## REPORT OF INDEPENDENT AUDITORS

Board of Directors and Stockholders  
Sweney Cartwright & Co.  
Columbus, Ohio

We have audited the accompanying statement of financial condition of Sweney Cartwright & Co. (the "Company") as of September 30, 2007, and the related statements of operations, changes in stockholders' equity and cash flows for the year then ended, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Sweney Cartwright & Co. as of September 30, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of the Company as of September 30, 2007: Computation of Net Capital for Brokers and Dealers Pursuant to Rule 15c3-1 under the Securities Exchange Act of 1934, Computation for Determination of Reserve Requirements for Brokers and Dealers Pursuant to Rule 15c3-3 under the Securities Exchange Act of 1934, and Information Relating to Possession or Control Requirements for Brokers and Dealers Pursuant to Rule 15c3-3 under the Securities Exchange Act of 1934 are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such schedules have been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, are fairly stated in all materials respects in relation to the basic financial statements taken as a whole.

SWENEY CARTWRIGHT & Co.  
NOTES TO FINANCIAL STATEMENTS  
For the year ended September 30, 2007

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Description and Business**

Sweney Cartwright & Co. (the "Company") is an SEC-registered broker-dealer in securities and member of the Financial Industry Regulatory Authority ("FINRA"), specializing in sales of investment grade stocks and bonds for customers. The Company also conducts principal trading primarily in municipal bonds, other fixed income securities and community bank stocks. The following is a summary of significant accounting policies followed in the preparation of the financial statements.

**Securities Transactions**

The Company's proprietary securities transactions in regular-way trades are recorded on trade date. Profit and loss arising from all securities transactions entered into for the account and risk of the Company are recorded on a trade date basis. Customers' securities transactions (where the Company serves as an agent) are reported on a settlement date basis with the related commission income and expenses reported on a trade date basis.

Amounts receivable and payable for securities transactions that have not reached their contractual settlement date are recorded net on the statement of financial condition.

Trading securities owned and trading securities sold, but not yet purchased are stated at market value. Securities not readily marketable are valued at fair value as determined by management. The resulting difference between cost and market (or fair value) is included in income. The Company determines market value by using public market quotations, quoted prices from dealers or recent market transactions, depending upon the underlying security.

**Underwriting Profits**

Underwriting profits include fees net of expenses, arising from securities offerings in which the Company acts as an underwriter, and are recognized when the transaction is complete (generally trade date). Concession fees are also included in underwriting profits and recorded on trade date.

**Furniture and Equipment**

Furniture and equipment are stated at cost less accumulated depreciation. Depreciation of office furniture and equipment is provided for on the straight line method over estimated useful lives of five to ten years. Depreciation expense in fiscal year 2007 was \$9,788.

**Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. At September 30, 2007 the company had \$195,443 held on deposit at Huntington National Bank and \$56,959 held on deposit at National City Bank. Up to \$100,000 is insured at each institution by the FDIC.

---

(Continued)

SWENEY CARTWRIGHT & Co.  
NOTES TO FINANCIAL STATEMENTS  
For the year ended September 30, 2007

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Income Taxes**

The Company accounts for income taxes under Statement of Financial Accounting Standards No. 109, *Accounting for Income Taxes*. Deferred tax assets and liabilities are determined based on the difference between the financial statement and tax bases of the assets and liabilities using enacted tax rates. Deferred tax assets and liabilities are recognized for the expected future tax consequences of events that have been included in the financial statements or tax returns.

The temporary differences, which comprise deferred income tax assets and liabilities, are related to the recognition of certain income and expense items, including depreciation and valuation of securities.

**Loss Contingencies**

Loss contingencies, including claims and legal actions arising in the ordinary course of business, are recorded as liabilities when the likelihood of loss is probable and an amount or range of loss can be reasonably estimated. Management does not believe there are such matters that will have a material effect on the financial statements.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principals in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**New Accounting Standards**

In June 2006, the FASB issued Interpretation ("FIN") No. 48, "Accounting for Uncertainty in Income Taxes - an Interpretation of FASB Statement No. 106", which clarifies the accounting for uncertainty in income taxes recognized in a company's financial statements in accordance with SFAS 109, *Accounting for Income Taxes*. FIN 48 prescribes a recognition and measurement threshold for a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. FIN 48 will be effective October 1, 2007. The impact of adopting FIN 48 will not be material to the consolidated financial statements.

---

(Continued)

SWENEY CARTWRIGHT & Co.  
NOTES TO FINANCIAL STATEMENTS  
For the year ended September 30, 2007

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

In February 2007, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities". SFAS No. 159 gives entities the option to measure eligible financial assets and financial liabilities at fair value on an instrument by instrument basis, that are otherwise not permitted to be accounted for at fair value under other accounting standards. The fair value option permits companies to choose to measure eligible items at fair value at specified election dates. Subsequent changes in fair value must be reported in earnings. SFAS No. 159 is effective for financial statements issued for fiscal years beginning after November 15, 2007. Early adoption is permitted; however, the Company does not plan to early adopt. Management does not expect that the adoption of this standard on October 1, 2008, will have a material impact on the Company's financial statements.

In September 2006, FASB issued SFAS No. 157, *Fair Value Measurements*. SFAS No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. Management does not expect that the adoption of this standard on October 1, 2008, will have a material impact on the Company's financial statements.

**NOTE 2 - CASH SEGREGATED UNDER FEDERAL REGULATIONS**

Cash of \$25,000 has been segregated in a special reserve bank account for the benefit of customers as required under Rule 15c3-3 of the Securities and Exchange Act of 1934.

**NOTE 3 - RECEIVABLE FROM AND PAYABLE TO CUSTOMERS**

Accounts receivable from and payable to customers represent amounts due on cash and when-issued transactions. The Company does not extend margin transactions to their customers, thus, no reserve is deemed necessary for uncollectible accounts. Securities owned by customers are held as collateral for receivables. Such collateral is not reflected in the financial statements.

**NOTE 4 - SHORT-TERM BORROWINGS**

During the year ended September 30, 2007, the Company maintained unsecured demand lines of credit that total \$5,000,000. The interest rate, based on LIBOR plus 2%, was 7.15% at September 30, 2007. At September 30, 2007, the Company had a balance of \$1,085,000 drawn on the lines of credit.

---

(Continued)

SWENEY CARTWRIGHT & Co.  
NOTES TO FINANCIAL STATEMENTS  
For the year ended September 30, 2007

---

**NOTE 5 - INCOME TAXES**

During the year ended September 30, 2007, the Company had tax exempt interest income of approximately \$108,000. Current tax provision totaled \$96 and deferred tax expense totaled \$35,417 for the year ended September 30, 2007. The effective tax rate differs from the statutory rate of 34% principally due to tax-exempt interest income.

Deferred tax assets totaled \$154,720 and deferred tax liabilities totaled \$7,137 at September 30, 2007.

**NOTE 6 - STOCK REPURCHASE AND PURCHASE AGREEMENTS**

The Company has a stock repurchase agreement with its stockholders which requires the Company to repurchase its common stock contingent upon notice from an individual stockholder. The stock would be purchased by the Company at book value. During fiscal year 2007, the Company repurchased 1,615 shares of common stock. The total purchase price was \$231,071.

On September 12, 2005, one of the Company's stockholders entered an agreement with one of the Company's officers allowing the officer the option to purchase 1,000 shares of the Company's stock from the other offering stockholder at a weighted average price of \$139 between January 1, 2012 and 2016.

**NOTE 4 - PREMISES AND EQUIPMENT**

Year-end premises and equipment were as follows:

	<u>2007</u>
Furniture and equipment	\$ <u>631,697</u>
Accumulated depreciation	<u>(604,908)</u>
	<u>\$ 26,789</u>

Depreciation expense was \$9,788 for the year ended September 30, 2007.

---

(Continued)

SWENEY CARTWRIGHT & Co.  
NOTES TO FINANCIAL STATEMENTS  
For the year ended September 30, 2007

---

**NOTE 4 - PREMISES AND EQUIPMENT (continued)**

The Company leases its office under a lease expiring December 31, 2013. The lease can be terminated by the Company after December 31, 2010; however, the Company intends to exercise the renewal option. Future minimum lease payments under this operating lease are as follows:

<u>Fiscal Year, September 30,</u>	
2008	\$ 75,248
2009	75,248
2010	77,595
2011	<u>19,988</u>
	<u>\$ 248,079</u>

The office lease agreement provides for increased payments during the term of the lease if operating expenses and taxes exceed certain base amounts. Total office lease expenses were \$73,809 for the year ended September 30, 2007.

**NOTE 8 - OFF-BALANCE SHEET RISK**

In the normal course of business, the Company executes and settles customer securities transactions on a basis of delivery versus payment. The risk with these transactions is that customers may fail to satisfy their obligations requiring the Company to purchase or sell various financial instruments at prevailing market prices to fulfill customer obligations.

At September 30, 2007 the Company did not have any outstanding "when issued commitments" to purchase municipal bonds from customers, dealers or commitments from other investors to purchase these bonds upon issuance at year end.

**NOTE 9 - EMPLOYEE BENEFITS**

The Company has a 401(k) Employee Retirement Plan for all eligible employees. The Company's Board of Directors, subject to Department of Labor and Internal Revenue Code limitations, determines the amount of the annual matching employer contribution. The Company's contribution to the Plan for fiscal year 2007 was \$17,350.

**NOTE 10 - NET CAPITAL REQUIREMENTS**

The Company is subject to regulatory capital requirements set forth by the Securities and Exchange Commission Uniform Net Capital Rule, which requires that "aggregate indebtedness" shall not exceed fifteen times "net capital" as defined by the Rule and "net capital" shall at least be \$250,000. At September 30, 2007, the Company had net capital of \$3,576,636 which was \$3,326,636 in excess of its required minimum net capital of \$250,000. The Company's percentage of aggregate indebtedness to net capital was 41 %.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL  
REQUIRED BY RULE 17A-5 OF THE SECURITIES AND EXCHANGE COMMISSION

Board of Directors  
Sweney Cartwright & Co.  
Columbus, Ohio

In planning and performing our audit of the financial statements of Sweney Cartwright & Co. (the "Company") as of and for the year ended September 30, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in the following:

- (1) Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e);
- (2) Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13;
- (3) Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System; and
- (4) Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

---

(Continued)

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods are subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principals such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity internal control. A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at September 30, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority (FINRA), and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to and should not be used by anyone other than these specified parties.
