Independent Auditor's Report

Board of Directors
CAPITAL PORTFOLIO MANAGEMENT, INC.
Cockeysville, Maryland

We have audited the accompanying Statements of Financial Condition of CAPITAL PORTFOLIO MANAGEMENT, INC. as of March 31, 2007 and 2006 and the related Statements of Income, Changes in Stockholders' Equity and Cash Flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CAPITAL PORTFOLIO MANAGEMENT, INC. as of March 31, 2007 and 2006 and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on pages 10 to 11 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CAPITAL PORTFOLIO MANAGEMENT, INC.

Notes to Financial Statements
March 31, 2007 and 2006

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization

Capital Portfolio Management, Inc. (CPMI) was incorporated on August 14, 1991 under laws of the State of Maryland. The Company, on October 11, 1991, filed an application with the Securities and Exchange Commission (SEC) to become a registered broker-dealer, with approval being granted on October 23, 1991. The Company became a broker-dealer member firm of the National Association of Securities Dealers (NASD) on March 3, 1992.

Accounting method

CPMI uses the accrual basis of accounting for financial reporting.

Investments

Investments are recorded at fair market value. Temporary unrealized gains and losses are recorded as a component of stockholders' equity. Permanent unrealized losses are charged to earnings during the period the loss is incurred.

Commissions

Securities transactions gains and losses and commission income and expenses are recorded on a settlement date basis.

Property and equipment

Property and equipment are recorded at original cost and are depreciated using the Modified Accelerated Cost Recovery System (MACRS) method defined by the Internal Revenue Code over predetermined lives of five to seven years. Depreciation expense using the MACRS method was not deemed to be materially different from such expense determined using estimated economic lives as required by generally accepted accounting principles.

Costs of repairs and maintenance of the property and equipment are expensed as incurred.

CAPITAL PORTFOLIO MANAGEMENT, INC.

Notes To Financial Statements
March 31, 2007 and 2006

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

(CONTINUED)

Income taxes

CPMI files its income tax returns on the cash basis, whereby revenue is recognized when received and expenses are recognized when paid. Certain transactions, primarily commissions receivable, accounts payable and accrued expenses, will affect different periods for financial statements and income tax reporting purposes. Deferred federal and state income taxes are provided for material temporary differences.

Comprehensive income

Statement of Financial Accounting Standards No. 130, Reporting Comprehensive Income, requires that total comprehensive income be reported in the financial statements. Unrealized gains on available-for-sale securities are the company's only item of comprehensive income and are reflected in the Statements of Changes in Stockholders' Equity.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported financial position and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported results of operations during the reporting period. Actual results may differ from those estimates.

NOTE 2 - MARKETABLE SECURITIES

Cost and fair value of marketable securities at March 31, 2007 are as follows:

	<u>Cost</u>	Gross Unrealized <u>(Loss)</u>	Fair Value
Available for sale:			
Equity securities and options	\$ <u>234,078</u>	\$ (<u>6,803</u>)	\$ <u>227,275</u>

CAPITAL PORTFOLIO MANAGEMENT, INC.

Notes to Financial Statements
March 31, 2007 and 2006

NOTE 3 - RECEIVABLE FROM CLEARING BROKER

Receivable from clearing broker represents the net of commissions and interest earned against the clearing charges. CPMI is charged on a per trade basis according to the terms of the clearing agreement. The net receivables due from the clearing broker were \$53,246 at March 31, 2007 and \$45,576 at March 31, 2006.

NOTE 4 - MARGIN LINE OF CREDIT

CPMI has a margin line of credit with Bear Stearns, the Company's securities clearing house. CPMI is allowed to borrow up to fifty percent of the fair market value of the cash and marketable securities held in the Company's account at Bear Stearns. The credit agreement provides for interest due on the outstanding principal calculated at Bear Stearns' stated daily call rate. The principal is secured by CPMI's cash and marketable securities held at Bear Stearns.

The outstanding principal on the line of credit at March 31, 2007 was \$94,457.

NOTE 5 - NET CAPITAL REQUIREMENTS

CPMI is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1, which requires the maintenance of a minimum net capital. The rule also requires that the ratio of aggregate indebtedness to net capital, as defined, shall not exceed 15 to 1. At March 31, 2007, CPMI's net capital was \$139,452 which was \$39,452 more than its required minimum net capital of \$100,000. CPMI's aggregate indebtedness to net capital ratio was 1.43 to 1.

NOTE 6 - RESERVE REQUIREMENTS

CPMI is claiming a k2(i) and k2(ii) exemption from provisions of the Securities and Exchange Commission Reserve Requirement Rule 15c3-3, Customer Protection - Reserves and Custody of Securities. CPMI meets the conditions for this exemption because it does not carry customer margin accounts and does not otherwise hold funds or securities for or owe money or securities to customers.

CAPITAL PORTFOLIO MANAGEMENT, INC.

Notes to Financial Statements
March 31, 2007 and 2006

NOTE 7 - LEASES AND RELATED PARTIES

CPMI leases its office space in Cockeysville, Maryland under a month-to-month operating lease. The office space is owned by the sole common stockholder of the Company.

Total rent expense of \$106,000 and \$85,000 was incurred for the years ended March 31, 2007 and 2006, respectively.

NOTE 8 - INCOME TAXES

For the years ended March 31, 2007 and 2006, the provision for income taxes consisted of the following components:

	<u>2006</u>	<u>2005</u>
Current (credit) provision		
Federal	\$ -	\$ 1,402
State	-	693
Total	\$ -	\$ <u>2,095</u>
Comprehensive income tax expense	\$ -	\$ <u>2,095</u>

Deferred income taxes result from the use of different accounting methods for income tax purposes. The components of such temporary differences were not material to the financial statements.

NOTE 9 - SETTLEMENT DUE NASD

CPMI was disciplined by the NASD for violating the NASD Conduct Rules for pricing of corporate bonds sold to customers. Under a Letter of Acceptance, Waiver and Consent with the NASD, CPMI was fined \$24,000 of which \$16,359 was unpaid as of March 31, 2007. CPMI has taken all required steps to correct its bond pricing procedures.

CAPITAL PORTFOLIO MANAGEMENT, INC.

Computation of Net Capital Under Rule 15c3-1 of
The Securities and Exchange Commission
March 31, 2007

Total stockholders' equity from Statement of Financial Condition		\$ 268,350

CAPITAL PORTFOLIO MANAGEMENT, INC.

Report on Internal Control Structure

March 31, 2007

Independent Auditor's Report on Internal Control Structure

Board of Directors
CAPITAL PORTFOLIO MANAGEMENT, INC.
Cockeysville, Maryland

In planning and performing our audit of the financial statements of CAPITAL PORTFOLIO MANAGEMENT, INC. as of and for the year ended March 31, 2007, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements, and not to provide assurance on the internal control structure.

We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3.

We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Independent Auditor's Report on Internal Control Structure

(Continued)

Because of inherent limitations in any internal control structure or the practices procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure including procedures for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at March 31, 2007 to meet the Commission's objectives.

This report is intended solely for the use of management and the Securities and Exchange Commission (SEC) in connection with the Company's annual report to the SEC and should not be used for any other purpose.
