All information included in these financial statements is the representation of the management of Brittingham, Inc. BRITTINGHAM, INC.

NOTES TO FINANCIAL STATEMENTS

September 30, 2007

NOTE A – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Nature of Activities

Brittingham, Inc. (the Company) is a broker of securities and a member of the New York Stock Exchange. Rule 17a-5 under the *Securities and Exchange Act of 1934* requires broker-dealers to file a complete set of financial statements with the Securities and Exchange Commission (the Commission). The statements are required to cover the period since the immediately preceding filing with the Commission, and, accordingly, these financial statements are for the year ended September 30, 2007.

Transactions in securities, including the related security commissions, are recorded on a trade-date basis.

Marketable securities traded on a national exchange are valued at the last reported sale price on the last business day of the year; marketable securities traded on the over-the-counter market are valued at the mean between the last reported bid and asked price.

For the purposes of the statement of cash flows, the Company considers all highly liquid investment instruments with original maturities of three months or less to be cash equivalents. In the accompanying statement of cash flows, all short-term investments are considered cash equivalents.

2. Income Taxes

Effective January 1, 2005, the Company and its stockholder elected to be treated as an S corporation under subchapter S of the *Internal Revenue Code*. As such, the Company's taxable income is included in the individual tax returns of its stockholder for federal and all state income tax purposes starting on January 1, 2005.

NOTE A – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Income Taxes (Continued)

Income taxes are calculated in accordance with Statement of Financial Accounting Standard No.109, *Accounting for Income Taxes*. Under the liability method, deferred tax assets and liabilities are provided for temporary differences between the financial reporting basis and tax reporting basis of the Company's assets and liabilities. A valuation allowance is established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

3. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

4. Investment Securities

The Company accounts for securities under Statement of Financial Accounting Standards No. 115, *Accounting for Certain Investments in Debt and Equity Securities*, which requires, among other things, that securities are classified into two categories and accounted for as follows:

- Securities held to maturity: Securities the Company has the positive intent and ability to hold until maturity are reported at cost and adjusted for amortization of premiums and accretion of discounts.
- Securities available for sale: Securities available for sale are reported at fair market value. Unrealized holding gains and losses are reported, net of taxes, in accumulated other comprehensive income until realized.

Realized gains and losses from the sale of securities are determined using the specific identification method.

5. Comprehensive Income

Accounting principles generally require that recognized revenue, expenses, gains and losses be included in net income. Certain changes in assets and liabilities, such as unrealized gains and losses on securities available for sale, are reported as a separate component of the equity section of the balance sheet. Such items, along with net income, are the components of comprehensive income. The only components of other comprehensive income for the year ended September 30, 2007 were unrealized gains on securities available for sale and the related taxes.

NOTE A – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

5. Comprehensive Income (Continued)

The components of other comprehensive income are as follows:

Unrealized gains on securities available for sale	\$ 1,217,637
Reclassification adjustment for gains realized in net income	<u>-</u>
Net unrealized gains	1,217,637
Tax benefit	<u>41,021</u>
Total other comprehensive income	<u>\$ 1,258,658</u>

NOTE B – CUSTOMERS' ACCOUNTS

All customers' accounts are carried by a correspondent broker on a fully disclosed basis, and, accordingly, the Company is not required to maintain or compute a reserve pursuant to Rule 15c3-3 of the *Securities Exchange Act of 1934*.

NOTE C – NET CAPITAL

The Company, as a registered broker and dealer in securities, is subject to the Commission's Uniform Net Capital Rule 15c3-1.

Under the computation provided by Rule 15c3-1, the Company is required to maintain "net capital" equal to the greater of \$5,000 or 6-2/3% of "aggregate indebtedness". Rule 15c3-1 also requires that the ratio of aggregate indebtedness to net capital, as those terms are defined in the Rule, shall not exceed 15 to 1. At September 30, 2007, the Company had a ratio of aggregate indebtedness to net capital of approximately 0.38 to 1 and a net capital requirement of \$5,024. Aggregate indebtedness and net capital, as defined, were \$75,357 and \$200,750, respectively, at September 30, 2007. The Company's current clearing agreement with National Financial Services (NFS) requires it to maintain minimum net capital of \$100,000. As of September 30, 2007, the Company's net capital amount totaled \$200,750.

NOTE D – INVESTMENTS

Securities available for sale consisted of the following at September 30, 2007:

	<u>Cost</u>	<u>Gross Unrealized Gain</u>	<u>Carrying Fair Value</u>
Common stock	\$ <u>179,834</u>	\$ <u>2,055,373</u>	\$ <u>2,235,207</u>

Securities held to maturity that were in an unrealized position at September 30, 2007:

	<u>Less than 12 months</u>		<u>12 months or longer</u>		<u>Total</u>	
	<u>Fair Value</u>	<u>Unrealized Gains</u>	<u>Fair Value</u>	<u>Unrealized Gains</u>	<u>Fair Value</u>	<u>Unrealized Gains</u>
Common stock	\$ <u>-</u>	\$ <u>-</u>	\$ <u>2,235,207</u>	\$ <u>2,055,373</u>	\$ <u>2,235,207</u>	\$ <u>2,055,373</u>

The Company's investment in the common stock of NYSE Euronext (formerly named NYSE Group, Inc.) was acquired March 8, 2006 under terms of a merger agreement between New York Stock Exchange, Inc. and Archipelago Holdings, Inc., under which the Company agreed to exchange its New York Stock Exchange membership for 84,699 shares in NYSE Group, Inc. common stock. The Company's stockholdings in NYSE Group, Inc. are subject to certain restrictions as to transferability, which expire with respect to one-third of such shares received on the first, second and third anniversaries of the merger date.

Resulting from the initial public offering in May 2006, the Company was permitted early release with respect to 15,988 shares which were then sold, meaning that only the remaining 12,245 shares of the first one-third layer have their restrictions removed come March 8, 2007. The 12,245 shares were released as scheduled and then sold. In June 2007, the Company was again permitted early release with respect to 28,233 shares which were subsequently transferred to the NFS account but not sold. As of September 30, 2007, the Company held 56,466 shares of NYSE Euronext common stock. Of these shares, 28,233 were restricted and are unavailable for sale until March 2009.

NOTE E – COMMITMENTS AND CONTINGENT LIABILITIES

In the normal course of its business activities, the Company is subject to the rules and regulations of the New York Stock Exchange (NYSE) and the Commission. During fiscal 1998, Company management was informed that the Commission began an investigation of the activities of certain NYSE floor brokers, including the floor broker who formerly leased the Company's exchange seat. During fiscal 1999, the Commission subpoenaed certain documents from the Company.

#### NOTE E – COMMITMENTS AND CONTINGENT LIABILITIES (CONTINUED)

The Company believes it has provided the Commission all documents responsive to the subpoena that were in the possession, custody or control of the Company. The Company believes that the records given to the Commission were destroyed on September 11, 2001. The Commission has not informed the Company that it is a target of the investigation. Accordingly, the Company has no reason to believe any action will be taken against it or its floor broker; however, it is possible that should such actions, if any, prove to be successful, the cost to the Company could be material.

The Company's operations are conducted in premises that are rented under a lease agreement with L. I. Holdings, Inc. (a related party). The agreement has been renewed each year since 1991 at the current prevailing market rate. Total rental payment made to L. I. Holdings, Inc. during 2007 was \$38,159.

#### NOTE F – RELATED PARTIES

The Company receives a substantial portion of its security commissions from related parties, primarily Lumber Industries, Inc. and related affiliates, whose executive officers are also executive officers of the Company. Total commission earned from related parties for the fiscal year ended September 30, 2007 is \$303,851.

#### NOTE G – INCOME TAXES

Components of income tax expense are as follows for the year ended September 30, 2007:

Federal	
Current – federal	\$ 41,021
Deferred – “built-in gains” tax	-
State and local taxes	<u>128</u>
Total income tax expense	<u>\$ 41,149</u>

The effective income tax rate for the year ended September 30, 2007 differs from the statutory income tax rate primarily due to state income tax expense.

For the fiscal year ended September 30, 2007, there was additional tax expense resulting from the elimination of deferred taxes with the subchapter S election. Under SFAS No. 109, any assets that are disposed of during a ten year period subsequent to the subchapter S election are subject to built-in gains tax. The Company has evaluated assets subject to built-in gains tax and determined that, in the event that such assets are sold within such ten year period, such tax would be imposed on the Company, at a rate of 35% under current tax law, on total sales proceeds exceeding \$182,851 and less than \$993,988.

NOTE G – INCOME TAXES (CONTINUED)

Significant deferred tax liabilities of the Company are as follows as of September 30, 2007:

Unrealized gain on restricted marketable securities	
Tax effect on securities available for sale	\$ 94,581
Tax effect on securities held to maturity	<u>94,580</u>
Deferred income tax	<u>\$ 189,161</u>

NOTE H – PROFIT-SHARING PLAN

The Company has a profit-sharing plan for all eligible employees that provides for Company contributions at its discretion. However, contributions are limited to the amount allowable as a deduction for federal income tax purposes. A Company contribution of \$7,553 was expensed in 2007.

NOTE I – CAPITAL STOCK

The Company has the right to purchase outstanding capital stock from the stockholder under certain conditions at an amount set forth in the Company's *Articles of Incorporation*. In addition, the stockholder is required to first offer the Company the option to purchase shares of capital stock before entering into an agreement to sell such shares.

NOTE J – FOCUS REPORT – FLOOR BROKERAGE

Beginning with the FOCUS Report prepared by the Company for the quarter ended September 30, 1999, the Company has reported the gross commissions generated by the individual who operates its NYSE seat as income and the related amount of expenses paid to the individual as expense. This reporting differs from the presentation of such items in the accompanying financial statements, which presents such items on a net basis.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL STRUCTURE  
REQUIRED BY SEC RULE 17a-5

The Board of Directors  
Brittingham, Inc.  
Wilmington, Delaware

In planning and performing our audit of the financial statements of Brittingham, Inc. (the Company) for the year ended September 30, 2007, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the object stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve Systems.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related cost of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in conformity with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

The Board of Directors  
Brittingham, Inc.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the *Securities Exchange Act of 1934* and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at September 30, 2006 to meet the SEC's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the New York Stock Exchange, and other regulatory agencies that rely on Rule 17a-5(g) under the *Securities Exchange Act of 1934* in their regulation of registered brokers and dealers and is not intended to be, and should not be, used by anyone other than these specified parties.
