## INDEPENDENT AUDITOR'S REPORT

To the Member of  
AIA Capital Markets LLC.  
New York, New York

We have audited the accompanying statement of financial condition of AIA Capital Markets LLC as of December 31, 2006 and the related statements of income, changes of member's capital and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above, present fairly, in all material respects, the financial position of AIA Capital Markets LLC as of December 31, 2006 and the results of its operations and its cash flows for the year then ended, in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

AIA CAPITAL MARKETS LLC

NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2006

Note 1      Summary of Significant Accounting Principles

Nature of Business

AIA Capital Markets LLC (the "Company"), was organized as a limited liability company ("LLC") pursuant to the LLC Act of the State of New York on September 3, 1997. The Company's principal place of business is in New York, New York and it is a member of the NASD Inc. ("NASD"). The Company was formed for the purpose of operating as a broker-dealer, as that term is defined in the Securities Exchange Act of 1934, as amended.

Gerhard P. Mercker and William Rapavy, the Company's designated General Securities Principals, are in charge of the affairs of the Company. The Company is owned 100% by Access International Advisers, Inc. ("the Member"). The Member has contributed to the Company \$50,000 in capital and shall maintain such capital levels for the Company as required by applicable laws and regulations.

Income Taxes

An LLC is not itself subject to federal, state or local income taxes. The Member is responsible for the tax liability, if any, related to its proportionate share of the Company's taxable income. Accordingly, no provision for federal, state and local income taxes are included in the accompanying financial statements.

Revenue Recognition

The Company recognizes revenue when service is provided.

Use of Estimates in the Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INTERNAL CONTROL STRUCTURE INFORMATION  
FOR THE YEAR ENDED DECEMBER 31, 2006

# Constantin Associates

Certified Public Accountants

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL STRUCTURE  
REQUIRED BY SEC RULE 17a-5

To the Member of  
AIA Capital Markets LLC

In planning and performing our audit of the financial statements of AIA Capital Markets LLC (the "Company") For the year ended December 31, 2006, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in the following:

- (1) Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the reserve required by rule 15c3-3(e)
- (2) Making the quarterly securities examinations, counts, verifications and comparisons and the recordation of differences required by rule 17a-13
- (3) Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
- (4) Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives.

PARIS • LONDON • FRANKFURT  
MADRID • BRUSSELS • GENEVA

CONSTANTIN GROUP

ROTTERDAM • MONTREAL • MILAN  
HONG KONG • BUENOS AIRES

Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, which we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequate for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the New York Stock Exchange and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.
