INDEPENDENT AUDITORS' REPORT

Board of Directors
Internet Capital Markets Corp.

We have audited the accompanying statement of financial condition of Internet Capital Markets Corp. as of August 31, 2007, and the related statements of operations, changes in stockholders' equity and cash flows for the year then ended, in accordance with standards established by the American Institute of Certified Public Accountants. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Internet Capital Markets Corp. as of August 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule 1 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**REPORT ON INTERNAL CONTROL
STRUCTURE REQUIRED BY SEC RULE 17a-5**

Board of Directors
Internet Capital Markets Corp.

In planning and performing the audit of the financial statements of Internet Capital Markets Corp. for the year ended August 31, 2007, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including test of compliance with such practices and procedures) as followed by Internet Capital Markets Corp. that we considered relevant to the objectives stated in Rule 17a-5(g)(1) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e).

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at August 31, 2007, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the National Association of Security Dealers and other regulatory agencies which rely on Rule 17a-5(g) under the Securities and Exchange Act of 1934 and should not be used for any other purpose.

INTERNET CAPITAL MARKETS CORP.

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2007

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Internet Capital Markets Corp. (the "Company") was incorporated in the State of New York on September 23, 1998 for the purpose of investment banking and as a consulting group.

Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, income and expenses and disclosure of contingencies. Future events could alter such estimates in the near term.

2. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1 which requires the maintenance of minimum net capital in the amount of \$5,000. As of August 31, 2007, the Company has net capital of \$25,090, which is \$20,090 in excess of the minimum requirement.

3. INCOME TAXES

For the year ended August 31, 2007, the Company incurred net operating losses and, accordingly, no provision for income taxes has been recorded. In addition, no benefit for income taxes has been recorded due to the uncertainty of the realization of any tax assets. At August 31, 2007, the Company had approximately \$33,000 of Federal and State net operating losses. The net operating loss carry forwards, if not utilized, will begin to expire in 2018 for Federal purposes.

4. RECEIVABLE FROM NON-CUSTOMERS

The Company advanced a former employee \$22,089 in the course of business. This amount is non-interest bearing and is due on demand. During the fiscal year ended August 31, 2007, this receivable was revised through an arbitration settlement. The receivable is \$1,385.
