## INDEPENDENT AUDITORS' REPORT

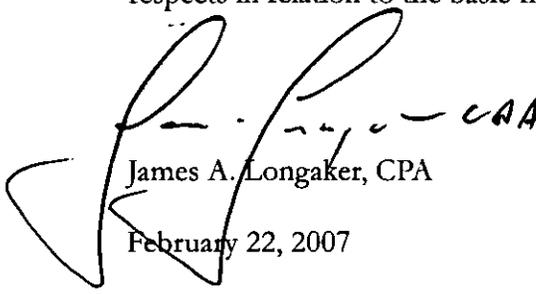

Board of Partners  
Doheny Capital, LP  
Acoura Hills, CA

I have audited the accompanying statement of financial condition of Doheny Global Capital, LP as of December 31, 2006 and the related statement of income, changes in Partners' equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Doheny Global Capital, LP as of December 31, 2006, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

My audit was made for the purpose of forming an opinion on the Basic financial statements taken as a whole. The information contained on Pages 7, 8 and 9 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**DOHENY GLOBAL CAPITAL, LP**  
**(Formerly, ACA Partners Securities, LP)**  
**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2006**

**A. Summary Of Significant Accounting Policies**

**Nature of Business**

Doheny Global Capital, LP (the "Company") is a Texas partnership and is a registered broker-dealer. It is subject to a minimum net capital requirement of \$5,000 under SEC Rule 15c3-1, operated pursuant to the (k)(2)(ii) exemptive provision of SEC Rule 15c3-3, and did not hold customer funds or securities. The company changed its name from ACA Partners Securities, LP to Doheny Global Capital, LP on October 31, 2006.

**Method of Accounting**

The Company maintains its books and records on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash Equivalents**

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with maturity of three months or less to be cash equivalents at December 31, 2006. There were no cash equivalents at December 31, 2006.

**Federal Income Taxes**

The Company is a Limited Partnership (LP) for federal and state income tax purposes. Accordingly, the Company has no liability for federal income taxes, since such taxes, if any, are the responsibility of its partners.

**Net Capital**

The Company is subject to a \$5,000 minimum capital requirement under SEC Rule 15c3-1, which requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. Net capital and the related net capital ratio fluctuate on a daily basis; however, as of December 31, 2006, the net capital was \$6,000, which exceeded the required minimum capital by \$1,000, and the aggregate indebtedness (A.I.) to net capital ratio was not applicable since there was no A.I.

**DOHENY GLOBAL CAPITAL, LP**  
**(Formerly ACA Partners Securities, LP)**  
**COMPUTATION OF NET CAPITAL PURSUANT TO RULE 15C3-1**

**DECEMBER 31, 2006**

Total equity from statement of financial condition	\$	6,445
Less non-allowable assets:		
Deposits		445
Net Capital	\$	6,000

COMPUTATION OF BASIC NET CAPITAL REQUIREMENT

Minimum net capital required (6-2/3% of aggregate indebtedness)		-
Minimum dollar net capital required	\$	5,000
Net capital requirement (greater of above two figures)	\$	5,000
Excess net capital	\$	1,000

COMPUTATION OF RATIO OF AGGREGATE INDEBTEDNESS TO NET CAPITAL

Total liabilities (per statement of financial condition)		-
Ratio of aggregate indebtedness to net capital		N/A
Percentage of debt to debt-equity total computed in accordance with Rule 15c3-1 (d)		N/A

RECONCILIATION WITH COMPANY'S COMPUTATION

The above agrees with the Company's Computation (included in Part II of Form X-17a-5)

# JAMES A. LONGAKER

CERTIFIED PUBLIC ACCOUNTANT

The Partners  
Doheny Global Capital, LP  
Acoura Hills, CA

In planning and performing my audit of the financial statements and supplemental schedules of Doheny Global Capital, LP for the year ended December 31, 2006, I considered its internal control structure, including procedures for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g) (1) of the Securities and Exchange Commission (SEC), I have made a study of the practices and procedures used by the Company, including tests of such practices and procedures that I considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a) (11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulations T of the Board of Governors of the Federal Reserve System.

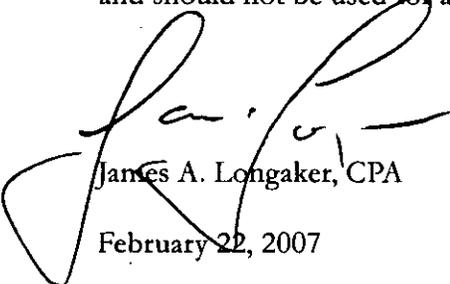

The management of the Company is responsible for establishing and maintaining a system of internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the internal control structure, including procedures for safeguarding securities that I consider to be material weaknesses as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the use of the partners, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934, and should not be used for any other purpose.
