INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Temper of the Times Investor Services, Inc.
Rye, New York

We have audited the accompanying statement of financial condition of Temper of the Times Investor Services, Inc., (an S corporation) as of December 31, 2006 and 2005, and the related statements of operations, changes in stockholders' equity, cash flows and changes in liabilities subordinated to claims of general creditors for the years then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Temper of the Times Investor Services, Inc. as of December 31, 2006 and 2005, and the results of its operations, its cash flows, and its changes in liabilities subordinated to claims of general creditors for the years then ended in conformity with accounting principles generally accepted in the United States of America.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information on pages 14 to 17 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TEMPER OF THE TIMES INVESTOR SERVICES, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2006 AND 2005

1. Summary of significant accounting policies:

Nature of operations

Temper of the Times Investor Services, Inc., (the Company) is engaged in a single line of business as a self-clearing securities broker/dealer, which provides a service to help customers become enrolled in dividend reinvestment plans of publicly-traded companies. This service is provided primarily to subscribers of *The Moneypaper*, a monthly newsletter, *Direct Investing*, a semi-monthly newsletter, and purchasers of the *Guide to Direct Investment Plans*, all of which are published by an affiliate. The Company is a member of the National Association of Securities Dealers ("NASD"). The Company operates in New York and its customers are located throughout the United States.

Receivables from customers

Receivables from customers are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its current assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to receivables from customers. Changes in the valuation allowance are not material to the financial statements.

Securities inventory

Securities inventory is recorded on a settlement date basis and marketable securities are stated at fair value based upon quoted market prices. Unrealized gains and losses are reflected in revenue. The Company's inventory is comprised exclusively of marketable corporate equity securities.

Furniture, equipment and leasehold improvements

Furniture, equipment and leasehold improvements are carried at cost. Depreciation is provided on a straight-line basis using estimated useful lives of 5-7 years.

TEMPER OF THE TIMES INVESTOR SERVICES, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2006 AND 2005

1. Summary of significant accounting policies (continued):

Revenue recognition

The Company charges an enrollment fee for opening dividend reinvestment plan accounts for those customers with the various publicly held companies. The enrollment charges and the related revenues and expenses in connection with the dividend reinvestment plan service are recognized on a settlement date basis. With respect to the Company's method of conducting business, there is no material difference between the accounting on a settlement date basis as compared to a trade date basis.

Advertising costs

The Company does not do any direct advertising. The Company's promotional efforts are handled by an affiliate. Advertising, marketing and customer service expenses paid to an affiliate were \$997,222 and \$1,195,092 for 2006 and 2005, respectively.

Income taxes

The Company's shareholders elected S corporation status for Federal and New York State income tax purposes. All taxable income and expense items are allocated to the shareholders for inclusion in their respective income tax returns. Accordingly, there is no provision for Federal income taxes. The income tax provision consists entirely of current New York State taxes.

There are no deferred taxes as the timing differences between accounting and tax items are immaterial.

Cash and cash equivalents

For purposes of the statement of cash flows, the Company considers all highly-liquid securities with a maturity of three months or less, when purchased, to be cash equivalents.

Accounting for long-lived assets

The Company reviews long-lived assets for impairment whenever circumstances and situations change such that there is an indication that the carrying amounts may not be recovered. At December 31, 2006, the Company believes that there has been no impairment of its long-lived assets.

TEMPER OF THE TIMES INVESTOR SERVICES, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2006 AND 2005

1. Summary of significant accounting policies (continued):

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of income and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

The Company has made certain reclassifications to the prior year financial statements to conform to the current year presentation. Such reclassification had no effect on net income as previously reported.

2. Cash segregated under Federal and other regulations:

Cash has been segregated in a special reserve bank account for the benefit of customers under rule 15c3-3 of the Securities and Exchange Act of 1934.

3. Receivables from customers and payables to customers:

Receivable from customers represent uncollateralized underpayments of security purchases. Underpayments from customers are funded to the reserve account by the operating account. All reasonable attempts are then made to collect the underpayments.

The Company accounts for monies received from customers as a payable until the requested securities are purchased and any excess funds are refunded.

TEMPER OF THE TIMES INVESTOR SERVICES, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2006 AND 2005

4. **Furniture and equipment:**

Furniture and equipment are summarized as follows:

	<u>2006</u>	<u>2005</u>
Furniture and equipment	\$ 315,216	\$ 315,216
Accumulated depreciation	<u>315,216</u>	<u>315,216</u>
	<u>\$ -</u>	<u>\$ -</u>

Depreciation expense amounted to \$0 and \$19 for 2006 and 2005, respectively.

5. **Retirement plan:**

The Company maintains a 401(k) plan covering all eligible employees. The Company has an option to match the employee contributions. The employees made voluntary plan contributions in 2006 and 2005. The Company did not make any discretionary contributions in either year.

6. **Net capital requirements:**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital of \$250,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2006, the Company had net capital of \$856,954, which was \$606,954 in excess of its required net capital of \$250,000. The Company's aggregate indebtedness to net capital ratio was 0.06 to 1.

TEMPER OF THE TIMES INVESTOR SERVICES, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2006 AND 2005

7. Regulation:

The Company is registered as a broker-dealer with the Securities and Exchange Commission ("SEC"). The securities industry in the United States is subject to extensive regulation under both federal and state laws. The SEC is the federal agency responsible for the administration of the federal securities laws. Much of the regulation of broker-dealers has been delegated to self-regulatory organizations, such as the NASD, which has been designated by the SEC as the Company's primary regulator. These self-regulatory organizations adopt rules, subject to approval by the SEC, that govern the industry and conduct periodic examinations of the Company's operations. The primary purpose of these requirements is to enhance the protection of customer assets. These laws and regulatory requirements subject the Company to standards of solvency with respect to capital requirements, financial reporting requirements, record keeping and business practices, the use and safekeeping of customers' funds and securities, and the conduct of directors, officers and employees.

Securities firms are also subject to regulation by state securities administrators in those states in which they conduct business.

8. Concentrations:

Credit risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash and cash equivalent accounts in financial institutions, which from time to time exceed the Federal depository insurance coverage limit. The Company maintains its cash accounts with high quality financial institutions to minimize risk.

Business risk

The Company's revenues and profitability is affected by many conditions, including changes in economic conditions, inflation, political events, and investor sentiment. Because these factors are unpredictable and beyond the Company's control, earnings may fluctuate significantly from year to year.

TEMPER OF THE TIMES INVESTOR SERVICES, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2006 AND 2005

8. **Concentrations (continued):**

Stock purchases

The Company uses a market maker and a broker-dealer to purchase the stock used to fulfill customer enrollment orders. A change in brokerage firms could cause an increase in transaction costs and a possible loss of sales, which could adversely affect operating results. The Company is changing the primary broker-dealer it uses in early 2007.

9. **Related party transactions:**

The Company paid \$997,222 and \$1,195,092 for 2006 and 2005, respectively, to an affiliate for subscriptions to financial publications of the affiliate.

For services rendered to the affiliate's subscribers, the Company received \$923,560 and \$1,124,575 from an affiliate in 2006 and 2005, respectively.

Due from related entities

This receivable is non-interest bearing and is a result of transactions occurring between the affiliates in the normal course of business.

Due to related entity

This payable is non-interest bearing and is a result of transactions occurring between the affiliates in the normal course of business.

Subordinated loan payable, related party

The Company received a \$200,000 loan from an affiliate in 1999. The loan was due in full on December 1, 2003 with interest at 6% per annum. The affiliate agreed to subordinate any right to receive payment of principal to the prior payment or provision for payment in full against all claims of all present and future creditors of the Company arising out of any matter occurring prior to the date the obligation matures. In December 2005, the affiliate extended the maturity date of the loan to January 31, 2010 and the interest rate was maintained at 6%. In December 2005, the Company also received approval from the NASD to extend the subordination agreement through January 31, 2010.

TEMPER OF THE TIMES INVESTOR SERVICES, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2006 AND 2005

9. **Related party transactions (continued):**

Subordinated loan payable, related party (continued)

The Company recorded interest of \$12,000 for 2006 and 2005 on the above loan. As of December 31, 2006 and 2005, the unpaid interest of \$12,000 was included in "Due to related entity".

Administrative expenses - postage, telephone, office supplies

The Company and its affiliate share office space and administrative expenses. Expenses are allocated based on the amount of usage. The affiliate subsidizes the Company's mailing costs as promotional materials are sent out with the purchase confirmations.

Rental expense

The Company leased its office premises from an affiliate pursuant to a sub-lease which expired on August 31, 2006. The affiliate has renewed its lease with the landlord, however, a new or extended sub-lease agreement has not yet been signed. The lease is continuing on a month-to month basis under the same conditions as the previous sub-lease.

Rent expense totaled \$31,110 and \$31,185 for 2006 and 2005, respectively.

10. **Financial instruments:**

Substantially all the Company's financial instruments are carried at fair value or amounts that approximate fair value.

11. **Securities in the process of transfer:**

The Company fulfills customer orders by purchasing securities through brokers and arranges for the transfer of the shares purchased to the ultimate owner through the respective transfer agents. The Company does not record the value of securities in the process of transfer in the accompanying financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL

To the Board of Directors
Temper of the Times Investor Services, Inc.
Rye, New York

In planning and performing our audit of the financial statements and supplementary schedules of Temper of the Times Investor Services, Inc. (the Company), for the year ended December 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in the following:

1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and the reserve required by rule 15c3-3(e).
2. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of the Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practice and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

(Continued)

Because of the inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weakness under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by the employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that are considered to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practice and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
