INDEPENDENT AUDITORS' REPORT

To the Board of Directors
and Shareholders of
Westco Investment Corp.

We have audited the accompanying balance sheet of Westco Investment Corp., as of September 30, 2007, and the related statement of income, changes in shareholder's equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Westco Investment Corp., as of September 30, 2007, and the related statement of income and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on pages 10-12 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The information contained on pages 13-14 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is additional information required by Rule 17a-5 under the Securities and Exchange Act of 1934. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we express no opinion on it.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Westco Investment Corp. (the "Company") began operations in 1986. The Company is a full service broker dealer and a member of the National Association of Securities Dealers (NASD) and the Securities Investors Protection Corporation (SIPC). The Company is located in the State of New York and is licensed to do business in New York.

Cash and Cash Equivalents

For the statement of cash flows, the Company includes cash on deposit and cash on hand with original maturities less than three months to be cash equivalents.

Furniture, Fixtures, and Equipment

Furniture, fixtures, and equipment are carried at cost and depreciated on an accelerated method with a useful life of five to seven years.

Certain Significant Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities, and reported revenue and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

Note 2 - INCOME TAXES

The Company has a net operating loss carry forward of \$6,327 expiring at various dates through September 30, 2026.

Note 3 - CREDIT RISK

The Company has a substantial portion of its cash located in banks, which are insured for only \$100,000 through FDIC insurance. Concentration of a credit risk is inherent, when failure of the bank could result in the Company being able to recoup only a portion of its cash. Although at September 30, 2007, deposits did not exceed the \$100,000 FDIC limit, the possibility exists that cash deposits can go above the federally insured limit.

Note 4 - FIXED ASSETS

Fixed assets at September 30, 2007 consists of the following:

| | |
|-----------------------------------|-----------------|
| Furniture fixtures, and equipment | \$ 23,568 |
| Less accumulated depreciation | <u>(23,568)</u> |
| Book value | <u>\$ -0-</u> |

Depreciation expense is \$-0- for the year ended September 30, 2007.

Note 5 - TRANSACTIONS WITH RELATED PARTIES

The Company leases its office space from a related party. There is no lease commitment and rent is paid on a monthly basis.

Note 6 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At September 30, 2007, the Company had net capital of \$75,580, which was \$70,580 in excess of its required net capital of \$5,000.

**Westco Investment Corp.
Additional Information
Report on Internal Control Structure Required by SEC Rule 17a-5
For a Broker-Dealer Claiming an Exemption from SEC Rule 15c3-3
September 30, 2007**

To the Board of Directors
and Shareholders of
Westco Investment Corp.

In planning and performing our audit of the financial statements and supplemental schedules of Westco Investment Corp. (the "Company") for the year ended September 30, 2007, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (the "Commission"), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exempt provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objective referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at September 30, 2007, to meet the Commission's objectives.

This report is intended solely for the use of the Board of Directors, management, the Securities and Exchange Commission, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.
