## INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS' REPORT

To the Members of  
LMT Capital Markets LLC

We have audited the accompanying balance sheet of LMT Capital Markets LLC as of December 31, 2006 and the related statements of operations, changes in member's equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of LMT Capital Markets LLC at December 31, 2006, and the results of its operations, changes in member's equity, and cash flows for the year then ended in conformity with U.S. generally accepted accounting principals.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information contained on page 8 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

LMT CAPITAL MARKETS LLC

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2006

**1. ORGANIZATION AND NATURE OF BUSINESS**

LMT Capital Markets LLC (Company) was organized in the State of Delaware on January 6, 2004, and is registered as a broker-dealer in securities transactions under the Securities Exchange Act of 1934. The Company is registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers, Inc. (NASD). The Company has adopted December 31 as its year end.

The Company is engaged in the business of providing business and financial consulting, private placement of securities and agency transactions clearing through a securities clearing broker. The Company acts as a broker-dealer and is exempt from Securities and Exchange Commission Rule 15c3-3 under paragraph k(2)(ii) since it uses other security firms for clearing. At December 31, 2006, the company did not have any customers and was not acting as an introducing broker. The Company does not have any arrangement with a clearing broker.

**2. SIGNIFICANT ACCOUNTING POLICIES**

**Revenues**

Revenues are recognized by the Company when services are rendered. During the current year the Company did not have any transactions providing revenues; but did incur limited expenses as reflected in the statement of operations.

**Income Taxes**

The Company is a limited liability Company, but has elected to be taxed as a corporation. The Company files its tax return on Form 1120. The Company has a net operating loss carry-forward of \$47,500 for Federal Income Tax purposes.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

LMT CAPITAL MARKETS LLC

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2006

**3. RELATED PARTY TRANSACTIONS**

The Company repaid \$39,243 owed to LMT Capital Management, LLC at December 31, 2005 in January, 2006.

**4. NET CAPITAL REQUIREMENTS**

The Company is a member of the NASD and subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital of \$5,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2006 the Company had net capital of \$16,894 which was \$11,894 in excess of the amount required.

**5. CONTINGENCIES**

In the normal course of business, the Company may be engaged in various trading and brokerage activities, including agency transactions through a clearing broker. The Company has stated that they will not consider retail business in their business plan.

**6. GOING CONCERN**

The Company has no revenues and has no substantial assets.

Although the Company intends to implement its business plan slowly and over time, the capital resources that are needed to accomplish its plan are significant and from inception have been provided by members. The sole member is expected to continue to fund the Company's needs by raising capital from his personal net assets.

There can be no assurance that this member will continue to provide capital in sufficient amounts to fund the Company until such time as it is able to sustain itself. These reasons raise some doubt about its ability to continue as a going concern.

## INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5

To the Members of  
LMT Capital Markets LLC

In planning and performing our audit of the financial statements and supplementary information of LMT Capital Markets LLC (the "Company") for the year ended December 31, 2006, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following: 1) Making quarterly securities examinations, counts, verifications and comparisons; 2) Recordation of differences required by Rule 17a-13, or, 3) Complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the Commission's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc., (N.A.S.D.), and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
