Trading Update

In line with its regular practice, Cobham plc ("Cobham" or "the Group") is today updating the market on trading prior to its 31 December 2006 year end and ahead of its preliminary results announcement on 15 March 2007.

The overall trading performance of the Group in the year to date remains consistent with expectations and prior guidance, despite currency headwind in the second half. For 2007 Cobham's expected transaction exposure has been hedged at a rate broadly equivalent to the effective rate in 2006.

As discussed at the time of the interim results, Cobham Air Refuelling and Auxiliary Mission Equipment and Cobham Defence Electronic Systems have continued to perform in line with the trends reported for the first six months. Looking forward, these divisions are expected to revert towards their medium term growth trends over time.

The Group has continued to make good progress on the implementation of the Strategic Review. In the second half of 2006, it has exited from two further businesses - Chelton Applied Composites in Sweden and Chelton Aviation in Texas. It is currently anticipated that the cumulative exceptional net profit on disposals, since the announcement of the Strategic Review in September 2005, will be around £20m. This is expected to fund total exceptional restructuring costs, which are anticipated in 2007 and beyond, as progress in restructuring the portfolio accelerates.

The Board is confident that Cobham's strong order book of approximately £1.6bn, robust balance sheet and the further encouraging progress on implementation of its strategy, will serve to position it well in rapidly growing markets and enhance its future growth prospects.
