INDEPENDENT AUDITOR'S REPORT

Officers and Members
Dominion Partners, L.C.
Glen Allen, Virginia

We have audited the accompanying statement of financial condition of Dominion Partners, L.C. as of December 31, 2006, and the related statements of operations, members' equity and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Dominion Partners, L.C. as of December 31, 2006, and the results of its operations and its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY INFORMATION REQUIRED BY RULE 17A-5 OF THE SECURITIES AND EXCHANGE COMMISSION

Officers and Members
Dominion Partners, L.C.
Glen Allen, Virginia

We have audited the accompanying financial statements of Dominion Partners, L.C. as of and for the year ended December 31, 2006, and have issued our report thereon dated February 23, 2007. Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule 1 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We have performed the procedures as specified in Securities and Exchange Commission Rule 17a-5(d)(4) and have determined that there is no difference between the amounts specified in the computation of net capital under Section 240.15c3-1 at December 31, 2006, as reported in the 2006 fourth quarter FOCUS Report, and amounts contained in the December 31, 2006 audited financial statements.

There is no difference between the excess net capital at 1000% amounts specified in the computation of net capital under Section 240.15c3-1 at December 31, 2006, as reported in the 2006 fourth quarter FOCUS Report and the amounts contained in the December 31, 2006 audited financial statement.

In addition, under the provisions of Section 240.15c3-3, which relates to the Computation for Determination of Reserve Requirements, Dominion Partners, L.C., is not currently required to maintain any amounts in reserve. The Company is exempt under Rule Section 15c3-3(k)(2)(i) because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL STRUCTURE REQUIRED BY SEC RULE 17A-5

Officers and Members
Dominion Partners, L.C.
Glen Allen, Virginia

In planning and performing our audit of the financial statements and supplemental schedule of Dominion Partners, L.C. (the Company), as of and for the year ended December 31, 2006, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required

HANSEN, SMITH, CONE & ROBERTELLO, PC

to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with U.S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

HANSEN, SMITH, CONE & ROBERTELLO, PC

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the members, management, the SEC, NASD and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than those specified parties.

Hansen, Smith, Cone & Robertello, PC
