## **CI Financial reports record asset levels for March**

TORONTO (April 2, 2007) – CI Financial Income Fund (“CI”) today reported record assets under management of \$64.6 billion and record fee-earning assets of \$84.3 billion at March 31, 2007. CI posted gross sales of \$1.1 billion and net sales of \$309 million during the month.

CI Investments Inc. had gross sales of \$945 million and net sales of \$280 million in March, comprised of \$241 million in net sales of long-term funds and \$39 million of money market funds. United Financial Corporation had gross sales of \$196 million and net sales of \$29 million.

CI’s assets under management at March 31, 2007 consisted of investment fund assets at CI Investments and United Financial of \$63.6 billion and structured products/closed-end funds of \$928 million. CI’s administered/other assets of \$19.7 billion included institutional assets at Trilogy Global Advisors, LLC, which generate fees for CI, and \$17.8 billion in assets under administration at Assante Wealth Management (Canada) Ltd. and IQON Financial Inc. (net of assets under management at United Financial), which generate fees for those companies.

For the year-to-date, CI had gross sales of \$3.5 billion and net sales of \$914 million. Average assets under management for the three months were \$63.7 billion, up \$3.1 billion or 5.0% from the previous quarter.

“This was a terrific quarter for CI,” said Stephen A. MacPhail, President and Chief Operating Officer. “With average assets rising 5% from the record-setting prior quarter and net sales of over \$900 million, fiscal 2007 is off to a great start. Given that our assets under management at March 31 are up 1.4% from the average for the quarter, we are well positioned to benefit from stable to rising financial markets.”

Also in March, Morningstar Canada announced that CI Investments continued to lead the industry with 41 mutual and segregated funds holding the top five-star rating at February 28, 2007.

Additional information about CI’s sales, assets and financial position can be found below in the tables of preliminary statistics and at [www.ci.com/cix](http://www.ci.com/cix) in the Statistics section.

### **CI Financial implements new standards for independent review committees**

TORONTO (April 3, 2007) – CI Financial Income Fund (“CI”) announced today that its subsidiaries CI Investments Inc. and United Financial Corporation are fully compliant with national securities regulations requiring independent review committees for public investment funds.

CI’s Board of Governors has taken the final steps to implement National Instrument 81-107, Independent Review Committee for Investment Funds (“NI 81-107”), effective April 2, 2007.

CI’s Board of Governors was established in 1998 to provide independent oversight and impartial judgment on conflicts of interest involving CI’s investment funds. The Board provides recommendations to CI Investments and United Financial as to how such conflicts can be resolved with a view to the best interests of investors in the funds.

CI’s Board of Governors has followed the general principles set out in NI 81-107 since Canadian securities regulators proposed the policy in early 2004. Relatively minor recent changes to the Board’s mandate were required to bring the Board into full compliance with NI 81-107.

“The Board of Governors is an important part of the wide-ranging policies and procedures we have put in place to ensure the good governance of our funds,” said Stephen A. MacPhail, President and Chief Operating Officer. “The Governors are experienced in business and finance and familiar with our operations and will continue to be effective advocates for investors under the new mandate.”

CI’s Board of Governors is comprised of four members, all of whom are independent of CI and its affiliates. Their tenures on the Board range from 21 months to over five years. The Governors are:

- William Harding, Managing Partner, Alpine Asset Advisors AG;
- Stuart P. Hensman, Corporate Director;
- Stephen T. Moore, Managing Director, Newhaven Asset Management Inc.;
- Sharon M. Ranson, President, The Ranson Group.

### **Sun Life Financial and CI Investments launch SunWise Elite Plus guaranteed retirement income product**

TORONTO (April 16, 2007) – Sun Life Financial (TSX/NYSE: SLF) and CI Investments Inc. today announced the launch of SunWise Elite Plus, an innovative new product that redefines retirement planning.

SunWise Elite Plus offers a Guaranteed Minimum Withdrawal Benefit (GMWB), providing investors with guaranteed, sustainable income during retirement, along with the potential for the guaranteed income to grow. SunWise Elite Plus policies are issued by Sun Life Assurance Company of Canada and managed by CI Investments. Sun Life Assurance Company of Canada is a member of the Sun Life Financial group of companies.

“At Sun Life Financial, we understand the changing retirement needs of Canadians,” said Kevin Dougherty, President, Sun Life Financial Canada. “That’s why we’re pleased to partner with CI Investments to bring SunWise Elite Plus to the marketplace – a product that offers Canadians guaranteed retirement income with the potential for continued growth.”

“SunWise Elite Plus provides a powerful combination of benefits that few other investments can match,” said Peter W. Anderson, Chief Executive Officer, CI Investments. “It allows investors and their advisors to meet the unique challenges of retirement planning and tailor an investment plan that will meet their needs and provide peace of mind.”

According to Statistics Canada, more than 3.6 million Canadians will reach age 65 over the next decade. As they retire, Canadians will face a new set of financial risks that include outliving their assets, keeping up with inflation and managing the impact of market fluctuations on their hard-earned savings.

To mitigate these risks, SunWise Elite Plus offers the Guaranteed Minimum Withdrawal Benefit, an optional rider that can be added to both new and existing SunWise Elite contracts, with a minimum investment per policy of \$25,000. This allows investors to plan for and enjoy a predictable, sustainable, tax-efficient, guaranteed income while providing for growth through investment of up to 90 per cent of the portfolio in equity funds. While this guarantee protects investors in down markets, it remains valuable even if the markets perform well, because gains can be locked in through automatic resets every three years.

The Guaranteed Minimum Withdrawal Benefit also provides for growth in the period before retirement. Investors receive a five per cent bonus to their guaranteed income benefits for every year they do not make a withdrawal in the first 10 years following the initial deposit to the GMWB rider. This means if no withdrawals are taken in the first 10 years, investors can start retirement with a guaranteed income that is 50 per cent larger, regardless of the performance of their portfolio.

### **La Financière Sun Life et Placements CI lancent le produit de revenu de retraite garanti SunWise Elite Plus**

TORONTO (le 16 Avril 2007) – La Financière Sun Life (TSX/NYSE: SLF) et CI Investments Inc. ont annoncé aujourd'hui le lancement de SunWise Elite Plus, un nouveau produit innovateur qui redéfinit la planification de la retraite.

SunWise Elite Plus offre une prestation de retrait minimum garanti (PRMG), procurant aux investisseurs un revenu continu et garanti pendant la retraite, en plus de la possibilité que le revenu garanti connaisse une croissance. Les polices SunWise Elite Plus sont émises par la Sun Life du Canada, compagnie d'assurance-vie et sont gérées par Placements CI. La Sun Life du Canada, compagnie d'assurance-vie, est membre du groupe de sociétés de la Financière Sun Life.

« À la Financière Sun Life, nous comprenons que les besoins des Canadiens au chapitre de la retraite ne cessent de changer », de dire Kevin Dougherty, président de la Financière Sun Life Canada. « C'est pourquoi, en partenariat avec Placements CI, nous sommes heureux d'offrir la SunWise Elite Plus, un produit qui procure aux Canadiens un revenu de retraite garanti et le potentiel d'une croissance soutenue. »

« SunWise Elite Plus procure une solide combinaison d'avantages que très peu d'autres placements peuvent offrir », a déclaré Peter W. Anderson, chef de la direction à Placements CI. « Il permet aux investisseurs et à leurs conseillers de répondre au défi unique que représente la planification de la retraite, et de bâtir un plan de retraite qui répondra à leurs besoins et qui leur procurera la tranquillité d'esprit ».

Selon Statistique Canada, plus de 3,6 millions de Canadiens atteindront 65 ans au cours de la prochaine décennie. Au moment de leur retraite, les Canadiens feront face à une nouvelle gamme de risques, qui sont les suivants : vivre plus longtemps que leurs ressources, garder le pas avec l'inflation et gérer l'impact des fluctuations de marché sur leurs épargnes durement accumulées.

Dans le but de mitiger ces risques, SunWise Elite Plus offre la prestation de retrait minimum garanti, un avenant facultatif qui peut être ajouté aux deux contrats SunWise Elite existants, avec un placement minimal de 25 000 \$ par police. Ceci permet aux investisseurs de prévoir et de profiter d'un revenu prévisible, continu, fiscalement avantageux et garanti, tout en connaissant une croissance par le biais du placement pouvant aller jusqu'à 90 % du portefeuille de fonds d'actions. Bien que cette garantie protège les investisseurs lors de marchés baissiers, elle demeure pratique lorsque les marchés enregistrent de bons rendements, car les gains peuvent être immobilisés par l'entremise de réajustements automatiques tous les trois ans.

La prestation de retrait minimum garanti procure également de la croissance pendant la préretraite. Les investisseurs reçoivent une prime de 5 % de leurs prestations de revenu garanti pour toutes les années au cours desquelles ils n'effectuent aucun retrait dans le cadre des 10 premières années suivant le dépôt initial à l'avenant de la PRMG. Ceci signifie que, si aucun retrait n'est effectué au cours des 10 premières années, les investisseurs peuvent commencer leur retraite avec un revenu garanti 50 % plus important, peu importe la performance de leur portefeuille.

Le lancement de SunWise Elite Plus comprend l'introduction d'un nouvel avenant du réajustement automatique annuel de la prestation de décès de 4 %, conçu pour les investisseurs qui cherchent à optimiser le versement à leurs bénéficiaires, et l'ajout de huit nouveaux fonds distincts.

# Communiqué

La gamme de SunWise Elite Plus comprend maintenant 47 fonds distincts, diversifiés par régions, catégories d'actifs, styles de placement et gestionnaires de portefeuille. La gamme comprend des équipes de gestion de placement de plusieurs sociétés de fonds de premier ordre, dont CI, AIM Trimark, Dynamic Funds, Fidelity Investments, Mackenzie Financial, RBC Investments et TD Asset Management. La gamme comprend également la Série Portefeuilles CI, qui permet aux investisseurs d'investir dans un portefeuille diversifié qui correspond à leurs objectifs de placement, tout en achetant et en suivant un seul fonds.
