CI Financial reports record assets for November CI Investments named Fund Company of the Year

TORONTO (December 1, 2006) – CI Financial Income Fund (“CI”) reported today that its assets reached record levels for a second consecutive month. During November, assets under management increased 2.4% or \$1.4 billion to \$61.6 billion, and fee-earning assets increased 1.9% or \$1.5 billion to \$79.8 billion.

“Our assets under management have increased by \$3.3 billion in the last two months, making it one of the strongest periods of asset growth CI has experienced,” said Stephen A. MacPhail, President and Chief Operating Officer.

CI’s assets under management at November 30, 2006, consisted of investment fund assets at CI Investments Inc. and United Financial Corporation of \$60.5 billion and structured products/closed-end funds of \$1.0 billion. CI’s administered/other assets of \$18.3 billion included institutional assets at Trilogy Global Advisors, LLC, which generate fees for CI, and \$16.6 billion in assets under administration at Assante Wealth Management (Canada) Ltd. and IQON Financial Management Inc. (net of assets under management at United Financial), which generate fees for those companies.

For November, CI had gross sales of \$803 million and net redemptions of \$213 million. Approximately \$260 million in redemptions resulted from unrelated transactions by four institutional investors, including \$129 million in redemptions stemming from rebalancing within a particular institutional program.

“Our retail fund flows continue to be very strong, thanks to the diversity and the strength of our broad-based lineup,” Mr. MacPhail noted.

CI and its funds continue to receive industry recognition for their quality. At the 2006 Canadian Investment Awards gala on November 30, CI Investments was the winner of the prestigious Analysts’ Choice Fund Company of the Year award. The award is based on the following criteria: performance, management, breadth of core fund category representation, community investment, service to industry, investor and advisor education, volatility/risk, fund governance, and communication to unitholders. This marks the second year in a row CI Investments has won Fund Company of the Year, as it was named Advisors’ Choice Favourite Investment Fund Company of the Year in 2005.

CI Investments also won awards this year in two fund categories. CI American Value won the Best U.S. Equity Pooled Fund award for the second consecutive year, and Harbour Growth & Income Fund was named Best Canadian Balanced Fund.

Harbour Growth & Income Fund, managed by Gerry Coleman of the Harbour Advisors team, is noted for its consistently strong risk-adjusted returns and has a first-quartile track record over the three and five-year periods ending October 31, 2006. CI American Value is managed by William Priest and David Pearl of Epoch Investment Partners Inc. of New York and has also produced first-quartile returns over three and five years.

In addition, Morningstar Canada announced in November that CI Investments continued to lead the industry for five-star funds, with 48 mutual and segregated funds having the top rating at October 31, 2006.

Mr. MacPhail also noted that CI's monthly distribution will increase to \$0.18 per trust unit of CI and exchangeable limited partnership unit of Canadian International LP beginning with the January 15, 2007 payment. The distribution increase was previously announced on November 9, 2006.

Additional information about CI's sales, assets and financial position can be found below in the tables of preliminary statistics and at www.ci.com/cix in the Statistics section.

EBITDA (earnings before interest, taxes, depreciation and amortization) is a non-GAAP (generally accepted accounting principles) earnings measure that does not have any standardized meaning prescribed by GAAP. It is therefore unlikely to be comparable to similar measures presented by other companies. However, management believes that most shareholders, creditors, other stakeholders and investment analysts prefer to include the use of this performance measure in analyzing CI's results.

This press release contains forward-looking statements with respect to CI and its products and services, including its business operations and strategy and financial performance and condition. Although management believes that the expectations reflected in such forward-looking statements are reasonable, such statements involve risks and uncertainties. Actual results may differ materially from those expressed or implied by such forward-looking statements. Factors that could cause actual results to differ materially from expectations include, among other things, general economic and market factors, including interest rates, business competition, changes in government regulations or in tax laws, and other factors discussed in materials filed with applicable securities regulatory authorities from time to time.
