Independent Auditors' Report

We have audited the accompanying statement of financial condition of Bariston Securities, Inc. (the "Company") (a Massachusetts corporation and a wholly owned subsidiary of Bariston Holdings, Inc.) as of March 31, 2007, and the related statement of operations, changes in stockholder's equity, and cash flows for the year then ended that you are filing, pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Bariston Securities, Inc. as of March 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BARISTON SECURITIES, INC.
(A Wholly Owned Subsidiary of Bariston Holdings, Inc.)

Notes to Financial Statements

March 31, 2007

Note 1 - Organization

Bariston Securities, Inc. (the "Company") is a wholly-owned subsidiary of Bariston Holdings, Inc. ("BHI"). The Company is registered as a broker-dealer under the Securities Exchange Act of 1934 and provides services to an affiliated company. Revenues generated in the course of these activities are recorded in the books of the affiliated company. The parent has committed to the funding of the operating expenses of the Company, whenever necessary, in the form of additional capital contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The Company's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, whereby revenues, if any, from placement fees are recognized when earned and expenses are recognized when incurred.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes - The Company's federal tax return is included in the consolidated tax return of its parent, BHI. The Company's tax provision is calculated on a separate return basis, and taxes payable or benefits taken are transferred to BHI. The Company files its own Massachusetts state tax return.

The Company provides for income taxes in accordance with the requirements of Statement of Financial Accounting Standards ("SFAS") No. 109, *Accounting for Income Taxes*. Under SFAS No. 109, deferred tax assets and liabilities are recognized for the expected future tax consequences of events that have been included in the financial statements or tax returns. The amount of deferred tax asset or liability is based on the differences between the financial statement and tax bases of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to be reflected in the tax return.

Note 3 - Net Capital

As a broker-dealer, the Company is subject to the Securities and Exchange Commission's ("SEC") regulations and operating guidelines, which require the Company to maintain a specified amount of net capital, as defined, and a ratio of aggregate indebtedness to net capital, as defined, not to exceed 15:1. Net capital and the related ratio of aggregate indebtedness to net capital may fluctuate on a daily basis. The Company's net capital, as computed under rule 15c3-I was \$7,546, which exceeded required net capital of \$5,000, by \$2,546. The Company's ratio of aggregate indebtedness to net capital was .72:1 at March 31, 2007.

BARISTON SECURITIES, INC.
(A Wholly Owned Subsidiary of Bariston Holdings, Inc.)

Notes to Financial Statements - Continued

March 31, 2007

Note 3 - Net Capital - Continued

The Company is exempt from rule 15c3-3 as it maintains a special account for the exclusive benefit of its customers, and it does not otherwise hold funds or securities for, or owes money or securities to, its customers.

BARISTON SECURITIES, INC.
(A Wholly Owned Subsidiary of Bariston Holdings, Inc.)

Schedule I

Computation of Net Capital under Rule 15c3-1
of the Securities and Exchange Act of 1934

March 31, 2007

| | |
|---|------------------|
| Net capital | \$ 7,546 |
| Minimum net capital required | <u>5,000</u> |
| Excess net capital | <u>\$ 2,546</u> |
| Aggregate indebtedness - Accrued expenses | <u>\$ 5,456</u> |
| Ratio - aggregate indebtedness to net capital | <u>\$ 0.72:1</u> |

There are no material differences in the Computation of Net Capital under rule 15c3-1 of the Securities Exchange Act of 1934 and computation of net capital in the Company's corresponding unaudited FOCUS Report Part IIA, filed as of March 31, 2007.

BARISTON SECURITIES, INC.
(A Wholly Owned Subsidiary of Bariston Holdings, Inc.)

Schedule II

Computation for Determination of Reserve Requirements for
Broker-Dealers under Rule 15c3-3
of the Securities Exchange Act of 1934

March 31, 2007

Bariston Securities, Inc. is exempt from the reserve requirements of rule 15c3-3, as it maintains a special account for the exclusive benefit of its customers, and it does not otherwise hold funds or securities for, or owes money or securities to, its customers. Accordingly, the computation for determination of reserve requirements pursuant to rule 15c3-3 and information relating to the possession or control requirements pursuant to rule 15c3-3 are not applicable. In the opinion of management, the Company has complied with the exemptive provisions of rule 15c3-3 throughout the year ended March 31, 2007.

FEELEY & DRISCOLL, P.C.
Certified Public Accountants/Business Consultants

Supplementary Report of Independent Auditors

The Board of Directors
Bariston Securities, Inc.
Woburn, Massachusetts

In planning and performing our audit of the financial statements and supplemental schedules of Bariston Securities, Inc. (the "Company") for the year ended March 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting ("internal control"), including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control. Accordingly, we do not provide an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use of disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

The Board of Directors
Bariston Securities, Inc.
Woburn, Massachusetts

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at March 31, 2007 to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be, and should not be, used by anyone other than these specified parties.
