## INDEPENDENT AUDITORS' REPORT

Members of  
The Faller Company, L.L.C.

We have audited the accompanying statements of financial condition of The Faller Company, L.L.C. (A Limited Liability Company), as of December 31, 2006 and 2005 and the related statements of income and members' equity (deficiency) and cash flows for the years then ended that you are filing pursuant to rule 17A-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Faller Company, L.L.C. at December 31, 2006 and 2005, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplementary information, Schedule 1 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17A-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**THE FALLER COMPANY, L.L.C.**  
**(A LIMITED LIABILITY COMPANY)**

**NOTES TO FINANCIAL STATEMENTS**

**Note 1 - Nature of the Business and Summary of Significant Accounting Policies:**

*Nature of the Business* - The Faller Company, L.L.C. (A Limited Liability Company) (the "Company") is a registered broker dealer that sells annuities and related products. The Company's commissions are substantially earned in New Jersey and Pennsylvania.

*Principles of Preparation* - The financial statements include only those assets, liabilities and results of operations of the members, which relate to the business of the Company. No provision has been made for federal and state income taxes since these taxes are the personal responsibility of the members.

*Estimates and Uncertainties* - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results, as determined at a later date, could differ from those estimates.

*Marketable Securities* - Securities are valued at fair market value and consist of 300 common shares of Nasdaq Stock Market, Inc.

*Income Recognition* - The Company receives commissions from sale of investment company shares to the general public. It also receives commissions from the sale of insurance company products. The commissions are recorded as the related sales are consummated.

*Employee 401(k) Retirement Plan* - The Company maintains a voluntary contributory savings plan (the "Plan") covering employees who meet certain requirements of age or length of service and elect to contribute a portion of their compensation to the Plan, subject to certain limitations. The Company is required to contribute 3% of employees annual compensation, subject to certain limitations, which has been included in employee benefits and totaled \$43,371 in 2006 and \$44,706 in 2005.

*Advertising Expense* - Advertising costs are expensed as incurred and totaled \$13,024 in 2006 and \$10,263 in 2005.

**Note 2 - Intangible Assets:**

The intangible assets consist of intellectual property and customer and other contracts and are tested by the Company for impairment annually. The implied fair value of the intangible assets were determined by discounting their projected future cash flows. The implied fair value was deemed to exceed the recorded amount of the intangible assets by the Company. There are many estimates underlying the determination of the implied fair value. Although the Company believes its estimates are reasonable, deviations from estimates could produce a different result.

**THE FALLER COMPANY, L.L.C.**  
**(A LIMITED LIABILITY COMPANY)**

**NOTES TO FINANCIAL STATEMENTS**

**Note 3 - Subordinated Loan Payable To Members:**

Loan payable to the Company's members bears interest at 7% per annum, is due June 30, 2009, and is subordinated to the prior payment of any debt due to all other present and future creditors arising out of any matter occurring prior to June 30, 2009. Repayment of this loan is also subject to limitations based on the net capital requirements established by certain regulatory agencies.

There were no changes in the subordinated loan payable to members during the years ended December 31, 2006 and 2005.

**Note 4 - Commitments:**

The following is a schedule of future minimum rental payments required for the Company's non-cancelable operating leases, at December 31, 2006:

Year Ending December 31,

2007	<u>\$ 8,697</u>
------	-----------------

Rent expense for 2006 and 2005 was \$31,282 and \$30,624 respectively.

**Note 5 - Major Customer:**

Commission revenues from two registered broker dealers represented 48.1% and 36.4% and 54.5% and 32% of total revenues for 2006 and 2005, respectively.

**Note 6 - Net Capital Requirements:**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1 which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2006, the Company has net capital of \$68,665 which was \$63,665 in excess of its required net capital of \$5,000. The Company's net capital ratio was .094 to 1.

The Company is subject to State of New Jersey Bureau of Securities regulations N.J.S.A. 49:s-57 and 13:47A-1.5, which require the maintenance of minimum net capital of \$10,000. At December 31, 2006, the Company had net capital of \$58,665 in excess of its required net capital pursuant to these regulations.

**ACCOUNTANTS' REPORT ON INTERNAL ACCOUNTING CONTROL  
REQUIRED BY SEC RULE 17a-5**

Members of  
The Faller Company, L.L.C.

In planning and performing our audit of the financial statements of The Faller Company, L.L.C. (the "Company") for the year ended December 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17-a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that the assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in conformity with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006 to meet the SEC's objectives.

This report is intended solely for information and use of the members of the Company, management, the Securities and Exchange Commission, National Association of Securities Dealers, and various state regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
