Independent Auditors' Report

Partners of
Lakeshore Securities, L.P.

We have audited the accompanying statement of financial condition of Lakeshore Securities, L.P. as of December 31, 2006 that you are filing pursuant to Rule 17a-5 of the Securities and Exchange Commission and Regulation 1.16 of the Commodity Futures Trading Commission. This financial statement is the responsibility of the Partnership's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Lakeshore Securities, L.P. as of December 31, 2006 in conformity with accounting principles generally accepted in the United States of America.

Lakeshore Securities, L.P.

Notes to the Statement of Financial Condition

December 31, 2006

Note 1 Nature of Operations and Significant Accounting Policies

Nature of Operations—Lakeshore Securities, L.P. (a limited partnership) (the "Partnership") is a registered broker-dealer and a member of the Chicago Board Options Exchange, Inc. and Options Clearing Corporation. The Partnership is also registered as an introducing broker with the Commodity Futures Trading Commission (the "CFTC"), and is a member of the National Futures Association (the "NFA") and the Chicago Futures Exchange. The Partnership provides brokerage and clearing services to customers, primarily broker-dealers, on a national basis.

Use of Estimates—The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash and Cash Equivalents—Cash equivalents are highly liquid investments with a maturity of three months or less at date of acquisition.

Income Recognition—Securities transactions and the related brokerage revenue and expense are recorded on trade date.

Securities Owned and Securities Sold, Not Yet Purchased—Securities owned and securities sold, not yet purchased are valued at fair value based on quoted market prices.

Exchange Memberships—Exchange memberships are held for operating purposes and are carried at cost.

Income Taxes—The financial statements do not reflect any income taxes since the taxable income of the Partnership is includable in the income tax returns of the partners.

Note 2 Fair Value of Financial Instruments

Substantially all of the Partnership's assets and liabilities are considered financial instruments. Except for exchange memberships held for operating purposes, these assets and liabilities are either already reflected at fair values or are short-term or replaceable on demand. Therefore, their carrying amounts approximate their fair values.

Note 3 Securities Owned and Securities Sold, Not Yet Purchased

Securities owned and securities sold, not yet purchased at December 31, 2006 consist of:

	Securities Owned	Securities Sold, Not Yet Purchased
U.S. Treasury bills - guarantee fund deposit	\$ 596,520	\$ -
Equity securities	56,703	
Equity options	1,625	275
	<u>\$ 654,848</u>	<u>\$ 275</u>

Lakeshore Securities, L.P.
Notes to the Statement of Financial Condition
December 31, 2006

Note 4 Receivable from Broker-Dealers

Receivable from broker-dealers at December 31, 2006 consists of:

Brokerage receivable	\$ 2,351,166
Cash on deposit at clearing broker	<u>306,272</u>
	<u>\$ 2,657,438</u>

Cash and equity securities and options held by another broker-dealer collateralize amounts due to the clearing broker, if any, and may serve to satisfy margin and regulatory requirements.

Note 5 Commitments, Contingencies and Guarantees

The Partnership has a lease for office space expiring June 30, 2008. The minimum rental commitment is as follows:

2007	\$ 46,389
2008	<u>23,536</u>
	<u>\$ 69,925</u>

The Partnership is a member of an exchange. Associated with its membership, the Partnership may be required to pay a proportionate share of the financial obligations of another member who may default on its obligations to the exchange. In general, the Partnership's guarantee obligations would arise only if the exchange had previously exhausted its resources. In addition, any such guarantee obligation would be apportioned among the other non-defaulting members of the exchange. The Partnership has not recorded any contingent liability in the financial statements for this guarantee and management believes that any potential requirement to make payments under this guarantee is remote.

The partnership agreement provides, among other things, that the Partnership may, under certain circumstances and subject to minimum capital requirements, elect to purchase a partner's interest at a price, as defined.

Note 6 Related Parties

The Partnership is a party to an agreement with another broker-dealer, related through indirect common ownership, that provided, among other things, technology solutions and execution services. The Partnership continues to provide execution services to this broker-dealer.

Seat lease expense is paid to partners and an employee.

Lakeshore Securities, L.P.

Notes to the Statement of Financial Condition

December 31, 2006

Note 7 Employee Benefit Plan

The Partnership participates in a 401(k) employee benefit plan covering substantially all of its employees and employees of related entities. Contributions to the plan are at the discretion of the Partnership.

Note 8 Line of Credit

The Partnership, through its partners, has available a line of credit of \$1,000,000 from a commercial lending institution that expires September 30, 2007. There were no loans against this line of credit at December 31, 2006. Any borrowings would be collateralized by certain assets of the partners and the Partnership and would bear interest at the bank's prime rate. The agreement, among other things, also contains covenants relating to line of business, use of proceeds and borrowings from other institutions.

Note 9 Financial Instruments with Off-Balance-Sheet Risk

The Partnership, in connection with its proprietary trading activities, enters into transactions involving derivative financial instruments, primarily options on equity securities. Options held provide the Partnership with the opportunity to deliver or take delivery of specified financial instruments at a contracted price. Options written obligate the Partnership to deliver or take delivery of specified financial instruments at a contracted price in the event the option is exercised by the holder. These financial instruments may have market risk and/or credit risk in excess of those amounts recorded in the statement of financial condition.

Market Risk—Derivative financial instruments involve varying degrees of off-balance-sheet market risk. Changes in the market values of the underlying financial instruments may result in changes in the value of the derivative financial instruments. Exposure to market risk is influenced by a number of factors, including the relationships between the derivative financial instruments and the volatility and liquidity in the markets in which the derivative financial instruments are traded. In many cases, the use of derivative financial instruments serves to modify or offset market risk associated with other transactions and, accordingly, serves to decrease the Partnership's overall exposure to market risk. The Partnership attempts to control its exposure to market risk arising from the use of these derivative financial instruments through various analytical monitoring techniques.

Credit Risk—Credit risk arises from the potential inability of counterparties to perform in accordance with the terms of the contract. The Partnership's exposure to credit risk associated with counterparty nonperformance is limited to the current cost to replace all contracts in which the Partnership has a gain. Exchange traded financial instruments, such as options, generally do not give rise to significant counterparty exposure due to the cash settlement procedures for daily market movements or the margin requirements of the individual exchanges and clearing brokers.

Concentrations of Credit Risk—The receivable from broker-dealers and cash on deposit with clearing broker represent a concentration of credit risk resulting from the Partnership's brokerage activity. In addition, cash and cash equivalents include bank deposits of approximately \$2,480,000 in excess of federally insured amounts. The Partnership has a policy of reviewing, as considered necessary, the creditworthiness of the clearing broker, broker-dealers and banks with which it conducts business and does not anticipate nonperformance by these counterparties.

Lakeshore Securities, L.P.

Notes to the Statement of Financial Condition

December 31, 2006

Note 10 Net Capital Requirements

The Partnership is subject to the minimum net capital requirements of the Securities and Exchange Commission ("SEC") and the CFTC. Under the SEC Uniform Net Capital Rule (Rule 15c3-1), the Partnership is required to maintain "net capital" of 2 percent of combined "aggregate debits" or \$250,000, whichever is greater, as these terms are defined. Under the CFTC Net Capital Requirements (Regulation 1.17), the Partnership is required to maintain "adjusted net capital" of \$45,000, as this term is defined. Also, the Partnership, as a clearing member of the Options Clearing Corporation, is required to maintain net capital of \$2,000,000 (Rule 302(a)).

Net capital and net capital requirements change from day to day, but at December 31, 2006, under the most restrictive of these requirements, the Partnership had net capital and net capital requirements of approximately \$3,515,000 and \$2,000,000, respectively. The net capital rule may effectively restrict partner withdrawals.
