INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Security Church Finance, Inc.
Houston, Texas

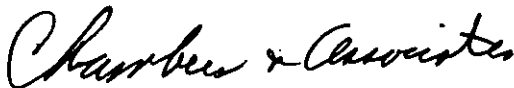

We have audited the balance sheets of Security Church Finance, Inc. as of May 31, 2007 and 2006 and the related statements of income, stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Security Church Finance, Inc. as of May 31, 2007 and 2006, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SECURITY CHURCH FINANCE, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED MAY 31, 2007 AND 2006

A. Summary of Significant Accounting Policies

The Company was organized in 1962 to serve churches throughout the United States as a licensed broker/dealer and as an agent in the preparation of mortgage bond issues.

Revenue Recognition

Program fees for providing professional and technical services in preparing bond issues are recognized when the prospectus is complete and the program is underway. Typically, a church makes a down payment at the start of a program, which is recognized as revenue when received. The remaining fees are generally collected from bond proceeds held in a third party escrow account when all escrow requirements are met.

Property and Equipment

Property and equipment are recorded at cost. Depreciation is provided over an estimated useful life of five years using the straight-line method.

Marketable Securities

The Company adopted the provisions of Statement of Financial Accounting Standards No. 115, "Accounting for Certain Investments in Debt and Equity Securities," during the year ended May 31, 1995. Marketable securities are carried at their aggregate market value with unrealized gain or loss reflected as a separate component of stockholders' equity.

Federal Income Taxes

The reported amount of federal income taxes differs from the amount computed by applying the U.S. Federal income tax rates because of certain nondeductible expenses, primarily life insurance premiums.

Deferred federal income taxes are due to temporary differences between financial and taxable income resulting primarily from the use of the cash basis of accounting and accelerated depreciation methods for tax reporting.

SECURITY CHURCH FINANCE, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED MAY 31, 2007 AND 2006

A. Summary of Significant Accounting Policies (continued)

Federal Income Taxes (continued)

Provisions for income taxes are based on amounts reported in the statements of income and include deferred taxes on temporary differences in the recognition of income and expense for tax and financial statement purposes. Deferred taxes are computed on the liability method as prescribed in SFAS No. 109, "Accounting for Income Taxes."

Statements of Cash Flows

The Company considers all highly liquid investments with an original maturity of three months or less to be a cash equivalent.

No federal income tax deposits were made for the years ending May 31, 2007 and 2006.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

B. Stockholders' Equity

Preferred shareholders are entitled to receive preferential and cumulative quarterly dividends at an annual rate of \$5.00 per share. Redemption of preferred stock is at the option of the Company at a price of \$50.00 per share. Upon voluntary or involuntary liquidation of the Company, the preferred shares have a liquidation preference of \$50.00 per share.

To the Board of Directors
Security Church Finance, Inc.
Houston, Texas

We have audited the financial statements of Security Church Finance, Inc. for the years ended May 31, 2007 and 2006, and have issued our report thereon dated July 24, 2007. As a part of our audit, we assessed the Company's internal control structure to the extent we considered necessary to plan our audit and design audit tests as required by generally accepted auditing standards. The purpose of our assessment was to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the internal control structure taken as a whole.

Also, as required by rule 17a-5(g) (1) of the Securities and Exchange Commission, we have made a study of the practices and procedures followed by Security Church Finance, Inc. that we considered relevant to the objectives stated in rule 17a-5 (g) (1) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3 (a) (11). As of May 31, 2007, Security Church Finance, Inc. was operating under the (K) (2) (i) exemption of SEC Rule 15c3-3. Our assessment indicated that the conditions of the exemption were being complied with as of May 31, 2007, and no facts came to our attention, which indicated that the exemption had not been complied with during the year ended May 31, 2007.

The management of Security Church Finance, Inc. is responsible for establishing and maintaining an internal control structure. The objectives of the internal control structure are to provide reasonable, but not absolute, assurance that financial data are recorded, processed, summarized, and reported consistent with the assertions embodied in the financial statements.

Because of the inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that policies or procedures may become inadequate because of changes in conditions.

Our assessment made for the limited purposes described would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the internal control structure of Security Church Finance, Inc. taken as a whole. However, our assessment disclosed no condition that we believe to be a material weakness.

To the Board of Directors
