Independent Auditors' Report

Stockholder of
SF Investments, Inc.

We have audited the accompanying statement of financial condition of SF Investments, Inc. as of December 31, 2006 that you are filing pursuant to Rule 17a-5 of the Securities and Exchange Commission. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of SF Investments, Inc. as of December 31, 2006 in conformity with accounting principles generally accepted in the United States of America.

SF Investments, Inc.

Notes to the Statement of Financial Condition

December 31, 2006

Note 1 Nature of Activities and Significant Accounting Policies

Nature of Operations—SF Investments, Inc. (the "Company") is a registered broker-dealer in securities and a registered investment advisor. The Company provides brokerage services to retail and institutional customers located throughout the United States. Customer transactions are cleared through another broker on a fully disclosed basis. As an investment advisor, the Company provides investment management services to individuals, corporations, trusts and retirement plans.

Cash Equivalents—Cash equivalents are all highly liquid investments with original maturities of three months or less at the time of purchase.

Income Recognition—Investment management fees and commission revenue and related expenses are recorded on the accrual basis. Securities transactions are recorded on the trade date.

Securities Owned—Securities owned are valued at market value using quoted market prices. Realized and unrealized changes in fair values are recognized in net trading revenue in the period in which the changes occur.

Use of Estimates—In preparing financial statements in conformity with generally accepted accounting principles in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes—The Company has elected to be taxed as an S corporation under the provisions of the Internal Revenue Code. Under those provisions, the Company does not pay federal income taxes on its taxable income. Instead, the stockholder is liable for income taxes on his share of the Company's taxable income. The Company, however, is subject to the Illinois replacement tax.

Note 2 Fair Value of Financial Instruments

Substantially all of the Company's assets and liabilities are considered financial instruments. These assets and liabilities are either already reflected at fair values or are short-term or replaceable on demand. Therefore, their carrying amounts approximate fair values.

Note 3 Securities Owned

Securities owned at December 31, 2006 consisted of:

Equity securities	\$ 284,716
U.S. Treasury bills	<u>2,249,730</u>
	<u>\$ 2,534,446</u>

SF Investments, Inc.

Notes to the Statement of Financial Condition

December 31, 2006

Note 4 Related-Party Transactions

Accounts receivable include \$82,421 from affiliated entities under common control. The Company receives a portion of its brokerage commissions and investment management fees from various entities affiliated through common control and its stockholder.

Note 5 Commitments

Minimum annual rentals under a noncancelable lease for office space that expires in 2009, excluding additional payments for certain increases in operating and maintenance costs and real estate taxes, are approximately:

2007	\$	85,080
2008		85,080
2009		<u>85,080</u>
	\$	<u>255,240</u>

Note 6 Employee Benefit Plan

The Company has a defined contribution plan covering all eligible employees, as defined under Section 401(k) of the Internal Revenue Code.

Note 7 Indemnifications

In the normal course of business, the Company enters into contracts that contain a variety of representations and warranties that provide indemnifications under certain circumstances. The Company's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Company that have not yet occurred. The Company expects the risk of loss to be remote.

Note 8 Off-Balance-Sheet Credit and Market Risk

Customers' securities transactions are introduced to and cleared through the Company's clearing broker. Under the terms of its clearing agreement, the Company is required to guarantee the performance of its customers in meeting contracted obligations. In conjunction with the clearing broker, the Company seeks to control the risks associated with its customer activities by requiring customers to maintain collateral in compliance with various regulatory and internal guidelines. Compliance with the various guidelines is monitored daily and, pursuant to such guidelines, customers may be required to deposit additional collateral or reduce positions when necessary.

SF Investments, Inc.

Notes to the Statement of Financial Condition

December 31, 2006

Note 8 Off-Balance-Sheet Credit and Market Risk, *Continued*

Amounts on deposit at a bank and receivables from and on deposit with the clearing broker represent concentrations of credit risk. The Company does not anticipate nonperformance by its bank or the clearing broker. In addition, the Company has a policy of reviewing, when necessary, the creditworthiness of the bank and the clearing broker with which it conducts business.

Note 9 Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1). Under this rule, the Company is required to maintain net capital equivalent to \$100,000 or 6-2/3 percent of aggregate indebtedness, whichever is greater, as these terms are defined.

Net capital and aggregate indebtedness change from day to day, but at December 31, 2006, the Company had adjusted net capital and net capital requirements of \$4,436,597 and \$100,000, respectively.
