To the Members of  
North Point Advisors LLC and  
NPA Aviation LLC

We have audited the accompanying consolidated statement of financial condition of North Point Advisors LLC and Subsidiary (collectively the "Company") as of February 28, 2007 and the related consolidated statements of operations, changes in members' equity, and cash flows for the year then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial condition of North Point Advisors LLC and Subsidiary as of February 28, 2007, and the results of their operations, the changes in their members' equity and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules 1 through 3 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**NORTH POINT ADVISORS LLC AND SUBSIDIARY  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
FEBRUARY 28, 2007**

**NOTE 1 - ORGANIZATION AND NATURE OF BUSINESS**

North Point Advisors LLC, a Delaware limited liability company (the "Company"), was formed on June 21, 2004 and operates under a Limited Liability Company Agreement (the "LLC Agreement"). The company was formed to engage in investment banking, primarily as a financial advisor in mergers and acquisitions transactions. Effective April 19, 2005, the Company registered as a broker-dealer with the Securities and Exchange Commission ("SEC") and became a member of the National Association of Securities Dealers, Inc. ("NASD"). The managing member of the Company is North Point LLC, a Delaware limited liability company (the "Managing Member"). The Managing Member is responsible for managing the affairs of the company.

NPA Aviation LLC, a Delaware limited liability company, was formed on January 12, 2007 and operates under an agreement with North Point Advisors, LLC as the sole member. NPA Aviation LLC was formed to own and operate an aircraft.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Principles of Consolidation

The consolidated financial statements include the accounts of North Point Advisors LLC and NPA Aviation LLC of which North Point Advisors is the sole member. All significant inter-company balances and transactions have been eliminated in consolidation.

Basis of Accounting

These consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers highly liquid investments with original maturities of three months or less to be cash equivalents.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**FEBRUARY 28, 2007**  
(continued)

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

Certificate of Deposit

The Certificate of Deposit is restricted to serve as collateral for the Company's letter of credit for the lease agreement.

Financial Instruments

The carrying amount of the Company's financial instruments, which include cash and cash equivalents, investments, receivables, accounts payable, accrued liabilities, capital lease obligation, and notes payable, approximated fair value at February 28, 2007.

Property and Equipment

Property and equipment are stated at cost. Expenditures which substantially increase an asset's useful life are capitalized. Minor replacements, enhancement, maintenance and repairs are charged to expense as incurred. Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

Computer equipment and software	3 years
Other equipment	5 years
Aircraft	5 years
Automobile	5 years
Furniture	7 years
Leasehold improvements	remaining lease term

Investments

Investments consist of investments in non-publicly traded equity securities and limited partnerships which are recorded at fair value as determined annually by the Company. The Company takes into account the financial condition, operating results, the value of additional equity offerings of the issuers, and other factors pertinent to the valuation of the investments, in order to determine the fair value.

Revenue Recognition

Advisory fees represent fees earned for investment banking services provided to the Company's clients and are recorded upon the achievement of specific milestones, pursuant to the terms of contractual arrangements.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**FEBRUARY 28, 2007**  
(continued)

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

Client Reimbursable Expenses

Client reimbursable expenses are out-of-pocket expenditures incurred by the Company, which relate to investment banking services provided to clients which, pursuant to the terms of contractual agreements, will be recouped from relevant clients.

Allowance for Doubtful Accounts

The provision for doubtful accounts for client reimbursable expenses is based on an assessment of how many client contractual agreements will successfully close, based on a percentage of outstanding contacts. All accounts receivable as of February 28, 2007 and are considered fully collectible by management and no allowance has been recorded as of February 28, 2007.

Income Taxes

North Point Advisors LLC and NPA Aviation LLC are limited liability companies and are both considered, for United States of America tax purposes, to be a disregarded pass through entity. A capital account is maintained for each member. The account is increased by capital contributions, allocable share of net profit and any item of income or gain, and decreased by distributions, allocable share of net loss and any items of expense or loss. Allocation of profit and losses and cash contributions and distributions are made in accordance with the LLC Agreement of North Point Advisors LLC and the Operating Agreement of NPA Aviation LLC.

The LLC Agreement of North Point Advisors LLC also defines a calculation for tax distributions to be provided to the members based on the highest marginal federal individual income tax rate for federal and State of California income tax purposes for the calendar year. An amount of \$1,000,000 paid to the sole member of the Managing Member has been included in compensation expense.

The Company has a 401(K) plan that is available to all eligible employees who elect to participate. The participants can make optional salary reduction contributions subject to the limits and provisions of the Internal Revenue Code. The Company did not make employer contributions during the year ended February 28, 2007.

**NOTE 10 – CAPITAL LEASE AGREEMENT**

In January 2007, the Company subleased an aircraft under a capital lease that expires in January 11, 2010. The sublease agreement is subordinate to and subject to the terms and conditions under the sublessor's Aircraft Lease Financing agreement ("Financing Agreement"). Under the terms of the sublease agreement, the Company assumes all operating costs of the airplane and is required to purchase the airplane on or before the expiration of the lease period for the remaining balance owned by the sublessor under the Financing Agreement, less \$750,000. During the three year sublease period, the Company is not making monthly payments to the sublessor, and the sublessor retains all responsibility for making monthly payments pursuant to their Financing Agreement. In addition, the aircraft remains collateral for the "Financing Agreement". The obligation under the capital lease has been recorded in the consolidated statement of financial condition at the estimated present value of the lease obligation of \$2,160,000. The aircraft will be depreciated starting March 1, 2007.

**NOTE 11 – OPERATING LEASE AGREEMENT**

The Company leases office space under an amended operating lease which expires May 31, 2009. Cash and cash equivalents are in excess of federally insured limits by \$7,858,711 as of February 28, 2007.

The Company invests in non-publicly traded equity securities. Because of the inherent uncertainty of the fair valuation of these securities and the level of risk associated with certain investment securities, it is at least reasonable possibly that changes in the values of the investment securities will occur in the near term and such changes could materially affect amount reported in the statement of financial condition.

Explanations for audit adjustments:

- [A] Capitalize equipment and airplane, record lease obligation and in-kind revenue, and adjust depreciation. The airplane was acquired through a non-cash transaction which was recorded with an offset to capital lease obligation and in-kind advisory service fee revenue.
- [B] Record prepaid expenses, deposits, and other assets; record certificate of deposit income; and reclassify other assets to property.
- [C] Record additional accounts payable and note payable.
- [D] Record increase in estimated fair value of investments.

To the Members of  
North Point Advisors LLC and  
NPA Aviation LLC

In planning and performing our audit of the consolidated financial statements and supplemental schedules of North Point Advisors LLC and subsidiary (the "Company") for the year ended February 28, 2007, we considered its internal controls, including internal control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures, that we considered relevant to the objectives stated in SEC Rule 17a-5(g) in the following:

1. Making the periodic computations of aggregate indebtedness and net capital under SEC Rule 17a-3(a)(11); and
3. Determining compliance with the exemptive provisions of SEC Rule 15c3-3.

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by SEC Rule 17a-13;
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System; and
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin of securities of customers as required by SEC Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal controls and the practices and procedures referred to in the second paragraph of the report. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control and of the practices and procedures referred to in the second paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives.

Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. SEC Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors of fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that controls may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including procedures for safeguarding securities, which we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respect indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at February 28, 2007 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on SEC Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
