### **INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5**

Board of Directors  
Focus Advisory, LLC

We have audited the financial statements of Focus Advisory, LLC for the years ended December 31, 2006 and 2005, and have issued our report thereon dated January 18, 2007. As part of our examination, we made a study and evaluation of the Company's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

Also, as required by rule 17a-5(g), (1) of the Securities and Exchange Commission, we have made a study of the practices and procedures including tests of compliance with such practice and procedures followed by Focus Advisory, LLC that we considered relevant to the objectives stated in rule 17a-5 (g), (1) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3 (a) (2) and the reserve required by rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recording of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Rule 17a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

New York • 1114 Avenue of the Americas, New York, NY 10036 • phone 212.302.3300 • fax 212.302.9660

Long Island • 41 Front Street, Rockville Centre, New York 11570 • phone 516.766.7345 • fax 516.766.7363

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of Focus Advisory, LLC. taken as a whole. However, our study and evaluation disclosed no condition that we believed to be a material weakness.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the Commission's objectives.

This report is intended solely for the use of management and the Securities and Exchange Commission and should not be used for any other purposes.
