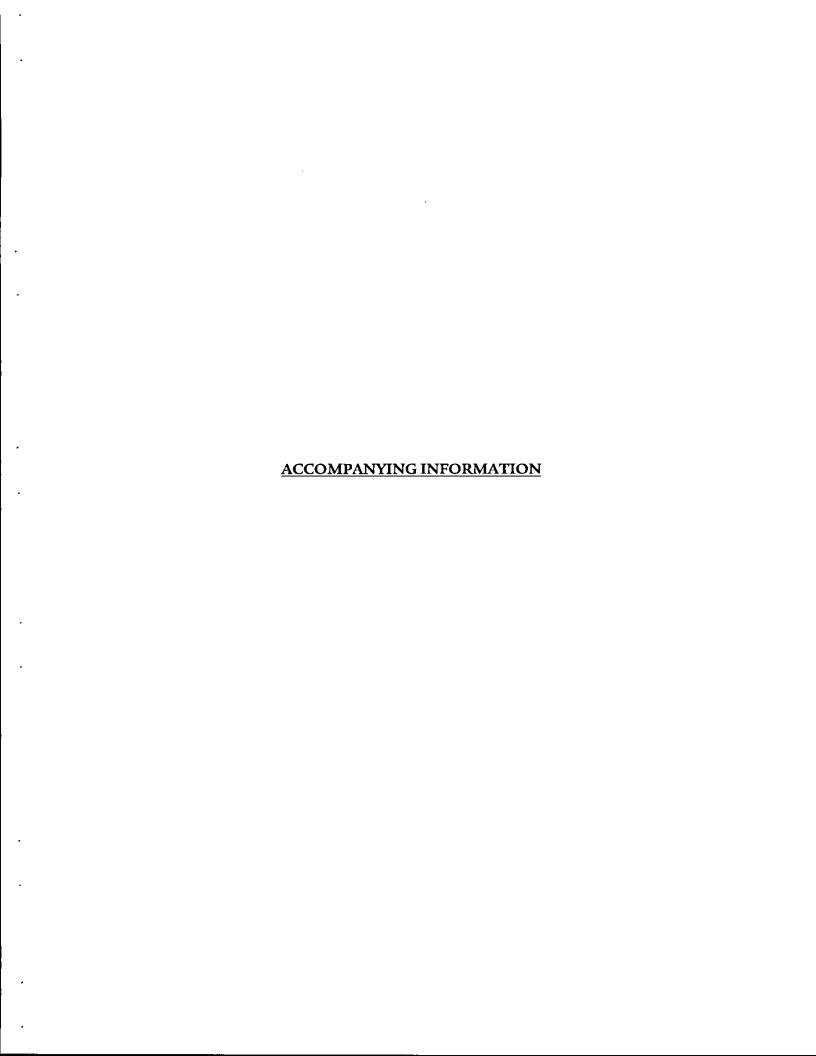

#### Note 5 - Commitments and Contingencies

The General Partner and the Partnership lease office space and telecommunications equipment under various operating lease agreements in connection with an expense sharing agreement. The Partnership's portion of rent expense under the expense sharing agreement for the year ended December 31, 2006 was \$123,308 net of approximately \$49,000 of sublease income. The Partnership's portion of scheduled future maturities of non-cancelable operating leases under the expense sharing agreement are as follows for the years ending December 31:

2007	\$ 224,626
2008	145,181
2009	6,896
2010	3,312
2011	 276
	\$ 380,291

Total minimum future rental payments have not been reduced by sublease rentals to be received in the future under non-cancelable subleases. The Partnership's portion of scheduled future rentals to be received under non-cancelable operating leases under the expense sharing agreement are as follows for the years ending December 31:

2007 2008	\$ 100,377 77,085
	\$ 177,462

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL STRUCTURE REQUIRED BY SEC RULE 17a-5

CP Cogent Securities, LP Dallas, Texas

In planning and performing our audit of the financial statements and accompanying information of CP Cogent Securities, LP (the "Partnership"), for the year ended December 31, 2006, we considered the Partnership's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control. Accordingly, we do not express an opinion on the effectiveness of the Partnership's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Partnership, including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits), net capital under rule 17-3(a)(11), and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Partnership does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Partnership in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons.
- 2. Recordation of differences required by rule 17a-13.
- 3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Partnership is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Partnership has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of

America. Rule 17a5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of the internal control or practices and procedures referred to above to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with accounting principles generally accepted in the United States of America such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described above and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Partnership's practices and procedures were adequate at December 31, 2006 to meet the SEC's objectives.

This report is intended solely for the information and use of the partners, management, the SEC, The National Association of Securities Dealers, Inc. and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
