**REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5 FOR A
BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15c3-3**

To the Board of Directors of
Support Services Financial Advisors, Inc.:

In planning and performing our audit of the financial statements and supplemental schedules of Support Services Financial Advisors, Inc. (the "Company"), as of and for the year ended December 31, 2006, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemption provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has

www.jdscpagroup.com

responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers (NASD), and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
of Support Services Financial Advisors, Inc.:

We have audited the accompanying statements of financial condition of Support Services Financial Advisors, Inc. ("SSFA") as of December 31, 2006 and 2005, and the related statements of income, changes in stockholders' equity and cash flows for the years then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of SSFA's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Support Services Financial Advisors, Inc. as of December 31, 2006 and 2005, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SUPPORT SERVICES FINANCIAL ADVISORS, INC.

Notes To Financial Statements
For The Years Ended December 31, 2006 And 2005

Page -7-

(1) **Nature Of Company**

Support Services Financial Advisors, Inc. ("SSFA") is a Colorado Corporation that primarily markets and services retirement programs to health care providers. SSFA is registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers (NASD). SSFA operates pursuant to SEC Rule 15c3-3(k)(1) limiting its broker-dealer business to the distribution of variable life insurance or annuities, including the sub-accounts thereof, as well as, mutual funds sold within 401(a), 403(b), 401(k), and 457 retirement plans. SSFA is a wholly-owned subsidiary of the Support Services, Inc. (SSI) which is a subsidiary of Colorado Health & Hospital Association, a non-profit organization.

(2) **Summary Of Significant Accounting Policies**

Basis Of Accounting

The financial statements of SSFA have been prepared on the accrual basis.

Cash And Cash Equivalents

For purposes of the Statement of Cash Flows, SSFA considers demand deposits and short-term investments with original maturities of 90 days or less as cash and cash equivalents.

Accrued Expenses

Accrued expenses include bonuses, and vacation and sick leave that SSFA's personnel have earned but not yet taken as of year end.

Allowance For Doubtful Accounts

SSFA believes that its accounts receivable, recorded at fair value, are fully collectible. Its policy for charging off accounts receivable is when future payments thereon are determined to be improbable.

Use Of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Income Taxes

SSFA's parent company SSI uses the asset and liability method as identified in Statements of Financial Accounting Standards No. 109, Accounting For Income Taxes. SSI allocates current and deferred taxes by applying the same method to SSFA as if it was a separate taxpayer.

(3) Concentrations

During the years ended December 31, 2006 and 2005, SSFA received 74% and 65% respectively, of its commissions from one company.

(4) Common Stock

Of its 100,000 authorized shares of \$5 par, common stock, 1,000 shares are issued, outstanding and owned by SSI.

(5) Net Capital Requirements

SSFA is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). As of December 31, 2006 and 2005, SSFA had net capital of \$14,313 and \$15,019 respectively, which was \$9,313 and \$10,019 respectively, in excess of its required net capital of \$5,000. SSFA's net capital ratio was 3 to 1 as of December 31, 2006 and 2005.

(6) Deferred Tax Assets

Under Statement of Financial Accounting Standards ("SFAS") No. 109, *Accounting For Income Taxes*, deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of the company's deferred tax assets as of December 31, 2006 and 2005 are as follows:

| | <u>2006</u> | <u>2005</u> |
|---------------------------------|-----------------|-----------------|
| Net operating loss carryforward | \$ 49,460 | \$ 44,090 |
| Valuation allowance | <u>(49,460)</u> | <u>(44,090)</u> |
| Deferred income tax asset, net | <u>\$ -0-</u> | <u>\$ -0-</u> |

As of December 31, 2006 and 2005, the net operating loss carryforward of \$13,772 and \$113,050 respectively, expire in 2026 and 2025.

The valuation allowance has been established based upon, among other factors, historical operations, average taxable income since inception and industry conditions. For the years ended December 31, 2006 and 2005, the net change in the valuation allowance amounted to \$5,370 and \$44,090 respectively.

(7) Related Party Transactions

SSFA is a wholly owned subsidiary of SSI. On July 1, 2003, SSFA and SSI entered into an Assumption and Assignment Agreement under which SSI agreed to contribute all of the assets and SSFA agreed to assume all liabilities and obligations in continuing the broker-dealer and regulated insurance business ("business"). The business is operated by SSFA in substantially the same manner as was conducted by SSI. In order to realize economies of scale, on July 1, 2003, SSFA and SSI entered into an Expense Sharing Agreement whereby SSI is to provide SSFA administrative, marketing, management and technical services as well as office space and equipment. SSFA does not have personnel but reimburses SSI as a contractor for actual personnel costs incurred by SSI on behalf of SSFA. Direct costs are either paid directly by SSFA or by reimbursement through SSI.
