Revenue Recognition

*Investment Banking*

Investment banking revenues include gains, losses, and fees net of expenses, arising from securities offerings in which the Company acts as an underwriter or syndicate member. Investment banking revenue also includes fees from financial advisory services. Revenue is recorded when the underwriting is completed, and financial advisory services are rendered.

*Principal Transactions*

Proprietary securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Revenue from these transactions is recorded on a net basis in operating income and includes gains or losses attributed to the market value of inventory owned.

*Investment Advisory Services*

The Company advises customers on certain securities transactions. The trades are transacted by a clearing organization. Commission income on these transactions is recorded on a trade-date basis as the securities transactions occur.

Income Taxes

The Company has elected to be taxed under the provisions of Subchapter S of the Internal Revenue Code. In lieu of corporate income taxes, the shareholder of the Company will be taxed on the Company's taxable income. Accordingly, no provision for federal income taxes has been included in these financial statements. The Company pays state income taxes, which a provision has been provided.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of management's estimates.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING  
CONTROL REQUIRED BY SEC RULE 17a-5**

To the Shareholders and Board of Directors  
NW Capital Markets Inc.  
(Formerly Windsor Financial Group/DE, Inc.)  
Jersey City, New Jersey

In planning and performing our audit of the financial statements and supplemental schedules of NW Capital Markets Inc. (formerly Windsor Financial Group/DE, Inc.) (the Company) for the year ended December 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
