To the Board of Directors and Stockholder
CIG Corp.
(An S Corporation)
Southfield, Michigan

We have audited the accompanying statement of financial condition of CIG Corp. (An S Corporation) as of December 31, 2006, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit of the financial statements provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CIG Corp. NOTES TO FINANCIAL STATEMENTS

NOTE 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations - CIG Corp. (An S Corporation) is a broker-dealer registered with the National Association of Securities Dealers (NASD), and a member of Securities Investor Protection Corporation (SIPC). The Company is a Michigan Corporation that is a wholly-owned subsidiary of Capital Investment Group (An S Corporation) (Parent). The Company acts as an introducing broker with respect to domestic and certain foreign securities transactions.

Revenue and Cost Recognition - Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents - For purposes of the statement of cash flows, the Company considers all highly liquid investments with an original maturity of three months or less to be cash or cash equivalents.

Accounts Receivable - The accounts receivable are stated at the amount management expects to collect from outstanding balances at year-end. Management closely monitors outstanding balances and writes off, as of year-end, all balances that have not been collected by the time the financial statements are issued.

Investments - Investments consist of marketable securities and are carried in the financial statements at cost, which approximates the fair market value of the securities at December 31, 2006.

Income Taxes - The Company has elected to be taxed under the provisions of Subchapter S of the Internal Revenue Code, and the Parent company has elected to treat the Company as a qualified subchapter S subsidiary. Accordingly, no amount has been recognized for Federal income taxes for the year ended December 31, 2006. Instead, the Company's net income is included in the Parent's income tax return.

See independent auditor's report.

Receivable from clearing organizations	\$ 59,130
Receivable from broker-dealers	<u>39,012</u>
	<u>\$ 98,142</u>

NOTE 3 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1), or \$5,000, whichever is greater. INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL.

To the Board of Directors and Stockholder
CIG Corp.
(An S Corporation)
Southfield, Michigan

In planning and performing our audit of the financial statements and supplemental schedules of CIG Corp (an S corporation) (the Company), for the year ended December 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17-a3(a)(11) and for determining compliance with the exemptive provisions of rule 15d3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of the Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

(Continued)

(Continued)

3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of the customer as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal controls and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the NASD, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
