INDEPENDENT AUDITORS' REPORT

PriSol Securities, Inc.
Horsham, PA

We have audited the accompanying statement of financial condition of PriSol Securities, Inc. as of June 30, 2007 and the related statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of PriSol Securities, Inc. as of June 30, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II, (including information relating to the possession or control requirements) is presented for purposes of additional analysis and is not a part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The accompanying notes are an integral part of these financial statements.

PRISOL SECURITIES, INC.
Notes to Financial Statements
June 30, 2007

NOTE 1 - BUSINESS ACTIVITY

PriSol Securities, Inc. ("the company") was incorporated on July 23, 2001 in Delaware. The company operates as a limited purpose broker/dealer for the purpose of servicing the institutional marketplace through the sale of mutual fund shares. Revenue consists of commissions from mutual fund sales. The company does not maintain custody of customer securities. The company is affiliated by common ownership with Prime Solutions Financial Services Corp. ("PSFSC"). PSFSC, through agency relationships, provides access to proprietary cash management solutions to institutional buyers.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

The Company uses the accrual basis of accounting for financial statement reporting. Generally accepted accounting principles require management under certain circumstances to use accounting estimates. Actual results could differ from these estimates.

For purposes of reporting cash flows, cash includes money market accounts.

Substantially all of the Company's financial assets and liabilities are carried at market value or at amounts that, because of the short-term nature of the financial instruments, approximate current fair value.

NOTE 3 - TRANSACTIONS WITH AFFILIATES

PSFSC provides personnel and office facilities to the company under a revenue sharing and service provision agreement. The agreement provides that PSFSC intends to assist PriSol's ongoing operations. Thus PSFSC advances funds to PriSol for payment of its expenses in excess of its revenue. The agreement states that once PriSol becomes profitable, it will pay PSFSC a management fee based on profits. In the meantime, PSFSC periodically determines that advances to date will not be repaid and absorbs them by crediting PriSol with a share of its revenues.

PRISOL SECURITIES, INC.
Notes to Financial Statements
June 30, 2007

NOTE 4 - NET CAPITAL AND RESERVE REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At June 30, 2007, the Company had net capital of \$13,029 which was \$8,029 in excess of its required net capital of \$5,000. The Company's net capital ratio was 83%.

The Company is exempt from SEC Rule 15c3-3 (Reserve Requirements) under Section (k)(2)(i) of that Rule. The company does not hold customer funds or safekeep customer securities.

PRISOL SECURITIES, INC,
 Computation of Net Capital under Rule 15c3-1 of the Securities and Exchange Commission
 June 30, 2007

Board of Directors
PriSol Securities, Inc.

In planning and performing our audit of the financial statements and supplemental schedules of PriSol Securities, Inc. (the Company) for the year ended June 30, 2007, we considered its internal control including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC) we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exceptive provisions of Rule of 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures that would be followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions that are executed in accordance with management's authorization are recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
