COMMENTS ON PRESS ARTICLES

Nicosia, 27 November 2006

Responding to certain press articles published in the Greek and Cypriot press, the Bank of Cyprus Group states that:

There is frequent cooperation between the Bank of Cyprus Group and international investment houses aiming at obtaining their advice and evaluation of all the parameters and the strategic steps which the Group may be examining. The Group has not instructed any international investment house to prepare a specialised study on the subject of a possible cooperation with Bank of Piraeus.

It has been repetitively stated in the past that the Group's priority is its dynamic expansion in Cyprus and Greece. The Group's very good results both in terms of growth and profitability are well known, as are the Group's prospects regarding its imminent expansion to Romania and particularly Russia.

At the same time, it has been stressed that, the Group reviews the developments in all these markets and each step for cooperation or expansion is evaluated based on safeguarding the shareholders' interests.

The articles published from time to time in the Cypriot and Greek press may portray the wrong impression regarding developments. According to its policy, the Group informs the investing public with transparency and clarity on all important matters.

DECISIONS OF THE BOARD OF DIRECTORS

Nicosia, 13 December 2006

At its meeting held today, the Board of Directors of Bank of Cyprus examined the Bank of Cyprus Group direction as well as strategic issues and noted the following:

The successful execution of Bank of Cyprus' strategy has resulted in impressive profitability increases during the past two years, delivering excellent returns to shareholders. Bank of Cyprus today enjoys strong profitability and capital base and is in a position to take advantage of:

- a) the opportunities afforded by its leading position in the Cyprus banking market,
 - b) its growing presence in the Greek banking sector, and
 - c) the growth opportunities offered by Cyprus' position as an international financial center, in particular for corporates from Eastern Europe,
- for the benefit of its shareholders.

In recognition of these prospects two international investment houses have recently included the Bank of Cyprus share in their top investment choices for 2007.

Additionally, the Board of Directors examined the letter of Bank of Piraeus for a meeting between the two banks as well as statements to the media by officers of Bank of Piraeus for cooperation.

Having considered that the said letter does not refer to any particular proposal for cooperation, the Board of Directors unanimously decided that there is no reason for the proposed meeting.

The Board of Directors reiterates its stance that it will duly examine any specific and comprehensive proposal in the interest of its shareholders as a whole as well as its staff, customers and the economy of Cyprus in general.

Founded in 1899, the Bank of Cyprus Group is the leading Cypriot banking and financial services group. DECISION OF THE BOARD OF DIRECTORS OF BANK OF CYPRUS REGARDING PIRAEUS BANK'S PROPOSAL

Nicosia, 20 December 2006

At its meeting held today, the Board of Directors of Bank of Cyprus examined the proposal of Piraeus Bank and unanimously decided to reject it. The Board's decision has been communicated to Piraeus Bank.

Contrary to Piraeus Bank's stated intentions to date for a collaboration of equals, the proposal essentially provides for the acquisition and absorption of Bank of Cyprus by Piraeus Bank. The consideration of the proposal fails to reflect Bank of Cyprus' strong profitability and significant growth prospects.

The proposal of Piraeus Bank provides for a consideration of €2,00 in cash and 0,36 shares of Piraeus Bank for each Bank of Cyprus share. The proposed consideration represents a total value of €10,63 per Bank of Cyprus share based on the closing price of Piraeus Bank on the Athens Stock Exchange on 19 December 2006.

The Board of Directors which convened in the presence of its external advisors concluded that Piraeus Bank's proposal does not reflect the true value of Bank of Cyprus' share as it is at the level of the current market price of Bank of Cyprus shares and is significantly below the target prices assigned to Bank of Cyprus' share by the research departments of international investment houses. In addition the proposal does not incorporate a premium as is customary in this type of transaction.

The Board of Directors of Bank of Cyprus appreciates the interest of Piraeus Bank, but concludes that the proposal is not in the best interest of its shareholders.

The Board of Directors of Bank of Cyprus expressed its full confidence in the strategy followed which has already resulted in impressive profitability increase and has created prospects for further significant growth for the Bank of Cyprus Group.

Founded in 1899, the Bank of Cyprus Group is the leading Cypriot banking and financial services group. In 1991, the Group established its first branch in Greece where it has been expanding rapidly since 1999.
