NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2007

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Organization - The Company was incorporated in the state of Indiana on September 26, 1969. The Company is registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA), formerly known as the National Association of Securities Dealers, Inc. (NASD). The Company's principal business activity is the sale of securities.

Securities Transactions - Commission revenue and the related expense arising from securities transactions are recognized on a trade date basis.

Securities Owned - Marketable securities are valued at market value and securities not readily marketable are valued at fair value as determined by the Board of Directors. The resulting difference between cost and market value (or fair value) is included in income.

Cash Equivalents - Cash equivalents are defined as certificates of deposit and U.S. government obligations with a maturity date of less than 90 days when originally purchased by the Company and those securities registered under the Investment Company Act of 1940 which are comprised of cash and other short-term debt instruments and are commonly referred to as "money market funds."

Concentration of Risk - The Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. Due to the strong credit rating of this financial institution, the Company believes it is not exposed to any significant credit risk to cash.

Income Taxes - Deferred income taxes are provided when income and expenses, principally relating to the valuation of securities owned, are recognized in different years for financial and tax reporting purposes.

Office Furniture and Equipment - Depreciation is provided using the straight-line method over five and seven year periods.

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES - *(Continued)*

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - RETIREMENT PLAN

The Company has a profit-sharing plan and a deferred compensation plan commonly referred to as a 401(k) Plan. Under the terms of the plan, employees become eligible on the first day of the month following the date they have completed one year of service (1000 hours in the plan year) and attain age 21. The Company may match employee contributions up to a determinable percentage of an employee's compensation and is permitted to make additional discretionary contributions. Company matching contributions to the 401(k) Plan for the year ended June 30, 2007 were \$15,836. This amount is included in commissions, other compensation and related benefits on the statement of income. The Company made no discretionary contributions to the profit sharing plan for the year ended June 30, 2007.

NOTE 3 - SECURITIES OWNED

Securities owned consist entirely of securities registered under the Investment Company Act of 1940 at their stated market value of \$137,654.

NOTE 4 - NET OPERATING LOSS CARRYFORWARD

The Company has yet unused a net operating loss carryforward for federal income tax purposes of \$89,431 which expires on various dates beginning July 1, 2024.

NOTE 5 - LIABILITIES SUBORDINATED TO CLAIMS OF GENERAL CREDITORS

The borrowings under subordination agreements at June 30, 2007, are as follows:

Subordinated Loans		
7% Due August 6, 2008		\$ 100,000
Liabilities Pursuant to a Secured Demand Note Collateral Agreement:		
4% Expires March 1, 2008		<u>\$ 50,000</u>
Total Subordinated Liabilities		<u>\$ 150,000</u>

The subordinated borrowings are covered by agreements approved by the FINRA and are thus available in computing net capital under the Securities and Exchange Commission's Uniform Net Capital Rule. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid. Both subordinated lenders are related parties of the Company.

NOTE 6 - NOTE PAYABLE

The note payable of \$50,000 as of June 30, 2007, is covered by a promissory note dated November 10, 2005. It has a 4% stated rate of interest and no expiration date. A shareholder and officer of the Company is the lender. This note was repaid August 2, 2007.

NOTE 7 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of the Financial Industry Regulatory Authority, the Company is subject to the Uniform Net Capital Rule, which requires the maintenance of minimum net capital and requires that the ratio of aggregated indebtedness to net capital, both as defined, shall not exceed 1500%. At June 30, 2007 the Company's net capital and required net capital were \$288,773 and \$50,000 respectively. The ratio of aggregate indebtedness to net capital was 37%.

NOTE 8 - RELATED PARTY TRANSACTIONS

Through common ownership and management, the Company is affiliated with George B. Steel, Jr. and Associates, Inc., a life insurance agency. The two companies share office space and other administrative services. The Company was reimbursed \$13,721 by George B. Steel, Jr. and Associates, Inc. for various operating expenses.

Through common ownership and management, the Company is also affiliated with Hoosier Trust Company, a State of Indiana chartered trust company. The Company earned \$3,098 in advisor fees from accounts held at Hoosier Trust Company.

NOTE 9 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT

The Company's customers may enter into various transactions involving derivatives and other off-balance sheet financial instruments. These financial instruments include exchange-traded and over the counter options. These derivative financial instruments are used to meet the needs of customers and are subject to varying degrees of market and credit risk. Since the Company enters into the aforementioned transactions solely for the benefit of its customers, the Company does not bear any of the credit or market risk of those customers, with the exception of the risk to the Company should its customers fail to honor their obligations related to these derivative and other off-balance sheet financial instruments, as mentioned hereafter.

In order to facilitate securities transactions, including the aforementioned transactions, on August 22, 2005, the Company entered into a new agreement with another broker/dealer (Clearing Broker/dealer) whereby that Clearing Broker/dealer will execute and clear securities transactions for the Company on a fully disclosed basis. The processing and, if applicable, any financing pertaining to the introduced transactions are performed by the Clearing Broker/dealer. The customer account is therefore maintained and recorded in the books and records of the Clearing Broker/dealer on the Company's behalf. In consideration for introducing customers to the Clearing Broker/dealer, the Company receives commissions and other consideration, less the processing and

other charges of the Clearing Broker/Dealer. The Company has deposited \$25,000 with the Clearing Broker/dealer to assure the Company's performance under the agreement and this amount is included in "Receivable from broker/dealers" on the statement of financial condition. The agreement also states that the Company may not have any similar agreements with other broker/dealers, except to accommodate transactions not covered by this agreement. The Clearing Broker/dealer may terminate the agreement by giving 30 days prior written notification and either party may terminate immediately with cause. If the Company terminates without cause during the first three years of the agreement, it will be subject to termination fees as follows: \$25,000 in year one; \$20,000 in year two; and \$10,000 in year three. Other terms of the agreement put restrictions on one party hiring the other party's employee(s) without written consent of the other party. Additional provisions of the agreement state that the Company is to be held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/dealer fail to meet their contractual commitments pertaining to the purchase, sale and possible financing of securities transactions. The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations and it is necessary for the Clearing Broker/dealer to purchase or sell the securities at a loss. The Company's exposure to risk would consist of the amount of the loss realized and any additional expenses incurred pertaining to the transaction or other customer activity.

NOTE 10 - LEASE COMMITMENTS

The Company leases office space at two locations. One lease agreement expired on February 27, 2007 and currently runs on a month to month basis. The expense relating to this office space was \$14,995 for the year ended June 30, 2007.
