Alpine Securities Corporation
Salt Lake City, Utah

We have audited the accompanying statement of financial condition of Alpine Securities Corporation as of September 30, 2007, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended that the Company is filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Alpine Securities Corporation as of September 30, 2007, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplementary information, as listed in the Table of Contents, is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ALPINE SECURITIES CORPORATION NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Alpine Securities Corporation (the Company) was incorporated under the laws of the State of Utah on January 11, 1984 as a securities broker and dealer dealing principally in over-the-counter securities. The Company, located in Salt Lake City, Utah, is registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). Security trades are made with both customers and other security brokers and dealers. Customers are located in states in which the Company is registered. Wholesale trading is conducted with other brokers and dealers throughout the United States. Revenue is derived principally from trading in securities on its own account and trading in securities for customers for which a commission is received. The Company also clears securities transactions for a correspondent and charges a transaction fee per trade ticket.

Significant Accounting Policies

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers cash and cash balances in accounts segregated under federal and other regulations in excess of required balances to be cash and cash equivalents.

Receivables

Receivables are recorded when transactions are executed. Receivables are written-off when they are determined to be uncollectible. The Company has determined that an allowance for doubtful accounts of \$20,000 is necessary at September 30, 2007. This determination is based on the Company's historical losses, the existing economic conditions in the securities brokers and dealers industry, and the financial stability of its customers.

Trading Securities

Marketable securities in the Company's trading account are valued at market value. The resulting difference between actual cost and market (or fair value) is included in income.

Furniture and Equipment

Property and equipment are recorded at cost less accumulated depreciation. Depreciation is provided using accelerated methods.

Revenue Recognition

Securities transactions and related income and commissions and related clearing expenses are recorded on a trade date basis, which is the day each transaction is executed.

Income Taxes

The Company, with the consent of its stockholders, elected to be taxed as an S Corporation. The taxable income of the Company flows through to the stockholders' individual income tax returns.

Concentration of Credit Risk

The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk as cash balances are swept daily into a money market account backed by U.S. Government securities.

ALPINE SECURITIES CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Significant Accounting Policies (Continued)

Concentration of Credit Risk (Continued)

The Company is engaged in various trading and brokerage activities in which the counterparties are primarily broker-dealers. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 CASH SEGREGATED UNDER FEDERAL AND OTHER REGULATIONS

Cash of \$55,033 has been segregated in a special reserve bank account for the benefit of customers under rule 15c3-3 of the Securities and Exchange Commission (SEC). The reserve is calculated monthly using a formula as defined by the rule. The required reserve at September 30, 2007 was \$0.

Cash of \$64,646 has been segregated in a separate bank account for the purpose of returning correspondent property in the event the Company liquidates. The Company is required by the Financial Industry Regulatory Authority (FINRA) to have this reserve as part of the Company's clearing agreement with a correspondent firm. The reserve is calculated coincidental to the Company's SEC rule 15c3-3 computation using a formula as defined by FINRA. The required reserve at September 30, 2007 was \$0.

NOTE 3 DEPOSITS WITH CLEARING ORGANIZATION

The Company had deposit requirements with its clearing organizations totaling \$581,752 as of September 30, 2007.

NOTE 4 RECEIVABLE FROM AND PAYABLE TO CUSTOMERS

The customer receivable from and payable to account balances arose from transactions within the ordinary course of business. Securities owned by customers are held as collateral for receivables.

For purposes of this report, the Company has segregated the employee receivables and payables account balances from the customer account receivables and payables.

NOTE 5 RECEIVABLE FROM AND PAYABLE TO SHAREHOLDERS

Shareholder related receivable from and payable to account balances arose from the ordinary course of business. For regulatory purposes, these accounts have been segregated into separate financial statement accounts.

ALPINE SECURITIES CORPORATION
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 6 RELATED PARTY TRANSACTIONS

The Company rents office space on a month-to-month basis from a related party. Two stockholders of the Company are also owners of the related party company. Rent expense for the year ended September 30, 2007 was \$54,000. The monthly rental at September 30, 2007 was \$3,500.

NOTE 7 NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1; and prohibits a broker-dealer from engaging in securities transactions when its net capital falls below minimum requirements as defined by the rule. At September 30, 2007, the Company had net capital of \$2,528,982 which was \$2,278,982 in excess of its required net capital of \$250,000. The Company's net capital ratio was 0.5 to 1.

NOTE 8 FINANCIAL INSTRUMENTS WITH OFF BALANCE SHEET RISK

The Company has sold securities that it does not currently own and will therefore be obligated to purchase such securities at a future date. The Company has recorded these obligations in the financial statements at September 30, 2007 at market values of the related securities and will incur a loss if the market value of the securities increases subsequent to September 30, 2007.

In the normal course of business, the Company's customer activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Company to off-balance-sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

NOTE 9 AVAILABILITY OF ANNUAL AUDIT REPORT

Pursuant to rule 17a-5 of the Securities and Exchange Commission, the Company's statement of financial condition as of September 30, 2007, is available for examination at the office of the Company in Salt Lake City, Utah and the Securities and Exchange Commission in Denver, Colorado.

Jensen & Keddington, P.C.

Certified Public Accountants

Jeffrey B. Jensen, CPA
Gary K. Keddington, CPA
Brent E. Christensen, CPA
Jeffrey B. Hill, CPA**INDEPENDENT AUDITOR'S
REPORT ON INTERNAL
CONTROL REQUIRED BY SEC RULE
17a-5 OF THE SECURITIES AND
EXCHANGE COMMISSION**Stockholders
Alpine Securities Corporation
Salt Lake City, Utah

In planning and performing our audit of the financial statements of Alpine Securities Corporation (the Company) for the year ended September 30, 2007 we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures as we considered relevant to the objectives stated in rule 17a-5(g) in the following:

1. Making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and the reserve required by rule 15c3-3(e).
2. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3.

The management of the Company is responsible for establishing and maintaining an internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded property to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce, to a relatively low level, the risk that errors or fraud in amounts, that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control, including control activities for safeguarding securities, which we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at September 30, 2007 to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Jensen & Keddington

November 16, 2007
