## RCS-Surfcontrol PLC Launch of On-Demand in India

RNS Number:8938U  
Surfcontrol PLC  
16 April 2007

SurfControl plc  
("SurfControl" or "the Company")

SurfControl On-Demand Security Launched in India  
Indian Reseller Roadshow to Introduce SurfControl MailControl and WebDefense

SurfControl (London: SRF.L), the leading provider of global on-demand, network and endpoint IT security solutions, announces the launch of its on-demand email and web filtering services, MailControl and WebDefense, in India. The launch completes SurfControl's portfolio of on-demand, network and endpoint IT security solutions in the region.

The MailControl and WebDefense services provide 'in the cloud' protection against unwanted and malicious content entering the network.

SurfControl's Vice President Sales for Asia Pacific, David Lenz, said Indian businesses were facing increasing volumes of spam. "By filtering 'in the cloud', spam and other unwanted content is prevented from entering the network, reducing bandwidth costs as well as the productivity strain on the corporate IT team," Lenz said.

SurfControl MailControl captures over 99% of spam and holds Premium Anti-Spam certification from West Coast Labs.

SurfControl is supporting the launch with training for value added resellers in Delhi, Mumbai and Bangalore during April. The training will be provided by distributor Foresight Software Solutions and cover service features and sales tools for the region.

Lenz will travel to India to personally oversee the training along with on-demand product specialists from SurfControl. The sessions follow on from a series of SurfControl reseller seminars held in India late last year.

Director of Foresight Software Solutions, Mukund Katarak, said the initial response from the reseller network was promising. "Resellers are very excited about the on-demand service because it fills a niche in the market. SurfControl's service is a step up from the hosted mail servers currently available," he said. "India and South East Asia are integral to SurfControl's growth strategy. By supporting our resellers, we are positioning our new on-demand services for strong growth in the region," he added.
