SUPPL

Dear Sir,

Subject: Drilling Result of Exploration Well, Te Giac Cam (TGC-1X), Vietnam 16-1 Project

Reference is made to PTTEP Hoang Long Company Limited, a subsidiary of PTT Exploration and Production Public Company Limited (PTTEP), which has a 28.5% participation interest in the Vietnam 16-1 project, and the other partners, consisting of Petrovietnam Exploration and Production Company, SOCO Vietnam Limited and OPECO Vietnam Limited with 41%, 28.5% and 2% interests respectively.

PTTEP would like to report that the exploration well TGC-1X, which was spudded on March 16, 2007, was drilled to a total depth of 4,196 meters. The well encountered some oil and gas shows. The examination of the well and logging data indicated that it was not sufficiently encouraging for the well to be tested and the well was deemed non-commercial.

Yours sincerely,

Maroot Mrigadat
President
