INDEPENDENT AUDITORS' REPORT

The Board of Directors
VelocityHealth Capital, Inc.:

We have audited the accompanying statements of financial condition of VelocityHealth Securities, Inc. (a wholly owned subsidiary of VelocityHealth Capital, Inc.) (the "Company") as of December 31, 2006 and 2005, and the related statements of income, changes in stockholder's equity and cash flows for the years then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of VelocityHealth Securities, Inc. as of December 31, 2006 and 2005, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplemental schedules is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

VELOCITYHEALTH SECURITIES, INC.
(a wholly owned subsidiary of VelocityHealth Capital, Inc.)

Notes to the Financial Statements

December 31, 2006 and 2005

(1) Nature of operations

VelocityHealth Securities, Inc. (a wholly owned subsidiary of VelocityHealth Capital, Inc.) (the "Company") was incorporated under the laws of the State of Tennessee in November 2004. The Company is a broker-dealer which engages in the private placement of securities and also in merger and acquisition services.

(2) Summary of significant accounting policies

(a) Basis of presentation

The financial statements are prepared on the accrual basis.

(b) Income taxes

The amount provided for income taxes is based upon the amounts of current and deferred taxes payable or refundable at the date of the financial statements as a result of all events recognized in the financial statements as measured by the provisions of enacted tax laws.

(c) Revenue recognition

The Company derives substantially all of its revenues from commissions earned on the trading of securities by customers and merger and acquisitions services. Commission revenues are recognized on a trade date basis. Revenues from merger and acquisition services are recognized as the services are performed.

(d) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(e) Reclassifications

Certain reclassifications have been made to the 2005 financial statements in order for them to conform to the 2006 presentation. These reclassifications have no effect on net earnings or stockholder's equity as previously reported.

VELOCITYHEALTH SECURITIES, INC.
(a wholly owned subsidiary of VelocityHealth Capital, Inc.)

Notes to the Financial Statements

December 31, 2006 and 2005

(3) Credit risk and other concentrations

The Company occasionally maintains cash on deposit at banks in excess of federally insured amounts. The Company has not experienced any losses in such accounts and management believes the Company is not exposed to any significant credit risk related to cash.

Revenues from one customer and two customers amounted to 71% and 100% of the Company's revenues in 2006 and 2005, respectively.

(4) Preferred stock

The Company's charter allows for the issuance of up to 5,000,000 shares of preferred stock in one or more series, having the relative voting powers, designations, preferences, rights and qualifications, limitations and restrictions, and other terms as the Board of Directors may fix in providing for the issuance of such series, without any vote or action of the stockholders.

(5) Income taxes

The Company files a consolidated federal tax return with its parent and records its share of the consolidated federal tax expense on a separate return basis. The Company's current tax expense is recorded as "Federal income tax payable - parent" on the statement of financial condition.

The provision for income taxes is as follows:

	<u>2006</u>	<u>2005</u>
Federal	\$ 615	\$ 2,267
State	(430)	983
	<u>\$ 185</u>	<u>\$ 3,250</u>

(6) Supplemental disclosures of cash flow statement information

	<u>2006</u>	<u>2005</u>
Income taxes paid	\$ <u>306</u>	\$ <u>-</u>

During 2006, the Company's federal income taxes payable - parent of \$2,267 were forgiven. As such, the Company has recorded the related forgiveness as a non-cash capital contribution from the parent.

(7) Net capital requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital equal to \$5,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The Company had net capital as defined of \$28,450 and \$13,786 at December 31, 2006 and 2005, respectively.

VELOCITYHEALTH SECURITIES, INC.
(a wholly owned subsidiary of VelocityHealth Capital, Inc.)

Computation of Net Capital Under Rule 15c3-1

December 31, 2006 and 2005

	<u>2006</u>	<u>2005</u>
Total stockholder's equity	\$ <u>32,774</u>	\$ <u>29,532</u>
Less nonallowable assets:		
Accounts receivable	1,196	-
Due from parent company	-	15,000
Other current assets	998	310
Deposits	<u>2,130</u>	<u>436</u>
Total nonallowable assets	<u>4,324</u>	<u>15,746</u>
Net capital (less nonallowable assets)	28,450	13,786
Net capital required	<u>5,000</u>	<u>5,000</u>
Excess net capital	\$ <u>23,450</u>	\$ <u>8,786</u>

There were no material differences between the audited Computation of Net Capital included in this report and the corresponding schedule included in the Company's unaudited December 31, 2006 Part IIA FOCUS filing.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL

**The Board of Directors
VelocityHealth Capital, Inc.:**

In planning and performing our audit of the financial statements and supplemental schedules of VelocityHealth Securities, Inc. (a wholly owned subsidiary of VelocityHealth Capital, Inc.) (the "Company") for the year ended December 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in the following:

- 1. Making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11); and**
- 2. Determining compliance with the exemptive provisions of Rule 15c3-3.**

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of following:

- 1. Making the quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by rule 17a-13;**
- 2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System; and**
- 3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.**

Management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraphs. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal controls and of the practices and procedures referred to in the preceding paragraphs and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraphs.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of internal control to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
