INDEPENDENT AUDITOR'S REPORT

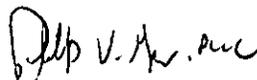

Board of Directors
Preferred Client Group, Inc.

We have audited the accompanying statement of financial condition of Preferred Client Group, Inc. as of September 30, 2007, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Preferred Client Group, Inc. as of September 30, 2007, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PREFERRED CLIENT GROUP, INC.
Notes to Financial Statements

Note 1 - Nature of Business and Summary of Significant Accounting Policies

Nature of Business:

Preferred Client Group, Inc. (the Company) was organized in June 1999 as a Texas corporation. The Company is a broker/dealer in securities registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The majority of the Company's customers are located in Texas.

The Company operates pursuant to section (k)(2)(ii) exemptive provisions of Rule 15c3-3 of the Securities Exchange Act of 1934, and accordingly, is exempt from the remaining provisions of that Rule. The Company does not hold customer funds or securities, but as an introducing broker or dealer, will clear all transactions on behalf of customers on a fully disclosed basis through a clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer. Under these exemptive provisions, the Computation for Determination of Reserve Requirements and Information Relating to the Possession and Control Requirements are not required.

Significant Accounting Policies:

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

Cash and cash equivalents are short-term in nature and accordingly are reported in the statement of financial condition at fair value or carrying amounts that approximate fair value. Marketable securities are also recorded at estimated fair value, determined using quoted market prices, where available, or third-party pricing services.

Cash Equivalents

Money market funds are reflected as cash equivalents in the accompanying statement of financial condition and for purposes of the statement of cash flows.

Marketable Securities

Marketable securities are held for investment purposes. The increase or decrease in fair value is credited or charged to operations.

PREFERRED CLIENT GROUP, INC.
Notes to Financial Statements

Note 1 - Nature of Business and Summary of Significant Accounting Policies (continued)

Commission Revenue

General securities commissions and related clearing expenses are recorded on a trade date basis. Investment company share commissions are recorded when initial subscriptions are funded or when recurring commissions are payable to the Company.

Note 2 - Transactions with Clearing Broker/Dealer

The agreement with the clearing broker/dealer provides for clearing charges at a fixed rate multiplied by the number of tickets traded by the Company. The agreement also requires the Company to maintain a minimum of \$100,000 as a deposit in an account with the clearing broker/dealer.

Note 3 - Net Capital Requirements

The Company is subject to the SEC uniform net capital rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At September 30, 2007, the Company had net capital and net capital requirements of \$330,289 and \$5,000, respectively. The Company's net capital ratio was zero to 1.

Note 4 - Marketable Securities

The Company's clearing deposit - marketable securities consists of a zero coupon municipal bond with a market value of \$105,456, cost of \$100,734 and an accumulated unrealized gain of \$4,722. The unrealized gain for the year ended September 30, 2007 totaled \$4,111.

Note 5 - Income Taxes

The Company has a current year tax loss; therefore, there is no provision for current income taxes. The Company has a net operating loss carryforward of approximately \$9,000 available to offset future taxable income, which expires in 2027. The net operating loss carryforward creates a deferred tax asset of approximately \$1,300, which is fully reserved with a valuation allowance, therefore, there is no deferred tax asset recognized in the accompanying statement of financial condition.

PREFERRED CLIENT GROUP, INC.
Notes to Financial Statements

Note 6 - Related Party Transactions

The Company and PCG Management, Ltd. (PCG) are under common control and the existence of that control creates operating results and financial position significantly different than if the Companies were autonomous.

Under a services and support agreement effective May 2002, PCG provides the Company with personal property and support staff and incurs general and administrative expenses for the benefit of the Company. Fees for such services are determined at the discretion of PCG. The Agreement allows the Company to waive any such portion of the monthly fees in order for the Company to remain in compliance with the minimum net capital requirements (See Note 3). The Agreement states that all monthly fees waived are not to be payable and there is no recourse to the Company. Fees incurred for the year ended September 30, 2007 under this Agreement totaled \$235,000. The Agreement was not consummated on terms equivalent to arms length transactions.

The sole shareholder provides office space for the Company at no cost to the Company.

Note 7 - Off-Balance-Sheet Risk

As discussed in Note 1, the Company's customers' securities transactions are introduced on a fully disclosed basis with its clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers of the Company and is responsible for execution, collection and payment of funds, and receipt and delivery of securities relative to customer transactions. Off-balance-sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the clearing broker/dealer may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers and that customer transactions are executed properly by the clearing broker/dealer.

Note 8 - Concentration of Credit Risk

The Company has \$338,106, or approximately 100%, of its total assets in money market funds, cash and marketable securities due from or held at the Company's clearing broker/dealer.

Schedule I

PREFERRED CLIENT GROUP, INC.
Computation of Net Capital and Aggregate Indebtedness
Pursuant to Rule 15c3-1
September 30, 2007

Total stockholder's equity qualified for net capital	<u>\$ 338,249</u>
Deductions and/or charges	
Non-allowable assets:	
Prepaid expenses	<u>143</u>
Total deductions and/or charges	<u>143</u>
Net capital before haircuts on securities	<u>338,106</u>
Haircuts on securities	
Cash equivalents	\$ 4,653
Clearing deposit - marketable securities	<u>3,164</u>
Total haircuts on securities	<u>7,817</u>
Net Capital	<u><u>\$ 330,289</u></u>
Aggregate indebtedness	<u><u>\$ -</u></u>
Computation of basic net capital requirement	
Minimum net capital required (greater of \$5,000 or 6 2/3% of aggregate indebtedness)	<u><u>\$ 5,000</u></u>
Net capital in excess of minimum requirement	<u><u>\$ 325,289</u></u>
Ratio of aggregate indebtedness to net capital	<u><u>Zero to 1</u></u>

Note: The above computation does not differ from the computation of net capital under Rule 15c3-1 as of September 30, 2007 as filed by Preferred Client Group, Inc. on Form X-17A-5. Accordingly, no reconciliation is deemed necessary.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL REQUIRED BY
SEC RULE 17A-5(G)(1)**

Board of Directors
Preferred Client Group, Inc.

In planning and performing our audit of the financial statements of Preferred Client Group, Inc. (the Company), as of and for the year ended September 30, 2007 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

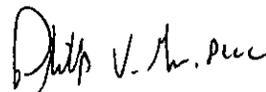

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the Company's financial reporting.

A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at September 30, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

PHILLIP V. GEORGE, PLLC
