Independent Auditors' Report

The Board of Directors
T. Rowe Price Investment Services, Inc.:

We have audited the accompanying statement of financial condition of T. Rowe Price Investment Services, Inc. as of December 31, 2006. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit of a statement of financial condition also includes examining, on a test basis, evidence supporting the amounts and disclosures in that statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of T. Rowe Price Investment Services, Inc. as of December 31, 2006, in conformity with U.S. generally accepted accounting principles.

As discussed in Note 4 to the financial statement, effective January 1, 2006, the Company changed its method of accounting for stock-based compensation with the adoption of Statement of Financial Accounting Standards No. 123R, *Share-Based Payment*.

The accompanying summary of significant accounting policies and notes to financial statements are an integral part of this financial statement.

**T. ROWE PRICE INVESTMENT SERVICES, INC.
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

T. Rowe Price Investment Services, a wholly-owned subsidiary of T. Rowe Price Associates, provides discount brokerage services on a fully disclosed basis through Pershing LLC, an affiliate of the Bank of New York. We also are the underwriter and distributor of the T. Rowe Price mutual funds and the distributor of the Alaska and the Maryland college savings plans for which Price Associates and an affiliate act as investment advisers. Price Associates is the sponsor of the T. Rowe Price Mutual Funds and is a wholly-owned subsidiary of T. Rowe Price Group, a publicly-traded company.

Basis of preparation

Our statement of financial condition is prepared in accordance with accounting principles generally accepted in the United States which require the use of estimates made by management.

Cash and cash equivalents

Cash equivalents consist of short-term, highly liquid investments in T. Rowe Price money market mutual funds. The cost of these investments is equivalent to fair value.

Concentration of credit risk

As the introducing broker, we indemnify the clearing broker for losses sustained when customers fail to settle trades or default on margin calls. Our related risk is believed to be minimal in that customer assets held in accounts at Pershing collateralize receivable balances.

T. ROWE PRICE INVESTMENT SERVICES, INC.
NOTES TO STATEMENT OF FINANCIAL CONDITION

NOTE 1 -- NET CAPITAL REQUIREMENTS

We are subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of our aggregate indebtedness to net capital, both as defined, not exceed 15 to 1. At December 31, 2006, our statutorily computed net capital of \$4,562,000 was in excess of required net capital of \$251,000.

Investment Services and Price Associates have entered into an agreement whereby Price Associates will contribute additional capital to Investment Services if necessary to ensure that Investment Services maintains an aggregate indebtedness to net capital ratio of no more than 10 to 1. The aggregate indebtedness to net capital ratio was .83 to 1 at the end of 2006. This agreement is automatically renewed annually in June unless terminated with thirty days notice.

Cash of \$200,000 has been segregated in a special reserve bank account for the benefit of customers under Rule 15c3-3 of the Securities and Exchange Commission and is included in other assets.

NOTE 2 -- RECEIVABLES AND PAYABLE TO T. ROWE PRICE MUTUAL FUNDS

Investment Services receives and executes orders for purchases and sales of shares in the T. Rowe Price mutual funds on behalf of its customers. Other assets and accounts payable and accrued liabilities include \$129,000 due from customers and payable to the funds on uncompleted transactions. Fund shares purchased by customers are collateral for these receivables and are not reflected in the accompanying consolidated financial statement.

NOTE 3 -- TRANSACTIONS WITH AND INTERCOMPANY PAYABLE TO PARENT

All operating expenses incurred and recorded by Investment Services are paid on our behalf by Price Associates. Under our agreement to distribute shares of the T. Rowe Price mutual funds, we incur certain costs and receive administrative revenues from Price Associates. Investment Services is charged for all expenses and credited for our corresponding administrative revenues. Periodically we settle our intercompany due to or from Price Associates by cash transfer.

We offer Advisor Class and R Class shares in certain T. Rowe Price funds. The funds charge these share classes a 12b-1 distribution fee that is passed through to us and paid to third party financial intermediaries that distribute these shares to their clients. Because the obligation to pay these fees to third parties is limited to amounts charged by the funds, we have instructed that these fees be paid on our behalf directly to the appropriate third parties. Accordingly, no receivable or payable related thereto is recorded in our statement of financial condition.

**T. ROWE PRICE INVESTMENT SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS (continued)**

NOTE 4 – TRANSACTION WITH STOCKHOLDER AND AFFILIATES

As part of the employee compensation program for its subsidiaries, T. Rowe Price Group awards stock-based incentives in the form of restricted common and stock options.

In 2005, 1,000 restricted shares of Group's common stock were awarded to an employee. The restricted awards vest over a two-year graded schedule and must be returned to Price Group should employment with an affiliated company terminate before vesting. These awards resulted in our recognition of \$24,000 in additional stockholder's equity in the form of contributed capital in 2006.

Awards of Group's fixed stock options with a maximum term of 10 years have also been made to our employees. Vesting of these options is based solely on the individual continuing to render service to an affiliated company and generally occurs over a five-year graded schedule. On January 1, 2006, we adopted the fair value method prescribed by Statement of Financial Account Standards No. 123R, *Share-Based Payment*. Price Group determines the fair value of its grants using the Black-Scholes option-pricing model. We recognized a contribution of capital in additional stockholder's equity totaling \$278,000 in 2006

NOTE 5 – INCOME TAXES

Results of our operations are included in Price Group's consolidated federal tax return. Accordingly, our federal income tax liability is included in the intercompany payable to parent.

Deferred income taxes arise from temporary differences between taxable income for financial statement and income tax return purposes. The net deferred tax asset of \$1,265,000 at December 31, 2006 is included in other assets and arises primarily from temporary differences associated with depreciation of property and equipment.

NOTE 6 -- CHANGES IN STOCKHOLDER'S EQUITY

	Common Stock	Additional capital in excess of par value	Retained Earnings	Total Stockholder's Equity
Balance at December 31, 2005	\$ 2,000	\$ 1,219,000	\$ 7,164,000	\$ 8,385,000
Net Income			3,017,000	3,017,000
Capital contribution arising from T. Rowe Price Group stock-based compensation		302,000		302,000
Balance at December 31, 2006	<u>\$ 2,000</u>	<u>\$ 1,521,000</u>	<u>\$ 10,181,000</u>	<u>\$ 11,704,000</u>

NOTE 7 - OTHER DISCLOSURES.

We occupy certain office facilities under noncancelable operating leases. Future minimum rental payments under these leases aggregate \$1,353,000 in 2007, \$1,249,000 in 2008, \$1,200,000 in 2009, \$1,225,000 in 2010, \$1,021,000 in 2011 and \$3,253,000 in later years.
