We have audited the accompanying consolidated statement of financial condition of CF Global Trading, LLC and subsidiaries (the "Company") as of December 31, 2006, that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Notes to Consolidated Statement of Financial Condition December 31, 2006

NOTE A - NATURE OF BUSINESS

CF Global Trading, LLC (the "Parent"), a Delaware limited liability company, was organized on April 18, 2000. The Parent is a registered broker-dealer and a member of the National Association of Securities Dealers. The Parent was organized for the principal purpose of engaging in international securities brokerage business and acts as an agency or introducing broker for institutional customers. It clears all transactions through other broker-dealers on a fully disclosed basis. The Parent shall continue until December 18, 2018 and thereafter from year to year unless dissolved before such date, as allowed for in the Amended Limited Liability Company Agreement (the "Agreement").

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Principles of consolidation:

The financial statements of CF Global Trading, LLC and subsidiaries (collectively, the "Company") include the accounts of CF Global Trading, LLC and its wholly owned subsidiaries CF Global (HK) Limited, incorporated in Hong Kong and CF Global Trading (UK) Limited, incorporated in the United Kingdom. All intercompany transactions and balances have been eliminated in consolidation.

[2] Cash and cash equivalents:

The Company considers money market funds and all investment instruments purchased with a maturity of three months or less to be cash equivalents.

[3] Commissions:

Commissions and related clearing expenses are recorded on a trade date basis.

[4] Translation of foreign currencies:

Assets and liabilities denominated in foreign currencies are translated at year-end exchange rates, while income statement accounts are translated at average exchange rates for the year.

[5] Securities valuation:

Securities listed on a national securities exchange are valued at their last sales price. Securities which are not listed on a national securities exchange are valued at their last closing bid prices if held long by the Company and their last closing asked prices if held short by the Company. Securities for which exchange quotations are not readily available are valued using estimated fair values as determined by the Managing Member in good faith using consistently applied methods and procedures established by the Managing Member. Investments in limited partnerships for which exchange quotations are not readily available are valued by the Managing Member based upon the net asset value as provided by the underlying investment manager.

[6] Furniture, equipment and leasehold improvements:

Depreciation is provided using the straight-line method over the estimated useful lives of the assets of five years. Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or term of the lease, whichever is shorter.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[7] Income taxes:

The Parent is a limited liability company and is not subject to taxation; however, the members are required to report their share of the Company's income and loss items on their individual tax returns.

[8] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[9] New accounting pronouncement:

In September 2006, the Financial Accounting Standards Board issued SFAS No. 157 ("SFAS 157"), "Fair Value Measurements". SFAS 157 defines fair value and establishes a framework for measuring fair value. It also expands the disclosures about the use of fair value to measure assets and liabilities. SFAS 157 is effective beginning the first fiscal year that begins after November 15, 2007. Management is currently evaluating the impact, if any, of the adoption of SFAS 157 on its financial statements.

NOTE C - MEMBERS' CAPITAL

Income and losses are allocated among the members based on their participating percentages, as defined in the Agreement.

NOTE D - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission uniform net capital rule (rule 15c3-1), which requires that aggregate indebtedness, as defined, shall not exceed 15 times net capital, as defined. At December 31, 2006, the Company had net capital of \$2,896,518, which was \$2,646,518 in excess of its required net capital of \$250,000. The Company's ratio of aggregate indebtedness to net capital was 1.19 to 1.

NOTE E - COMMITMENTS AND CONCENTRATION OF CREDIT RISK

As a nonclearing broker, the Company has its customers' transactions cleared through other broker-dealers pursuant to clearance agreements. Nonperformance by its customers in fulfilling their contractual obligations pursuant to securities transactions with the clearing brokers may expose the Company to risk and potential loss. The Company utilizes clearing brokers that are highly capitalized and members of major securities exchanges.

The Company occupies office space under various noncancelable operating leases with terms expiring through 2010. Minimum rental commitments under noncancelable leases are as follows:

2007	\$ 207,398
2008	204,572
2009	63,123
2010	<u>45,000</u>
	<u>\$ 520,093</u>

NOTE F - RELATED PARTY TRANSACTIONS

During 2005, the Parent subleased office space on a month to month basis from one of its members. The Company vacated this space in January 2006 and entered into a five year non-cancelable lease at another location with an unrelated party. The former landlord claimed there was a lease agreement for a term to expire in 2012 with remaining rent due of \$533,000. In April 2006, the Company entered into an agreement with the member (and former landlord) whereby the member's interest in the Company was terminated and the Company paid the member \$1,010,000 in full settlement of all the member's claims.
