Independent Auditors' Report

Board of Directors and Stockholders
A.T.A.P. Financial Services, Inc.
Mount Dora, Florida

We have audited the accompanying statements of financial condition of A.T.A.P. Financial Services, Inc. as of December 31, 2006 and 2005, and the related statements of operations, changes in stockholders' equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of A.T.A.P. Financial Services, Inc. as of December 31, 2006 and 2005, and the results of its operations and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in the supplemental schedule, "Computation of Net Capital Under Rule 15c3-1 of the Securities and Exchange Commission", is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplemental information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

A.T.A.P. Financial Services, Inc.

Notes to Financial Statements

December 31, 2006 and 2005

Note A - Organization and Significant Accounting Policies

Organization - A.T.A.P. Financial Services, Inc. (the "Company") is a Florida corporation. The Company is registered with the Securities and Exchange Commission as a broker/dealer which sells mutual funds, variable annuities, and other portfolio interests to customers throughout the United States.

Reserve Requirement Under Rule 15c3-3 - The Company will not clear transactions or carry customer accounts and will, therefore, be exempt under paragraph (K)(2)(A) of SEC Rule 15c3-3 from the customer reserve requirements as prescribed in the said rule. Thus, the Company is not required to establish a segregated cash account for the exclusive benefit of customers.

Cash and Cash Equivalents - For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Revenue Recognition - The Company recognizes revenues when earned and expenses when incurred.

Commissions Receivable - The Company considers commissions receivable to be fully collectible. Accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible they will be charged to operations when those determinations are made.

Income Taxes - The Company, with consent of its stockholders, has elected under the Internal Revenue Code to be an S Corporation. In lieu of corporation income taxes, the stockholders of an S Corporation are taxed on *their* proportionate share of the Company's taxable income. Therefore, no provision or liability for federal or state income taxes has been included in the financial statements.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

A.T.A.P. Financial Services, Inc.

Notes to Financial Statements - Continued

December 31, 2006 and 2005

Prior Year Comparative - Summarized financial information for the prior year has been presented in the accompanying financial statements in order to provide an understanding of the changes in the Companies' financial position and activities. The prior year information in the statement of financial condition is presented in total but not by net asset class and as such, does not include sufficient detail to constitute presentation in conformity with accounting principles generally accepted in the United States of America.

Note B - Related Party Transactions

The Company had transactions in the ordinary course of business with stockholders/officers and related parties. Commission income and expense resulting from these transactions were as follows for the years ended December 31:

	<u>2006</u>	<u>2005</u>
Commission income	\$29,656	\$29,144
Commission expense	16,327	29,448

A.T.A.P. Financial Services, Inc. leased office space from an affiliated company, A.T.A.P. Companies, to which \$8,276 and \$29,555 was paid in the year ended December 31, 2006 and 2005, respectively. The lease is a month to month arrangement without any long term commitments.

Note C - Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2006 and 2005, the Company had net capital under rule 15c3-1 of \$6,816 and \$6,999, which was \$1,816 and \$1,999 in excess of the required net capital under rule 15c3-1 of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 0 to 1, at December 31, 2006 and 2005. The Company had no aggregate indebtedness at December 31, 2006 and 2005.

A.T.A.P. Financial Services, Inc.

Notes to Financial Statements - Continued

December 31, 2006 and 2005

Note D – Major Provider

Commissions received from three providers during the year ended December 31, 2006 totaled approximately \$75,807, \$27,500 and \$111 respectively. During the year ended December 31, 2005, sales to two of the providers totaled approximately \$55,780 and \$7,419, respectively.

Note E – Material Inadequacies

No material inadequacies were found to exist at or since the date of the previous audit, therefore none are disclosed.

Independent Auditors' Report on Internal Accounting Control Required by SEC Rule 17a-5

Board of Directors and Stockholders
A.T.A.P. Financial Services, Inc.
Mount Dora, Florida

In planning and performing our audits of the financial statements of A.T.A.P. Financial Services, Inc. for the years ended December 31, 2006 and 2005, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we also made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to criteria stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)-(11) and the reserve required by Rule 15c3-3(e). We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System or obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with U.S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, misstatements due to errors or fraud may occur and not be detected. Also, projections of any evaluation of internal control to future periods is subject to the risk that internal control may become inadequate because of changes in conditions, or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and our study, we believe that the Company's practices and procedures were adequate at December 31, 2006 and 2005, to meet the SEC's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, and the National Association of Securities Dealers, Inc. and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

KRG&G, LLP
