INDEPENDENT AUDITOR'S REPORT

To the Member of
Jane Street Markets, LLC

We have audited the accompanying statement of financial condition of Jane Street Markets, LLC (the "Company") (a wholly owned subsidiary of Jane Street Holding, LLC) as of December 31, 2006. The financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Jane Street Markets, LLC as of December 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

JANE STREET MARKETS, LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION December 31, 2006

- 1. ORGANIZATION:** Jane Street Markets, LLC (the "Company"), a Delaware limited liability company, is a subsidiary of Jane Street Holding, LLC (the "Parent"). The Company is registered as a broker-dealer under the Securities Exchange Act of 1934 and is a member of the National Association of Securities Dealers, Inc. (the "NASD") and the Archipelago Exchange. The Company trades for its own account and is a market-maker on the Nasdaq and OTC market.

- 2. SIGNIFICANT ACCOUNTING POLICIES:** These financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America which require the use of estimates by management.

The Company records transactions in securities and the related revenue and expenses on a trade-date basis.

Securities owned and securities sold, not yet purchased, are valued at their last sale on their primary exchange. All resulting unrealized gains and losses are reflected in Member's equity.

In the course of its normal trading activities, the Company effects transactions in securities sold, not yet purchased, which involve, to indeterminable degrees, market risk in excess of that presented in the statement of financial condition.

No provision is made in the accompanying statement of financial condition for federal or state income taxes since such liabilities are the responsibility of the Member. Pursuant to a tax sharing agreement, Jane Street Markets, LLC has been charged by the Parent its share of unincorporated Business Tax.

Investments in securities and other assets denominated in foreign currencies are translated into U.S. dollar amounts at the date of valuation. Purchases and sales of investment securities and income and expense items denominated in foreign currencies are translated into U.S. dollar amounts on the respective dates of such transactions.

- 3. DUE TO BROKER:** The clearing and depository operations for the Company's security transactions are provided by one broker. At December 31, 2006, all of the securities owned and the amount due to the Broker reflected in the statement of financial condition are security positions with and amounts due to this clearing Broker. The securities serve as collateral for the liability due to the Broker. Subject to the clearing agreement between the Company and the clearing broker, the clearing broker has the right to sell or repledge this collateral.

Additionally, investments in securities and securities sold, not yet purchased, are subject to margin requirements.

JANE STREET MARKETS, LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION December 31, 2006

4. **RELATED PARTY TRANSACTIONS:** The Parent, Jane Street Capital LLC ("Capital"), and Jane Street Trading ("Trading"), both affiliates of the Company, provide administrative services and office space, and pay certain operating expenses on behalf of the Company. The Company paid back amounts that it owed the Parent, Capital and Trading throughout the course of the year. At December 31, 2006, the amount still due to the Parent and other affiliates amounted to \$1,683,234.
5. **REGULATORY REQUIREMENTS:** As a registered broker-dealer and member of the NASD, the Company is subject to the Uniform Net Capital Rule 15c3-1 of the Securities and Exchange Commission. The Company computes its net capital under the basic method permitted by the rule, which requires that the minimum net capital be equal to the greater of \$100,000 or 6-2/3% of aggregate indebtedness or \$829,500, which is an amount based on market-maker activity, as defined. At December 31, 2006, the Company had net capital of \$6,860,201, which exceeded the requirement of \$829,500 by \$6,030,701.
6. **SUBSEQUENT EVENTS:** Effective January 1, 2007, the Company's interest was transferred from the Parent to Jane Street Holding II, LLC. The beneficial owners of the Company, with the exception of the addition of two new managing members in 2007, has not changed.

INDEPENDENT AUDITOR'S SUPPLEMENTARY REPORT ON INTERNAL CONTROL

To the Members of
Jane Street Markets, LLC

In planning and performing our audit of the financial statements and supplemental schedule of Jane Street Markets, LLC (the "Company") as of and for the year ended December 31, 2006, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2006 to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, the National Association of Securities Dealers, Inc. and any other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
