To the Board of Directors
Equities Trading
Corporation

We have audited the accompanying statements on financial condition of Equities Trading Corporation as of May 31, 2007 and the related statements of operations, stockholder's equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in conformity with generally accepted accounting principles, the financial position of Equities Trading Corporation as of May 31, 2007, the results of its operation and cash flows for the year then ended.

Our audit was made for the purpose of forming an opinion on the basic financial statements, taken as a whole of Equities Trading Corporation. The supplemental information is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statement taken as a whole..

NOTE 1 - NATURE OF BUSINESS AND ORGANIZATION

Equities Trading Corporation ("The company"), incorporated under the laws of the State of New York, is a registered broker-dealer with Securities and Exchange Commission. The Company is also a member of the National Association of Securities Dealers, Inc.

Equities Trading Corporation services both retail and institutional accounts in a variety of securities transactions. The Company has correspondent agreements with a number of large mutual fund companies, and act as an agent to sell their products. The firm is also a Registered Investment Advisor with the Securities And Exchange Commission, and acts as an agent for clients through clearing arrangements with other broker-dealers.

NOTE 2 - SIGNIFICANT ACCOUNTING PRINCIPLES

- (a) The Company records securities transactions (and related commission revenue and expense) on a settlement date basis. Securities owned, consisting primarily equities, are stated as quoted market values with the resulting unrealized gains and losses reflected in the statement of operations.
- (b) The process of preparing financial statement in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and event as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING
CONTROL REQUIRED BY SEC RULE 17A-5

To the Board of Directors
Equities Trading Corporation

We have examined the financial statements of Equities Trading Corporation for the year ended May 31, 2007 and have issued our report therein dated August 31, 2007. As part of our examination, we made a study and evaluation of the Company's system of internal accounting control (which includes the procedures for safeguarding securities) to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements,

We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a) (1) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customers securities..

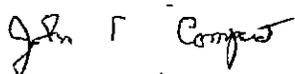

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and practices and procedures referred to in the preceding paragraph to assess whether those practices and procedures can be expected to achieve the Commissions above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from the unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.. Rule 17a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future period is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate,

Our study and evaluation for the limited purpose described in the first paragraph would not necessarily disclose all material weakness in the system. Accordingly, we do not express an opinion on the system of internal accounting control of Equities Trading Corporation as a whole. However, our study and evaluation disclosed no condition that we believed to be a material weakness-

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on this study, we believe that the Company's practices and procedures at May 31, 2006 to meet the Commission's objectives.

This report is intended solely for the use of management and the Securities and Exchange Commission and should not be used for any other purpose
