OFFICE OF THE REGISTRAR
OF COMPANIES

William Hill PLC - Exec Bonus Matching Scheme

RNS Number:4027W
William Hill PLC
10 May 2007

William Hill plc

Revisions to the proposed William Hill Executive Bonus Matching Scheme

The circular to shareholders dated 4 April 2007 accompanying the Notice of Annual General Meeting (the Circular) summarised the terms of a new executive share plan, the William Hill Executive Bonus Matching Scheme (the EBMS). The Circular was sent to all shareholders and a copy is available on the William Hill PLC (The Company) website.

Following further consultation with institutional shareholders and their representatives, the Company's Remuneration Committee wishes to revise the performance conditions applicable to the vesting of conditional matching share awards (Matching Shares) under the EBMS in the manner described below. It has been decided that it would be preferable to rebalance the performance conditions applicable to the vesting of the Matching Shares to include both earnings per share (EPS) and total shareholder return (TSR).

It was explained in the Circular that the vesting of Matching Shares would be subject to satisfaction of a performance condition relating to the Company's EPS performance over three consecutive financial years, commencing with the financial year in which the Matching Shares are granted.

As a result of further consultation, the performance conditions applicable to grants to the Company's executive directors have been revised as follows:

(i) an EPS growth target will now only apply to half of the Matching Shares (the EPS Element). As explained in the Circular, for awards granted in 2007, at threshold performance (EPS growth of CPI plus 3% per annum) 50% of the EPS Element will vest; at maximum performance (EPS growth of CPI plus 9% per annum) 100% of the EPS Element will vest; the EPS Element will vest on a straight-line basis between threshold and maximum performance. It is anticipated that the same levels of EPS growth will apply to the EPS Element of Matching Shares granted in 2008 and 2009. However if, at the time of granting those awards, the Remuneration Committee considers that these levels are inappropriate, it may adjust the levels of EPS growth required for the EPS Element of that year's award. In this event, any proposed adjustment would be explained to shareholders and disclosed in the Directors' Remuneration Report; and

(ii) the vesting of the remaining half of the Matching Shares will relate to the Company's TSR performance over the three year performance period (the TSR Element). The Company's TSR performance will be assessed relative to a basket of around 29 selected companies from the FTSE Leisure and Retail Sectors. 25% of the TSR Element will vest at median TSR performance and 100 per cent of the TSR Element will vest at upper quartile TSR performance. The TSR Element will vest on a straight-line basis between median and upper quartile TSR performance. Further information on the comparator companies will be set out in our Directors' Remuneration Report.

As explained in the Circular, the EBMS is designed to align performance and reward more effectively with the Company's bonus strategy and market expectations during the current period of change in the Company's sector. Accordingly, the Remuneration Committee intends to review the overall operation of the EBMS, including the EPS growth performance scale, before the 2010 awards are made.

account of these revisions in reaching their voting decision in relation to the resolution seeking approval for the EBMS (resolution 8).

WILLIAM HILL PLC

TRADING STATEMENT

William Hill PLC ('the Group') will provide the following trading update on the 19 week period ended 8th May ('the period') at its AGM to be held later today.

Group gross win for the period increased by 5.8% on the corresponding period last year. Trading comparatives are more challenging for the more recent weeks due to the favourable sporting results experienced in the second quarter of 2006. The Group has however fully absorbed the impact of Amusement Machine Licence Duty, imposed on August 1st 2006, in its trading performance to date.

At this early point in the year, the board remains comfortable with consensus estimates for the full year out-turn.
