Independent Auditor's Report

Board of Directors

Butler Larsen Pierce & Company, Inc.

I have audited the accompanying statement of financial condition of Butler Larsen Pierce & Company, Inc., Inc. as of January 31, 2007, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Butler Larsen Pierce & Company, Inc., Inc. as of January 31, 2007, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

My examination was made for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in Schedule I-IV is presented for the basic financial statements but is supplementary information required by rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BUTLER LARSEN PIERCE & COMPANY, INC.
NOTES TO FINANCIAL STATEMENTS
January 31, 2007

Note 1) Organization

Butler Larsen Pierce & Company, Inc. (the Company) was incorporated on May 9, 1977, and is registered as a municipal securities broker under the Securities Exchange Act of 1934. The company has elected to be treated as a "municipal securities brokers' broker" pursuant to the Securities and Exchange Commission's Uniform Net Capital Rule 15c3-1 (the Rule).

Note 2 Summary of Significant Accounting Policies

Office furniture, equipment, and software is depreciated using the straight line method over useful lives of five to seven years.

Securities transactions are recorded on a trade-date basis.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and the reported amount of revenues and expenses for the reporting period. Actual results could differ from those estimates.

Note 3) Securities Transactions

The Company arranges simultaneous purchases and sales of municipal securities on behalf of its clients. Accordingly, any uncompleted transactions results in a client receivable which is principally offset by a client payable. Transactions effected through clearing organizations are reported on a net basis with such clearing organizations. Additionally the company maintains a \$ 100,000 deposit with a clearing organization, which is included in receivable from clearing organization on the statement of financial condition.

Note 4) Subordinated Liabilities

Under the loan agreements with two stockholders, the Company borrowed a total of \$410,000 on an unsecured loan, subordinated basis. Loans totaling \$60,000 and \$40,000 respectively bear interest at prime plus 3.0% and are due in February 2007 and February 2008. Loans totaling \$120,000 bear interest at prime plus 3.0 % and are due July 2007. Loans totaling \$120,000 bear interest at prime plus 3% and are due May 2009. Loans totaling \$70,000 bear interest at prime plus 3% and are due in August 2010. Because the loans are subordinated to the claims of general creditors, they qualify as capital for regulatory purposes.

Note 5) Net Capital Requirements

The Company is required to maintain minimum net capital as defined by rule 15c3-1 of the Securities and Exchange Commission. The Company has elected to compute its net capital (as defined) in accordance with paragraph (a) (8) of the Rule, which requires that net capital be no less than 6 2/3 % of aggregate indebtedness (as defined) but in no case less than \$150,000. At

January 31, 2007 the Company's net capital was \$415,862, which amount is \$265,862 in excess of the required net capital. The Company's ratio of aggregate indebtedness to net capital also may not exceed 15 to 1. At January 31, 2007 the Company's net capital ratio was 6.3 to 1.

Note 6) Provision for Taxes on Income

The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes," issued in February 1992.

The income tax provision of \$13,300 consists of \$8,200 Federal and \$5,100 State taxes assessed to the Company.

Note 7) Lease Obligation

The Company leases office space under non-cancelable leases. Rent expense for office space for the year ended January 31, 2007 was \$178,638. At January 31, 2007, minimum monthly future payments under non-cancelable office space lease agreements are as follows:

<u>For year ended</u>	<u>Amount</u>
January 31, 2008	\$ 14,200
January 31, 2009	\$ 14,310
January 31, 2010	\$ 14,530
January 31, 2011	\$ 14,705
January 31, 2012	\$ 14,965
Total future minimum lease payments	\$ 72,710

Note 8) Pension Plan

The Company has a defined contribution pension plan for employees after one year's service. The Company makes monthly contributions to the accounts of each eligible employee based on prescribed percentages of the participating employees' compensation. Employee accounts are self-directed by each employee. The contribution for the year ended January 31, 2007 was \$129,704 all of which was paid by January 31, 2007.

Independent Auditor's Report in Internal
Accounting Control Required by SEC Rule 17a-5

Board of Directors
Butler Larsen Pierce & Company, Inc.

I have examined the financial statements of Butler Larsen Pierce & Company, Inc. for the year ended January 31, 2007 and have issued my report thereon dated March 19, 2007. As part of my examination, I made a study and evaluation of the Company's system of internal accounting control (which included the procedures for safeguarding securities) to the extent I considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of my study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

Also, as required by rule 17a-5 (g) (1) of the Securities and Exchange Commission, I have made a study of the practices and procedures (including tests of compliance with such practice and procedures) followed by Butler Larsen Pierce & Company, Inc. that I considered relevant to the objective stated in rule 17a-5 (g) (1) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3 (a) (11), I did not review the practices and procedures followed by the Company (I) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or (ii) in complying with the requirements for prompt payment for securities of Section 8 of Regulation T of the Board of Governors of the Federal Reserve System because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a (5) (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

My study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, I do not express an opinion on the system of internal accounting control of Butler Larsen Pierce & Company, Inc. taken as a whole. However, my study and evaluation disclosed no condition that I believed to be a material weakness.

I understand that the practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that the practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at January 31, 2007 to meet the Commission's objectives.

This report is intended solely for the use of management and the Securities and Exchange Commission and should not be used for any other purpose.

William Weldon Shupp

March 19, 2007

END
