**NOTES TO FINANCIAL STATEMENTS  
December 31, 2006**

**NOTE 1- ORGANIZATION AND NATURE OF BUSINESS**

Chelsea Morgan Securities, Inc. D/B/A Chelsea Financial Services (an S corporation) (the "Company") was incorporated in the State of New York on May 5, 1999. The Company is a broker-dealer registered with the Securities and Exchange Commission and is a member of the National Association of Securities Dealers, Inc.

The Company earns commission income by introducing and forwarding as a broker, transactions and accounts of customers to another broker-dealer who carries such accounts on a fully disclosed basis.

**NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Depreciation

The cost of furniture and equipment is depreciated over the estimated useful lives of the related assets of 5 to 7 years on a straight line basis for book and on an accelerated basis for tax purposes.

Concentration of Credit Risk

The Company is engaged in various investment and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Securities Transactions

Customers' securities transactions are reported on a settlement date basis with related commission and fee income and expenses also reported on a settlement basis. There is no material difference from reporting on a trade date basis.
