Independent Auditors' Report

The Board of Directors  
Rodgers Capital Corporation  
Nashville, Tennessee

We have audited the accompanying statements of financial condition of Rodgers Capital Corporation (the "Company") as of December 31, 2006 and 2005, and the related statements of operations, changes in stockholder's equity, and cash flows for the years then ended that you are filing pursuant to rule 17a-5 under the Securities and Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Rodgers Capital Corporation as of December 31, 2006 and 2005, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, III, and IV is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

RODGERS CAPITAL CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2006 AND 2005

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Company

The Company is registered as a securities broker/dealer and is subject to the requirements of the Securities and Exchange Commission and the National Association of Securities Dealers.

Income Taxes

The Company accounts for income taxes under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

Use of Estimates in the Preparation of Financial Statements

Judgment and estimation is exercised by management in certain areas of the preparation of financial statements. The more significant area includes the valuation allowance related to deferred income tax assets. Management believes that such estimate has been based on reasonable assumptions and is appropriate. Actual results could differ from the estimate.

B. NET CAPITAL REQUIREMENTS

The Company, as a registered broker/dealer in securities, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1).

Under the computation provided by the Uniform Net Capital Rule, the Company is required to maintain "net capital" equal to the greater of \$5,000 or 6 2/3% of "aggregate indebtedness" as those terms are defined in the rule.

RODGERS CAPITAL CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2006 AND 2005

B. NET CAPITAL REQUIREMENTS - Continued

The Company had the following requirements and balances as of December 31, 2006 and 2005:

	<u>December 31,</u>	
	<u>2006</u>	<u>2005</u>
Aggregate indebtedness times 6 2/3%	\$ -	\$ -
Net capital requirement - minimum	5,000	5,000
Net capital at year end	7,761	7,660
Ratio of aggregate indebtedness to net capital	N/A	N/A

C. INCOME TAXES

The Company had no income tax expense or benefit for the years ended December 31, 2006 and 2005. The Company has deferred tax assets approximating \$14,500 and \$22,900 as of December 31, 2006 and 2005, respectively, which result solely from net operating losses and which are offset by a valuation allowance of an equal amount.

At December 31, 2006, the Company had cumulative net operating loss carryforwards to offset future federal and state taxable income of approximately \$29,912 and \$66,127, respectively, expiring from 2007 to 2020.

Independent Auditors' Report on Internal Control

The Board of Directors  
Rodgers Capital Corporation  
Nashville, Tennessee

In planning and performing our audit of the financial statements and supplemental schedules of Rodgers Capital Corporation (the Company) for the year ended December 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we considered to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
