**INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL
REQUIRED BY SEC RULE 17A-5**

To the Board of Directors
Trevor, Cole, Reid & Monroe Inc.

We have examined the financial statements of Trevor, Cole, Reid & Monroe Inc. for the year ended December 31, 2006 and have issued our report therein dated February 19, 2007. As part of our examination, we made a study and evaluation of the Company's system of internal accounting control (which includes the procedures for safeguarding securities) to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a) (11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedure followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 of in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers of perform custodial functions relating to customer securities.

The management of Company is responsible for establishing and maintaining a system of internal accounting control and practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and practices and procedures referred to in the preceding paragraph to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from the unauthorized use of disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and not procedures referred to above, errors or irregularities may never the less occur and not be detected. Also, projection of any evaluation of them to future period is subject to the risk that they may become inadequate because of changes in the conditions of the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of Trevor, Cole, Reid & Monroe, Inc. as a whole. However, our study and evaluation disclosed no condition that we believed to be material weakness.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for it's purposed in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices were adequate at December 31, 2006 to meet the Commission's objectives.

This report is intended solely for the use of management and the Securities and Exchange Commission and should not be used to other purpose.
