## INDEPENDENT AUDITORS' REPORT

To the Board of Directors of  
Taglich Brothers, Inc.

We have audited the accompanying statement of financial condition of Taglich Brothers, Inc. (the "Company") as of December 31, 2006. This statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on this statement of financial condition based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Taglich Brothers, Inc. as of December 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

### 1. Nature of business

Taglich Brothers, Inc. (the "Company") is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the National Association of Securities Dealers, Inc. ("NASD"). The Company's principal business activities are performing financial research and analysis, acting as a broker-dealer of securities and engaging in investment banking services.

### 2. Summary of significant accounting policies

#### *Cash Equivalents*

The Company considers money market accounts to be cash equivalents.

#### *Securities Owned*

Marketable equity securities are valued at market value and securities not readily marketable are valued at fair value as determined by management. Unrealized changes in market value are recognized in the period in which the change occurs. Securities owned consist primarily of equity securities and warrants.

#### *Other Receivables*

The Company carries its other receivables at cost, less an allowance for doubtful accounts. On a periodic basis, the Company evaluates its other receivables and establishes an allowance for doubtful accounts, based on a history of past write-offs and collections and current credit conditions.

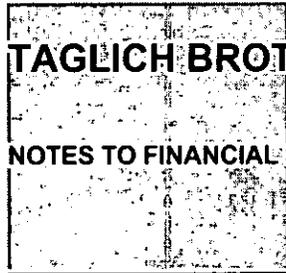

#### *Revenue Recognition*

Securities transactions and the related revenues and expenses are recorded on a trade date basis. Investment banking revenues arise from security offerings in which the Company acts as an underwriter or agent. Investment banking revenues are recorded as earned, in accordance with the terms of the investment banking agreements. Revenue from other fees and services are recorded when earned.

#### *Income Taxes*

The Company is not liable for federal or most state income taxes as the stockholders have elected to treat the Company as an "S" Corporation for federal and state income tax purposes. As such, the Company's stockholders are generally liable for taxes on corporate income and receive the benefit from corporate loss, however, the Company is subject to New York City unincorporated business tax.

The Company complies with Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes" which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax asset and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on the enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce the deferred income tax assets to the amount expected to be realized.

## **NOTES TO FINANCIAL STATEMENTS**

### **2. Summary of significant accounting policies (continued)**

#### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### **3. Net capital requirement**

The Company, as a member of the NASD, is subject to the SEC Uniform Net Capital Rule 15c3-1. This Rule requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 and that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2006, the Company's net capital was approximately \$894,000, which was approximately \$794,000 in excess of its minimum requirement of \$100,000. The ratio of aggregate indebtedness to net capital was .43 to 1.

### **4. Off-balance sheet risk**

Pursuant to clearance agreements, the Company introduces all of its securities transactions to clearing brokers on a fully-disclosed basis. All of the customers' money balances and long and short security positions are carried on the books of the clearing brokers. In accordance with the clearance agreements, the Company has agreed to indemnify the clearing brokers for losses, if any, which the clearing brokers may sustain from carrying securities transactions introduced by the Company. In accordance with industry practice and regulatory requirements, the Company and the clearing brokers monitor collateral on the customers' accounts.

In addition, the amount due to clearing broker is pursuant to these clearance agreements.

### **5. Concentrations of credit risk**

### **6. Exemption from Rule 15c3-3**
