OFFICE OF INTERNATIONAL
CORPORATE FINANCE **Financial Digest for the Interim of FY2006**

THE BANK OF FUKUOKA, LTD.

This report contains forward-looking statements and other forward-looking information relating to the bank (the "forward-looking statements"). The forward-looking statements are not historical facts and include, reflect or are otherwise based upon, among other things, the bank's current estimations, projections, views, policies, business strategies, targets, expectations, assumptions and evaluations with respect to general economic conditions, the results of operations, the financial condition, the bank's management in general and other future events. Accordingly, they are inherently susceptible to uncertainties, risks and changes in circumstances and are not guarantees of future performance.

Some forward-looking statements represent targets that the bank's management will strive to achieve through the successful implementation of the bank's business strategies. The bank may not be successful in implementing its business strategy, and actual results may differ materially, for a wide range of possible reasons.

(1) Summary

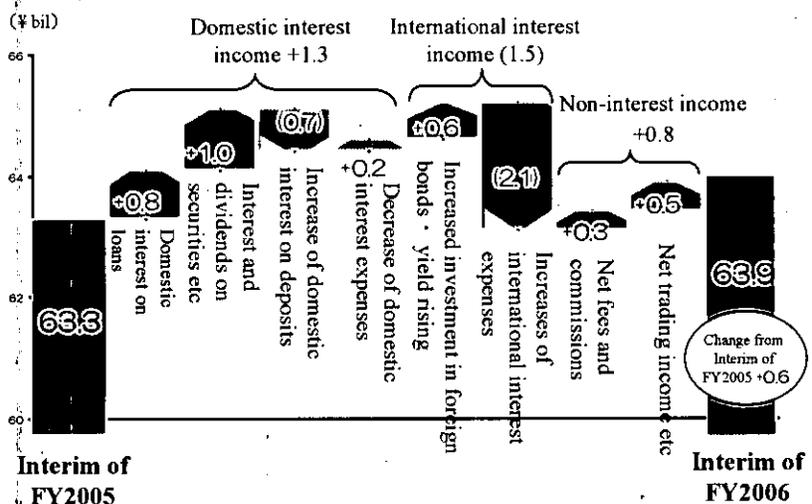

- **Ordinary income (¥84.9 billion):** Increases in interest income and net fees & commissions resulted in a ¥3.1 billion increase on the year. [An increase for the third straight year]
- **Gross business profit (¥63.9 billion):** A decrease in net international interest income was covered by increases in net domestic interest income and non-interest income. As a result, gross business profit increased ¥0.6 billion on the year. [An increase for the third straight year]
- **Core business profit (¥28.6 billion):** Compared with a year earlier, core business profit leveled off due to an increase in overhead expenses. [A slight increase for the fifth straight year]
- **Ordinary profit (¥27.3 billion) and net income (¥17.1 billion)** were resulted from a ¥2.3 billion redemption profit from credit costs. Both marked a high level of achievement following the previous year, when the profit from a change in retirement payment system was posted.

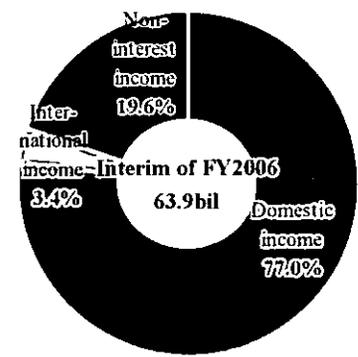

(2) Gross business profit

- Increases in interests on loans and securities surpassed an increase in interests on deposits. Domestic interest income increased ¥1.3 billion on the year.
- An increase in international interest expenses due to higher overseas short-term interest rates resulted in a ¥1.5 billion year-on-year decrease in international interest income.
- Brisk sales of derivatives and investment trusts of stocks boosted non-interest income by 0.8 billion from the previous year.
- As a result, a decrease in international interest income was covered by increases in domestic interest income and non-interest income. As a whole, gross business profit increased 0.6 billion from a year earlier.
- The ratio of non-interest income to the gross business profit was 19.6% (a 1.1% year-on-year increase).

(3) Overhead expenses

- Overhead expenses increased ¥0.8 billion to ¥35.5 billion. This was resulted from higher personnel expenses. Main factors behind this increase are overtime pay, midyear recruiting and the employment of former part-time and contract workers as regular employees.
- Although gross business profit increased ¥0.6 billion, overhead expenses also increased ¥0.8 billion. As a result, OHR increased 0.8% on the year to 55.6%.

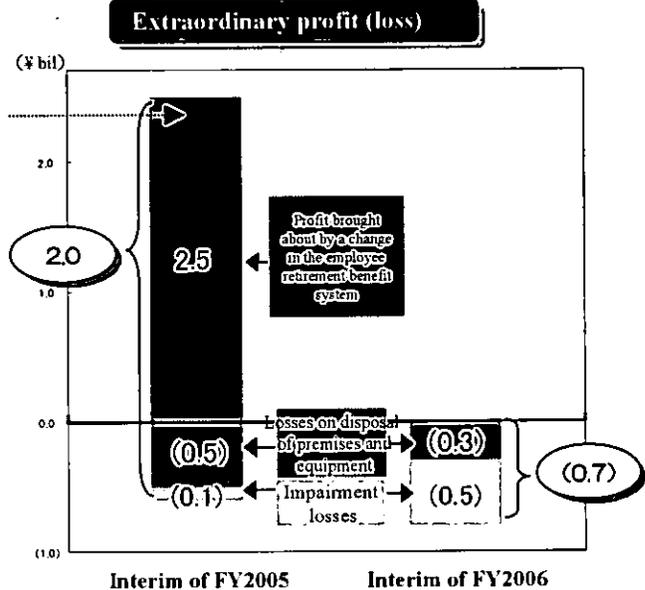

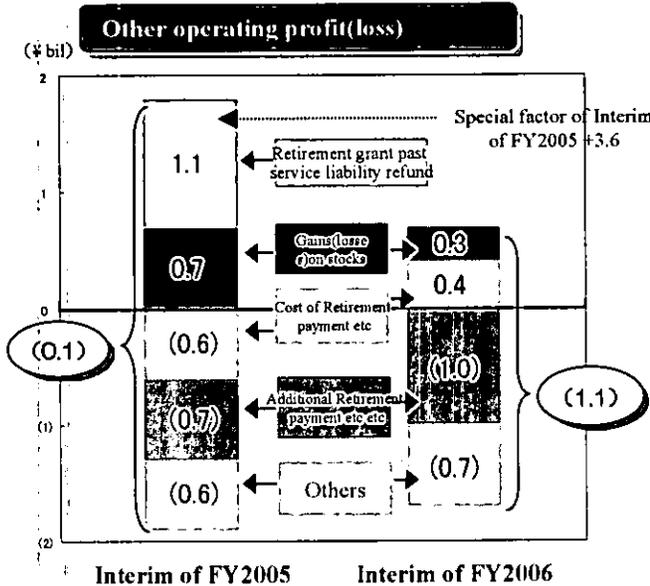

4) Credit cost

- Improved performances of businesses and support for corporate rehabilitation efforts contributed to higher ratings of major borrowers. As a result, the reverse of reserves for possible loan losses exceeded transfer to the reserves and a ¥2.3 billion reverse profit was posted for credit costs (a ¥3.4 billion decrease on the year).

(5) Other operating profit(loss) & Extraordinary profit(loss)

- Other operating profit decreased ¥1.0 billion on the year, resulting in a ¥1.1 billion loss. Extraordinary profit also decreased ¥2.7 billion, resulting in a ¥0.7 billion loss. (Credit costs were excluded in both cases).
- However, both figures were almost at the same level as they were last year, except special factors including the change in retirement benefit system reported in the interim report of 2005.
- Asset impairment losses (¥0.5 billion) were posted mainly due to expenses for the planned relocation and renewal of branch offices.

2. Assets and liabilities

(1) Loans [Non-consolidated]

- Average balance increased ¥27.8 billion on the year to ¥5,143.9 billion (+0.5% annually. The balance excluding loans to the Japanese government also rose ¥164.8 billion on the year (+3.3% annually).
- While loans extended in the public sector decreased by ¥18.7 billion on the year, those in the retail segment including housing loans rose ¥89.8 billion (6.8% annually). Loans in general corporate segment also increased ¥93.7 billion (+3.0% annually). A main contributing factor was a growth in loans extended to small- and medium-sized enterprises.
- Term-end balance of the Fukuoka Prefecture area stood at ¥4,149.7 billion (¥27.6 billion up from March 2006, and ¥92.3 billion up from a year earlier). The balance of loans to small- and medium-sized enterprises stood at ¥3,795.6 billion (¥77.5 billion up from March 2006, and ¥236.1 billion from a year earlier), and its ratio to total loans was 72.8% (0.1% up from March 2006, and 3.9% up from a year earlier).

4. Capital adequacy ratio & Deferred tax assets [consolidated · non-consolidated]

- Due to double-gearing accompanying with the tie-up with Kumamoto Family Bank (66.6billion) and an increase in risk adjusted assets including loans (a ¥171.2 billion increase from March 2006), total capital ratio (consolidated) decreased 0.15% to 9.50%.
- Buoyed by retained earnings and the issuance of preferred securities, the Tier I ratio (consolidated) rose 0.85% from March 2006 to 7.62%.
- Due to a drop in deferred tax liabilities related to unrealized gains of securities, deferred tax assets (non-consolidated) rose ¥1.3 billion from March 2006. However the ratio to Tier I remained at a low level of 0.9%, and therefore the equity capital of the bank was of high quality.

7. Projections for FY2006 earnings

- Under the Mid-term Business Plan-Bank "Beyond Your Expectation" (Fiscal Years ended March 2007- March 2009), the bank aims to be a bank that goes beyond stakeholders' expectations. In order to achieve the goal, we will strive for aggressive business development by providing higher quality services and taking risks, while responding to changes in management environment.
- The following are the performance projections for FY2006, the first fiscal year under the "Mid-term Business Plan".

【Core business profit】

- It is expected that increases in operating assets including loans and business profit such as fees and commissions, as well as improved profit margins will bring in ¥60.0 billion core business profit.

【Ordinary profit】

- A decrease in credit costs being considered, initially projected ordinary profit is revised upward from ¥52.0 billion to ¥55.0 billion.

【Net income】

- The initial projection for net income is revised upward from ¥30.0 billion to ¥32.0 billion.

【Dividend】

- The annual dividend for FY 2006 is to be ¥9.0.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Years ended March 31, 2006 The Bank of Fukuoka, Ltd. and Its Consolidated Subsidiaries

1. Summary of Significant Accounting Policies**a. Basis of Presentation**

The accompanying consolidated financial statements of The Bank of Fukuoka, Ltd. ("the Bank") and consolidated subsidiaries are prepared in accordance with accounting principles generally accepted in Japan, which are different in certain respects as to application and disclosure requirements of International Financial Reporting Standards and are compiled from the consolidated financial statements prepared by the Bank as required under the Securities and Exchange Law of Japan.

Certain amounts in the prior year's financial statements have been reclassified to conform to the current year's presentation.

As permitted by the Securities and Exchange Law, amounts of less than one million yen have been omitted. As a result, the totals shown in the accompanying consolidated financial statements (both in yen and U.S. dollars) do not necessarily agree with the sums of the individual amounts.

b. Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Bank and all companies controlled directly or indirectly by the Bank. All significant intercompany balances and transactions have been eliminated in consolidation.

Affiliated companies over which the Bank exercises significant influence in terms of their operating and financial policies are accounted for by the equity method in the consolidated financial statements.

Differences between the cost and the underlying net equity at fair value of investments in subsidiaries at the date of acquisition are amortized over a period of 5 years on a straight-line basis.

c. Trading Assets and Liabilities

Trading account transactions are the transactions in which profit opportunities arise from the differences between different markets and short-term movements in rates and other indices, including interest rates, currency exchange rates, and dealing in marketable securities. These transactions are included in the consolidated financial statements as of the respective trading dates.

"Trading assets" and "Trading liabilities" are valued as follows: securities and monetary assets are valued at market price at the balance sheet date; swaps, futures, options and other derivative transactions are valued on the assumption that they were settled at the balance sheet date.

Gains and losses on specific transactions are recorded by adding or deducting differences between valuation gains or losses at the previous balance sheet date and those at the current balance sheet date to the interest earned or paid in the current year for securities, monetary assets, etc. With respect to derivatives, the differences between the gains and losses from assumed settlement at the previous balance sheet date and those at the current bal-

ance sheet date are added to or deducted from the interest earned or paid in the current year.

d. Securities

Held-to-maturity debt securities are stated at cost or amortized cost (straight-line method).

Other securities whose market value are available are stated at the market value at the fiscal year end (cost of securities sold is calculated using the moving average method), and other non-marketable securities are stated at cost or amortized cost computed by moving-average method.

Unrealized gains and losses on other securities are included in stockholders' equity, net of income taxes.

e. Derivative transactions

Derivatives for purposes other than trading are stated at market value.

f. Premises and Equipment

Depreciation for buildings and equipment of the Bank is computed using the declining-balance method at rates principally based on the following estimated useful lives:

Buildings	3 years to 50 years
Equipment and furniture	2 years to 20 years

The subsidiaries primarily use the same method.

Costs of computer software developed or obtained for internal use are capitalized and amortized using the straight-line method for the estimated useful life of 5 years.

g. Reserve for possible loan losses

The Reserve for Possible Loan Losses is maintained in accordance with internally established standards for write-offs and provisions:

- For credits extended to obligors that are legally bankrupt under the Bankruptcy Law, Special Liquidation in the Commercial Law or other similar laws ("Bankrupt Obligors"), and to obligors that are effectively in similar conditions ("Substantially Bankrupt Obligors"), reserves are maintained at 100% of amounts of claims, net of expected amounts from the disposal of collateral and/or the amounts recoverable under guarantees.
- For credits extended to obligors that are not yet legally or formally bankrupt but who are substantially bankrupt, reserves are maintained at the amount deemed necessary based on overall solvency analyses, on the amount of claims less expected amounts recoverable from the disposal of collateral and/or the amounts recoverable under guarantees.
- For credit extended to obligors that are not yet legally or formally bankrupt but who are substantially bankrupt or the obligors whose credit terms are rescheduled or reconditioned and exceed the certain threshold, the Discounted Cash Flow Method (the DCF Method) are applied if cash flows on repayment of principals and collection of interest of the loan can be reasonably estimated. The DCF Method requires that the difference between the cash flows discounted by the original interest rate and the carrying value of the loan be provided as a reserve for possible loan losses.
- For credits extended to other obligors, reserves are maintained at rates derived from default experiences for a certain period in the past, etc.
- Reserves for Possible Losses on Loans to Restructuring Countries are maintained in order to cover possible losses based on the analyses of political and economic climates of the countries.

All credits are assessed by each credit origination department, and the results of the assessments are verified and examined by the independent examination department. Reserves for Possible Losses on Loans are provided for on the basis of such verified assessments.

Reserve for loan losses in the consolidated subsidiaries are provided by the actual write off ratio, etc.

h. Reserve for employee retirement benefits

Reserve for employee retirement benefits, which is provided for the future pension payment to employees, is recorded at the amount accrued at the end of the fiscal year, based on the projected benefit obligation and the estimated pension plan asset amounts at the end of the current fiscal year. Prior service liabilities and actuarial gains or losses are amortized mainly as follows:

- Prior service liabilities are charged to operations as incurred.

- Actuarial gains or losses are recognized as income or expenses from the following fiscal year under the straight-line method over the average remaining service period of the current employees (10 years).

[Changes in Accounting Policies]

Effective the fiscal year ended March 31, 2006, the Bank adopted the "Partial Revision of the 'Accounting Standards for Employee Retirement Benefits' " (Business Accounting Standard No.3, March 16, 2005) and the "Guidelines on Implementation of the Partial Revision of the 'Accounting Standards for Employee Retirement Benefits' " (Guidelines on Implementation of Business Accounting Standard No.7, March 16, 2005).

The effect of this change on operations was to increase the income before income taxes and minority interests by ¥1,117 million.

[Additional Information]

With the implementation of the "Defined Contribution Pension Act," the Bank transferred a part of the lump-sum retirement benefit plans to the defined contribution pension plan, and the contributory pension plan and corporate pension plan to the defined benefit corporate pension plan in April, 2005, and, accordingly, the "Accounting Standards for Transfers in Employee Retirement Benefit Plans and Others" (Guidelines on Implementation of Business Accounting Standard No.1) has been applied. Due to this transfer, the income before income taxes and minority interests increased by ¥2,532 million.

i. Translation of assets and liabilities denominated in foreign currencies

Assets and liabilities denominated in foreign currencies are translated into Japanese yen at the exchange rates prevailing at the balance sheet dates.

j. Leases

Non cancelable lease transactions are accounted for as operating leases (whether such leases are classified as operating leases or finance leases), except that lease agreements which stipulate the transfer of ownership of the leased assets to the lessee are accounted for as finance leases.

k. Hedge accounting

① Hedge accounting for interest rate risks

For derivatives to hedge the interest rate risk associated with various financial assets and liabilities, the Bank applies the deferred method which is stipulated in "Accounting and Auditing Treatment of Accounting Standards for Financial Instruments in Banking Industry" (JICPA Industry Audit Committee Report No.24). The Bank assesses the effectiveness of such hedge for offsetting changes in interest rate, by classifying the hedge items (such as deposits and loans) and the hedging instruments (such as interest rate swaps) by their maturity. The Bank assesses the effectiveness of such

hedges for fixing cash flows by verifying the correlation between the hedged items and the hedging instruments.

② Hedge accounting for foreign exchange risks

The Bank applies the deferred method of hedge accounting for derivatives to hedge foreign exchange risks associated with various foreign currency denominated monetary assets and liabilities as stipulated in "Accounting and Auditing Concerning Accounting for Foreign Currency Transactions in Banking Industry" (JICPA Industry Audit Committee Report No.25). The effectiveness of the currency-swap transactions, exchange swap transactions and similar transactions hedging the foreign exchange risks of monetary assets and liabilities denominated in foreign currencies is assessed based on comparison of foreign currency position of the hedged monetary assets and liabilities and the hedging instruments.

Deferred hedges based on one-to-one hedges are applied to certain assets and liabilities of the Bank.

L. Income taxes

Deferred tax assets and liabilities are determined based on the differences between financial reporting and the tax bases of the assets and liabilities and are measured using the enacted tax rates and laws which will be in effect when the differences are expected to reverse.

M. Appropriation of retained earnings

Under the Commercial Code of Japan, the appropriation of retained earnings with respect to a given financial period is made by resolution of the stockholders at a general meeting held subsequent to the close of such financial period. The accounts for that period do not, therefore, reflect such appropriations. See Note 20.

N. Cash and cash equivalents

Cash and cash equivalents consist of cash and deposits with the Bank of Japan which are included in "Cash and due from banks" in the consolidated balance sheets.

2. U.S. Dollar Amounts

Amounts in U.S. dollars are included solely for the convenience of readers outside Japan. The rate of ¥117.47 = U.S.\$1, the approximate rate of exchange on March 31, 2006, has been used in translation. The inclusion of such amounts is not intended to imply that Japanese yen have been or could be readily converted, realized or settled in U.S. dollars at that rate or any other rate.

3. Securities

Securities at March 31, 2006 and 2005 were as follows:

	(Millions of yen)

Sales of securities classified as other securities amounted to ¥152,736 million with aggregate gain and loss of ¥2,011 million and ¥939 million, respectively, for the year ended March 31, 2006.

The redemption schedule for securities with maturity dates classified as other securities and securities classified as held-to-maturity securities at March 31, 2006 is summarized as follows:

	(Millions of yen)			
	1 year or less	More than 1 year but less than 5 years	More than 5 years but less than 10 years	More than 10 years
Bonds	¥ 140,916	¥ 671,485	¥ 239,075	¥ 176,611
Others	49,847	228,382	166,723	54,199
Total	¥ 190,763	¥ 899,867	¥ 405,798	¥ 230,810

The securities include ¥2,261 million of stock of affiliates.

As for the securities borrowing transaction, etc., that are permitted to sell or pledge without restrictions, no such securities was held in hand at March 31, 2006.

Information regarding marketable securities classified as other securities at March 31, 2005 is as follows:

	(Millions of yen)		
	Acquisition cost	Carrying value	Net unrealized gain
Listed securities:			
Stock	¥ 44,007	¥ 101,385	¥ 57,377
Bonds	1,008,162	1,018,048	9,886

Total	¥1,494,528	¥1,575,969	¥ 81,440

Sales of securities classified as other securities amounted to ¥188,306 million with aggregate gain and loss of ¥2,726 million and ¥852 million, respectively, for the year ended March 31, 2005.

The redemption schedule for securities with maturity dates classified as other securities and securities classified as held-to-maturity securities at March 31, 2005 is summarized as follows:

	(Millions of yen)			
	1 year or less	More than 1 year but less than 5 years	More than 5 years but less than 10 years	More than 10 years
Bonds	¥ 132,485	¥ 592,752	¥ 119,280	¥ 202,940
Others	48,501	225,201	134,673	30,367
Total	¥ 180,987	¥ 817,954	¥ 253,954	¥ 233,308

The securities include ¥1,751 million of stock of affiliates.

As for the securities borrowing transaction, etc. that are permitted to sell or pledge without restrictions, ¥750 million of securities are held in hand at March 31, 2005.

4. Loans and Bills Discounted

Loans and bills discounted at March 31, 2006 and 2005 included the following loans:

	(Millions of yen)	
	2006	2005
Loans to borrowers in bankruptcy	¥ 9,346	¥ 9,224
Delinquent loans	79,860	83,149
Loans past due for three months or more	379	247
Restructured loans	59,128	76,835
Total	¥ 148,714	¥ 169,457

Loans are generally placed on nonaccrual status when the ultimate collectibility of either the principal or interest becomes doubtful because payments have been in arrears for a certain period of time or due to other reasons. Loans to borrowers in bankruptcy represent nonaccrual loans to borrowers in legal bankruptcy as defined in the Corporation Tax Law. Delinquent loans represent nonaccrual loans other than loans to borrowers in bankruptcy and restructured loans.

Loans past due for three months or more represent loans on which payments of principal or interest have been in arrears for three months or more, but do not meet the criteria for loans to borrowers in bankruptcy and delinquent loans.

Restructured loans are loans which have been restructured to support the rehabilitation of certain borrowers who are encountering financial difficulties, with the intention of ensuring recovery of the loans by providing easier repayment terms for the borrowers (such as by reducing the rate of interest or by providing a grace period for the payment of principal/interest, etc.), and are not classified in any of the above categories.

Notes discounted are recorded as cash lending / borrowing transactions in accordance with "Accounting and auditing treat-

ments of the Application of Accounting Standards for Financial Instruments in the Banking Industry" (JICPA Industry Audit Committee, Report No.24). The Bank has a right to sell or collateralize such bills at the discretion of the Bank.

Total face value of commercial bills and bills of exchange acquired through discounting amounted to ¥69,737 million and ¥81,283 million at March 31, 2006 and 2005, respectively.

Line-of-credit agreements relating to overdrafts and loans are agreements which oblige the Bank to lend funds up to a certain limit agreed in advance. The Bank makes the loan upon the request of an obligor to draw down funds under such a loan agreement as long as there is no breach of the various terms and conditions stipulated in the relevant loan agreement. The unused line-of-credit balance relating to these overdrafts and loan agreements at March 31, 2006 and 2005 amounted to ¥1,936,365 million and ¥1,798,511 million, respectively. The amount related to overdrafts and loans with a term of one year or less or overdrafts and loans which permit unconditional cancellation at any time was ¥1,909,978 million at March 31, 2006.

As many of these contracts expire undrawn, the aggregate total of the undrawn amount does not necessarily affect the future cash flows of the Bank and its consolidated subsidiaries. Many of these contracts have stipulations that allow the Bank and its consolidated subsidiaries to turn down a loan request or reduce the amounts of the credit line if there is a change in financial conditions, a need to establish increased securities, or other similar reasons. In addition to obtaining necessary collateral (real estates, securities, etc.) at the time the commitment contract is entered into, the Bank and its consolidated subsidiaries assess the condition of the customer's business operations, and analyze other information, based on internal procedures and standards. If necessary, the contract is reviewed and revised, or additional steps are taken to secure the credit extended to the customer.

5. Foreign Exchange Assets and Liabilities

Foreign exchange assets and liabilities at March 31, 2006 and 2005 consisted of the followings:

	(Millions of yen)	
	2006	2005
Assets		
Due from foreign banks	¥ 902	¥ 981
Foreign exchange bills bought	1,006	1,020
Foreign exchange bills receivable	1,944	1,927
Total	¥ 3,853	¥ 3,930
Liabilities		
Foreign exchange bills sold	¥ 231	¥ 263
Foreign exchange bills payable	0	1
Total	¥ 231	¥ 265

6. Premises and Equipment

Land utilized for the Bank's business activities was revalued at March 31, 1998 on the basis prescribed in the Law Concerning the Revaluation of Land. The income tax effect on the difference between the book value and the revalued amount has been presented under liabilities as "Deferred tax liabilities on land valuation account" and the remaining balance has been presented under stockholders' equity as "Land revaluation account" in the accompanying consolidated balance sheets.

Accumulated depreciation for premises and equipment at March 31, 2006 and 2005 was ¥58,815 million and ¥63,609 million, respectively.

The accelerated depreciation entry for premises and equipment amounted to ¥7,605 million at March 31, 2006.

The difference between the recoverable amount and the book value of the following assets was recognized as Loss on Impairment of Fixed Assets in this fiscal term.

(Impairment losses of assets, assets group and assets type)

Area	Principal purposes of use	Type	Impairment losses (¥ million)
Fukuoka Prefecture	Operating assets (to be disposed of) 5 items	Land and Premises	3,084
	Idle assets, etc. 4 items		

The Bank has revalued the land used for the Bank's business activities on March 31, 1998 in accordance with the Law Concerning Land Revaluation. The operating assets (to be disposed of) and idle assets cited above, which were mainly included in the revaluated land, included impairment losses and they would not generate cash flows in future, and, accordingly, book values were reduced to the recoverable amounts, recognizing impairment losses of ¥3,804 million.

Impairment losses were included in extraordinary losses.

(Summary of assets group and the way of grouping)

Classification	Summary of group	Grouping
Shared assets	Assets related to all banking activities (Head office, Computer system center, Company houses and dormitories, ATM, etc.)	Assets related to all banking activity are grouping as grouped as a unit.
Operating assets	Business premises	As a rule, operating assets are grouped at the operation branch level. But in case of branches which are mutually complementary relations with regional core branches as branches focused on personal service and satellite office, grouped together. As for assets to be disposed of, each asset is grouped as a separate asset.
Idle assets	Branch premises, Vacant lots of branch premises and company houses	Each asset is grouped as a separate asset.
Consolidated subsidiaries		Each asset of subsidiaries are grouped.

(Recoverable amounts)

In the year ended March 31, 2006 the recoverable amount was calculated based on net realizable value. Net realizable value was calculated based on the real estate appraisal values, etc.

7. Pledged Assets

Assets pledged as collateral at March 31, 2006 and 2005 consisted of the follows:

	(Millions of yen)	
	2006	2005
Assets pledged as collateral		
Securities	¥ 649,603	¥ 446,477
Loans and bills discounted	—	50,000
Liabilities corresponding to assets pledged as collateral		
Deposits	¥ 38,719	¥ 38,534
Call money and bills sold	194,600	—
Payables under securities lending transactions	147,270	144,454

In addition, securities totaling ¥254,834 million and ¥233,052 million were pledged as collateral for settlement of exchange and other or as variation margin at March 31, 2006 and 2005, respectively.

Premises and equipment included ¥1,941 million of guarantee money and deposits. Other assets included ¥25 million of deposit for clearing house at March 31, 2006.

8. Borrowed money

Borrowed money at March 31, 2006 and 2005 included subordinated borrowings amounting to ¥44,000 million and ¥48,000 million, respectively.

9. Bonds payable and Bonds with stock subscription rights

Bonds payable at March 31, 2006 represented callable (subordinated) debenture bonds, payable in yen, due 2015. Interest rates of the bonds payable are set at 0.96% a year for the period from September 16, 2005 to September 15, 2010 and at the 6-month Euroyen LIBOR plus 1.83% after September 15, 2010.

Bonds with stock subscription rights at March 31, 2006 and 2005 represented unsecured 1.1% subordinated convertible bonds, payable in yen, due 2007, which, unless previously redeemed, are convertible at any time up to and including September 28, 2007 into shares of common stock of the Bank at the option of the holders at a conversion price of ¥449 per share. Under the provisions of the issue, the conversion price is subject to adjustments in certain cases which include stock splits.

10. Retirement benefit plans

The Bank and subsidiaries have defined benefit plans, i.e., corporate pension plans and lump-sum payment plans, covering substantially all employees who are entitled to lump-sum or annuity payments, the amounts of which are determined by reference to their basic rates of pay, length of service, and the conditions under which termination occurs.

According to the enactment of the Defined Benefit Pension Plan Law, the Bank obtained an approval by the Minister of Health, Labor and Welfare of exemption from the substitutional portion of its future pension obligations and past pension obligations, on August 1, 2003 and April 1, 2005, respectively.

On April 1, 2005, the Bank changed its employee retirement benefit plans, transferring a part of the lump-sum retirement benefit plans to the defined contribution pension plans, and the welfare pension fund plans to the defined benefit corporate pension plans (cash-balance plan).

The following table sets forth the funded and accrued status of the plans, and the amounts recognized in the consolidated balance sheets as of March 31, 2006 and 2005 for the Bank's and the subsidiaries' defined benefit plans:

	(Millions of yen)	
	2006	2005

Net liability recognized	13,068	3,051
Prepaid pension cost	13,480	3,865
Reserve for employees' retirement benefits	¥ (411)	¥ (813)

The components of retirement benefit expenses for the year ended March 31, 2006 and 2005 are outlined as follows:

	(Millions of yen)	
	2006	2005
Service cost	¥ 2,070	¥ 2,200
Interest cost	1,340	1,674
Expected return on plan assets	(2,499)	(2,205)
Expense for prior service cost	(1,117)	—
Expense for net actuarial loss	1,200	1,144
Retirement benefit expenses	¥ 944	¥ 2,814

The assumptions used in the accounting for the above plans were as follows:

	2006	2005
(a) Discount rate:	2.0%	2.0%
(b) Expected return on plan assets	3.5%	3.5%
(c) Allocation basis of expect retirement benefits	Fixed	Fixed
(d) Amortization basis of unrecognized prior service cost	Charged to operations as incurred	Charged to operations as incurred
(e) Amortization term of unrecognized net actuarial loss	10 years	10 years

11. Acceptances and Guarantees

All contingent liabilities arising from acceptances and guarantees are included in this account. As a contra account, "Customers' liabilities for acceptances and guarantees" is shown on the assets side, which represents the Bank's right of indemnity from the applicants.

12. Net unrealized gains on securities

Net unrealized gains on securities at March 31, 2006 and 2005 consisted of the followings:

	(Millions of yen)	
	2006	2005
Gross unrealized gains on securities classified as other securities	¥ 72,201	¥ 81,440

Other	(7)	(38)
Total	(38,560)	(42,578)
Net deferred tax assets	¥ 5,342	¥ 13,215

With the implementation of the "Revision of the Local Tax Law" (Legislation No.9, 2003) on March 31, 2003, a part of the tax basis of enterprise taxes comprises "amount of added value" and "amount of capital" from the fiscal year commenced on April 1, 2004. As a result, enterprise taxes that are calculated based on "amount of added value" and "amount of capital" are included in "General and administrative expenses" from the fiscal year ended March 31, 2005 pursuant to "Practical Treatment for Presentation of External Based-Corporate Enterprise Taxes in the Statement of Income" (Accounting Standards Board, Practical Solution Report No.12).

14. Net Income per Share

Net income per share for the years ended March 31, 2006 and 2005 was as follows:

	(yen)	
	2006	2005
Net income per share:		
Basic	¥ 48.76	¥ 42.23
Diluted	43.63	36.62

Basic income per share is computed based on the weighted average number of shares of common stock outstanding during the year.

Diluted net income per share is computed based on the weighted average number of shares of common stock outstanding each year after giving effect to the diluted potential of common shares to be issued upon conversion of the convertible bonds.

15. Supplementary Cash Flow Information

Reconciliation of cash and cash equivalents

The reconciliation of cash and due from banks in the consolidated balance sheets to cash and cash equivalents in the consolidated statements of cash flows at March 31, 2006 and 2005 were as follows:

Cash and cash equivalents	¥ 332,564	¥ 264,302

16. Leases

Lessees' Accounting

The following pro forma amounts represent the acquisition costs, accumulated depreciation and net book value of leased assets as of March 31, 2006 and 2005, which would have been reflected in the consolidated balance sheet if finance lease accounting had been applied to the finance lease transactions currently accounted for as operating leases:

	(Millions of yen)	
	2006	2005
Equipment:		
Acquisition costs	¥ 12,317	¥ 15,499

Report of Independent Auditors**The Board of Directors
The Bank of Fukuoka, Ltd.**

We have audited the accompanying consolidated balance sheets of The Bank of Fukuoka, Ltd. and consolidated subsidiaries as of March 31, 2005 and 2006, and the related consolidated statements of income, stockholders' equity, and cash flows for the years then ended, all expressed in yen. These financial statements are the responsibility of the Bank's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of The Bank of Fukuoka, Ltd. and consolidated subsidiaries at March 31, 2005 and 2006, and the consolidated results of their operations and their cash flows for the years then ended in conformity with accounting principles generally accepted in Japan.

The U.S. dollar amounts in the accompanying consolidated financial statements with respect to the year ended March 31, 2006 are presented solely for convenience. Our audit also included the translation of yen amounts into U.S. dollar amounts and, in our opinion, such translation has been made on the basis described in Note 2 to the consolidated financial statements.

Additional information

As described in Note 1. h to the consolidated financial statements, the Bank adopted the "Partial Revision of the Accounting Standards for Employee Retirement Benefits" in the year ended March 31, 2006.

As described in Note 20. 2 to the consolidated financial statements, on May 12, 2006, the Bank entered into a basic agreement with the Kumamoto Family Bank, Ltd. that the two banks would pursue a business and capital alliance and start discussion for future integration of management which includes formation of a joint holding company.

As described in Note 20. 3 to the consolidated financial statements, upon the resolution of the Board of Directors meeting held on June 9, 2006, the Bank issued the second callable subordinated debenture bonds on June 27, 2006.

NOTES TO NON-CONSOLIDATED FINANCIAL STATEMENTS

Year ended March 31, 2005 The Bank of Fukuoka, Ltd.

1. Summary of Significant Accounting Policies

a. Basis of Presentation

The accompanying non-consolidated financial statements of The Bank of Fukuoka, Ltd. ("the Bank") are prepared in accordance with accounting principles generally accepted in Japan, which are different in certain respects as to application and disclosure requirements of International Financial Reporting Standards and are compiled from the non-consolidated financial statements prepared by the Bank as required under the Securities and Exchange Law of Japan.

Certain amounts in the prior year's financial statements have been reclassified to conform to the current year's presentation.

As permitted by the Securities and Exchange Law, amounts of less than one million yen have been omitted. As a result, the totals shown in the accompanying non-consolidated financial statements (both in yen and U.S. dollars) do not necessarily agree with the sums of the individual amounts.

b. Accounting Policies

The accompanying non-consolidated financial statements of the Bank have been prepared on the basis of the same accounting policies as those discussed in Note 1 to the consolidated financial statements. Accordingly, the accompanying non-consolidated financial statements should be read in conjunction with Notes to Consolidated Financial Statements.

2. U.S. Dollar Amounts

Amounts in U.S. dollars are included solely for the convenience of readers outside Japan. The rate of ¥117.47 = U.S.\$1, the approximate rate of exchange on March 31, 2006, has been used in translation. The inclusion of such amounts is not intended to imply that Japanese yen have been or could be readily converted, realized or settled in U.S. dollars at that rate or any other rate.

Report of Independent Auditors**The Board of Directors
The Bank of Fukuoka, Ltd.**

We have audited the accompanying non-consolidated balance sheets of The Bank of Fukuoka, Ltd. as of March 31, 2005 and 2006, and the related non-consolidated statements of income and retained earnings for the years then ended, all expressed in yen. These financial statements are the responsibility of the Bank's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the non-consolidated financial position of The Bank of Fukuoka, Ltd. at March 31, 2005 and 2006, and the results of its operations for the years then ended in conformity with accounting principles generally accepted in Japan.

The U.S. dollar amounts in the accompanying non-consolidated financial statements with respect to the year ended March 31, 2006 are presented solely for convenience. Our audit also included the translation of yen amounts into U.S. dollar amounts and, in our opinion, such translation has been made on the basis described in Note 2 to the non-consolidated financial statements.

Additional information

The Bank adopted the "Partial Revision of the 'Accounting Standards for Employee Retirement Benefits' " in the year ended March 31, 2006.

As described in Note 21. 2 to the non-consolidated financial statements, on May 12, 2006, the Bank entered into a basic agreement with the Kumamoto Family Bank, Ltd. that the two banks would pursue a business and capital alliance and start discussion for future integration of management which includes formation of a joint holding company.

As described in Note 21. 3 to the non-consolidated financial statements, upon the resolution of the Board of Directors meeting held on June 9, 2006, the Bank issued the second callable subordinated debenture bonds on June 27, 2006.
