NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Cross Border Private Capital L.L.C., (the "LLC") engages in the business of originating, financing, and private placement of corporate equity and/or debt and equity-related private equity funds of an international nature. The LLC is a Delaware limited liability company established January 25, 1996.

Operations of Business

The LLC conducts its business from the offices of Cross Border Enterprises, L.L.C. ("CBE") which owns ninety-nine percent of the LLC. The remaining one percent of the entity's shares are owned by the officers of CBE, who will act in the capacity of the LLC's registered representatives for future broker/dealer transactions.

Effective November 1, 2003, the LLC has entered into an office expense-sharing agreement with CBE, whereby, the LLC will reimburse CBE \$1,500 per month for its use of telephone, office salaries and rental facilities. On September 30, 2006 the monthly fee was reduced to \$500. LLC and CBE believe that the expense allocation agreement is reasonable in relationship to the benefits derived by the LLC.

Income Taxes

The LLC is treated as a partnership for federal and state income tax purposes. Consequently, no federal and state income taxes are not payable by, or provided for, the LLC. Members are taxed individually on their shares of the LLC's earnings. The LLC's net income or loss is allocated among the members in accordance with the regulations of the LLC.

Use of Estimates

The presentation of financial statements requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the revenues and expenses during the reporting period. Actual results could differ from those estimates.

INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL REQUIRED
BY SEC RULE 17a-5

of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods in subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicated a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the use of management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
