Re: Ocean State Securities, Inc.

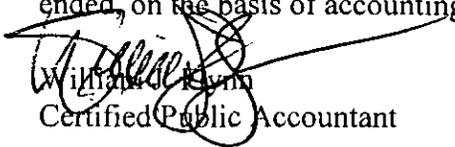

Gentlemen:

I have examined the Statement of Financial Condition and Investment Portfolio of Ocean State Securities, Inc. As of December 31, 2006 and the related statements of Income and Expenses and Statement of Changes in Financial Condition for the year then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

I have also been asked to prepare supplementary schedules and other data which are requirements for preparing Form X-17A-5 of the Securities and Exchange Commission and as such the verifications of the computations pursuant to Rules 15c3-1 and -3 were made and are a part of this report. They were performed in conformity with the accounting practices prescribed or permitted by the Security and Exchange Commission, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In my opinion, the financial statements and the supplementary information referred to above present fairly, in all material respects, the assets, liabilities and stockholder's equity of Ocean State Securities, Inc. As of December 31, 2006, and the results of its operations for the year then ended, on the basis of accounting described in the previous paragraph.
