## INDEPENDENT AUDITORS' REPORT

---

Bullish Bob Bagley Securities, Inc.  
Dallas, Texas

We have audited the accompanying statement of financial condition of Bullish Bob Bagley Securities, Inc. as of September 30, 2007, and the related statements of loss, changes in shareholder's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures of the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Bullish Bob Bagley Securities, Inc. as of September 30, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplemental information section is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplemental information required by rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Organization and Line of Business

Bullish Bob Bagley Securities, Inc. (the Company) was incorporated in Texas on May 12, 1989. The Company provides small and middle-market business and middle-income individuals brokerage services.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Commissions Income

Commissions are recognized as income on a trade date basis.

Property and Equipment

Furniture and equipment are stated at cost. The cost of maintenance and repairs is charged to expense as incurred and betterments are capitalized. Depreciation is computed using an accelerated method over estimated useful lives ranging from five to seven years. For the year ended September 30, 2007, depreciation expense was \$1,030.

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)***

Federal Income Tax

The Company accounts for federal income taxes under the provisions of SFAS No. 109 which requires the recognition of deferred tax assets and liabilities for the future tax consequences attributable to differences between financial statement carrying amounts of existing assets and liabilities and their respective tax basis. In addition, the recognition of future tax benefits, such as net operating loss carryforwards, are required to the extent that realization of such benefits are more likely than not.

**NOTE B - NET CAPITAL**

Pursuant to the net capital provisions of rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital of \$25,000, as defined under such provisions. Net capital will fluctuate on a daily basis. The Company had net capital of \$64,973 at September 30, 2007.

**NOTE C - FEDERAL INCOME TAX AND DEFERRED FEDERAL INCOME TAX**

The Company follows SFAS No. 109, "Accounting for Income Taxes", which requires the establishment of a deferred tax asset and liability for the recognition of future deductions or taxable amounts and operating loss and tax credit carryforwards. Deferred federal income tax expense or benefit is recognized as a result of the change in the deferred asset or liability during the year using the currently enacted tax laws and rates that apply to the periods in which they are expected to affect taxable income. Valuation allowances are established, if necessary, to reduce the deferred tax asset to the amount that will more likely than not be realized.

Temporary differences giving rise to the deferred tax asset consist of differences in depreciation methods for federal income tax and financial reporting purposes, unrealized gain or loss on fungibles and hedging activities, and operating loss carryforwards.

The Company has net operating losses in the amount of \$32,716 to offset against future income income. These net operating losses begin to expire in 2022. At September 30, 2007, the net operating losses gave rise to a deferred tax asset and related valuation allowance in the amount of \$11,451.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL  
ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5**

---

Bullish Bob Bagley Securities, Inc.  
Dallas, Texas

In planning and performing our audit of the financial statements and supplemental schedules of Bullish Bob Bagley Securities, Inc. (the Company), for the year ended September 30, 2007, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded.

against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at September 30, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
